EFFICACY AND MECHANISM EVALUATION PROGRAMME – RESEARCHER-LED WORKSTREAM: 17/145
Department of Health and Social Care including NIHR

This supports studies evaluating interventions that have the potential to make a step-change in the promotion of health, treatment of disease and improvement of rehabilitation or long-term care. There are no fixed limits on the duration of projects or funding.

Closing date: 27 Mar 18
Link to *Research Professional

STRATEGIC ALLIANCES FOR MEDICATIONS DEVELOPMENT TO TREAT SUBSTANCE USE DISORDERS (R01 CLINICAL TRIAL OPTIONAL)
NIH: National Institute on Drug Abuse

This supports research that advances compounds towards Federal Drug Administration approval by leveraging National Institute on Drug Abuse funds with the strengths and resources of outside organisations, such as for-profit and not-for-profit entities. Application budgets are worth up to USD 3 million per year for maximum period of three years.

Closing date: 27 Mar 18
Link to *Research Professional

RAND OPPORTUNITY IN MEDICATIONS DEVELOPMENT FOR SUBSTANCE-USE DISORDERS (U01 CLINICAL TRIAL OPTIONAL)
NIH: National Institute on Drug Abuse

This aims to accelerate the development of medication for the treatment of substance-use disorders by encouraging research applications to support a diverse array of preclinical and clinical research projects. Two to three awards per year, each worth up to USD 5 million per year, are available. The maximum project period is three years.

Closing date: 27 Mar 18
Link to *Research Professional

2020-INNOSUP-2018 FOR A BETTER INNOVATION SUPPORT TO SMES, TWO STAGE – TOPIC 6
Horizon 2020: Industrial Leadership

This supports projects that develop the ecosystem of innovation support to SMEs in Europe and provide opportunities to member states and regions to enhance their services through collaboration and peer-learning. The indicative budget for this call is €4 million. Grants are worth up to €500,000 each.

Closing date: 27 Mar 18
Link to *Research Professional
EFFICACY AND MECHANISM EVALUATION PROGRAMME – COMMISSIONED CALLS FOR PROPOSALS: 17/142, 17/143, 17/144, 17/146
Department of Health and Social Care including NIHR

This supports translational research evaluating a wide range of novel or re-purposed interventions within the NHS. There are no fixed limits on the duration of projects or funding.

Closing date: 27 Mar 18
Link to *Research Professional

DEVICE-BASED TREATMENTS FOR SUBSTANCE USE DISORDERS (UG3/UH3 CLINICAL TRIAL OPTIONAL)
NIH: National Institute on Drug Abuse

This aims to accelerate the development of devices to treat substance use disorders. Budgets are limited to USD 500,000 direct costs for the entire UG3 phase, but are not limited for the UH3 phase. The project period is limited to two years for the UG3 phase and three years for the UH3 phase.

Closing date: 27 Mar 18
Link to *Research Professional

QUALITY ALTERNATIVE CARE FOR CHILDREN AND DEINSTITUTIONALISATION
Directorate-General for International Cooperation and Development (EuropeAid)

This aims to ensure better outcomes for children by ensuring better implementation of the UN’s guidelines for the alternative care of children, so that children enjoy equal chances to reach their full potential in societies.

Awards are worth between €1 million and €4m each.

Closing date: 27 Mar 18
Link to *Research Professional

PARTNERSHIP PROJECTS
National Health and Medical Research Council

These assist in constructing partnerships among decision makers, policy makers, managers, clinicians and researchers to work together to define research questions, undertake research, interpret the findings and implement the findings into policy and practice. Grants are worth up to AUD 1.5 million for up to five years.

Closing date: 28 Mar 18
Link to *Research Professional
PROGRAMME DEVELOPMENT GRANTS
Department of Health and Social Care including NIHR

These aim to position and equip research teams in submitting a full programme grants for applied research in the future. Grants are worth up to £100,000 each over up to 18 months.

Closing date: 28 Mar 18
Link to *Research Professional

FAST-TRACK DEVELOPMENT OF MEDICATIONS TO TREAT CANNABIS USE DISORDERS (UG3/UH3)
NIH: National Institute on Drug Abuse

This announcement aims to accelerate the discovery and development of medications to treat cannabis use disorders. Application budgets are limited to US$1 million in directs costs per year. The maximum project period is two years for the UG3 phase and three years for the UH3 phase.

Closing date: 28 Mar 18
Link to *Research Professional

TRANSNATIONAL CALL FOR PROPOSALS
ERA-Net IraSME

This call supports international research, technology, development and innovation projects between research and technology organisations and small and medium-sized enterprises. Projects may last between 12 and 36 months.

Closing date: 28 Mar 18
Link to *Research Professional

FROM ASSOCIATION TO FUNCTION IN THE ALZHEIMER’S DISEASE POST-GENOMICS ERA (R01 CLINICAL TRIAL NOT ALLOWED)
NIH: National Institute on Aging

This supports innovative and collaborative research focused on understanding the structure and function of proteins or protein complexes regulated by different Alzheimer’s disease genetic variants that have been identified to be associated with the sporadic and late onset AD. Application budgets are limited to USD 350,000 in direct costs per year for a maximum period of five years.

Closing date: 28 Mar 18
Link to *Research Professional
UNDERSTANDING THE EFFECTS OF APOLIPOPROTEIN E2 ON THE INTERACTION BETWEEN AGEING AND ALZHEIMER’S DISEASE (R01 CLINICAL TRIAL NOT ALLOWED)

NIH: National Institute on Aging

This supports research on the apolipoprotein E2-ageing-Alzheimer’s disease relationship and the mechanistic effects of the protective variant on ageing, and potential interaction or crosstalk between tissues in the ageing process and AD. Application budgets are worth up to USD 500,000 in direct costs per year for a maximum period of five years.

Closing date: 28 Mar 18

Link to *Research Professional

TEAM-TECH CORE FACILITY

Foundation for Polish Science

This aims to improve the human potential in the R&D sector in team projects pursued by scientists from all over the world, having experience in implementing the results of scientific research in economic practice, or in providing research services or operating research equipment for corporate customers or other customers including other research units. The project budget is recommended not to exceed PLN 3.5 million.

Closing date: 28 Mar 18

Link to *Research Professional

HEALTH-PROFESSIONAL EDUCATION PARTNERSHIP INITIATIVE (HEPI) (R25 CLINICAL TRIAL NOT ALLOWED)

NIH: Fogarty International Center

This supports research education activities in the mission areas of the NIH. Applicants may request up to USD 600,000 in direct costs per year. The total project period may not exceed five years.

Closing date: 28 Mar 18

Link to *Research Professional
CONSEQUENCES OF AMYLOID PROTEIN POLYMORPHISMS IN ALZHEIMER’S DISEASE (R01 CLINICAL TRIAL NOT ALLOWED)
NIH: National Institute on Aging

This supports research focused on understanding the consequences of amyloid protein polymorphism in regulation and initiation of early pathogenesis in Alzheimer’s disease. Application budgets are limited to USD 500,000 in direct costs per year. The maximum project period is five years.

Closing date: 28 Mar 18
Link to *Research Professional

AFRICAN ASSOCIATION FOR HEALTH PROFESSIONS EDUCATION AND RESEARCH (R25 CLINICAL TRIALS NOT ALLOWED)
NIH: Fogarty International Center

This supports research education activities that complement or enhance the training of a workforce to meet Africa’s biomedical, behavioural and clinical research needs by supporting the establishment of an African Association for Health Professions Education and Research. Funding is worth up to USD 750,000 per year over five years.

Closing date: 28 Mar 18
Link to *Research Professional

ASIC AND TRANSLATIONAL RESEARCH ON DECISION-MAKING IN AGEING AND ALZHEIMER’S DISEASE (R21 CLINICAL TRIAL OPTIONAL)
NIH: National Institute on Aging

This supports basic research to better characterise the affective, cognitive, social and motivational parameters of impaired and intact decision-making in both normal ageing and Alzheimer’s disease. Application budgets are limited to USD 275,000 for up to two years.

Closing date: 29 Mar 18
Link to *Research Professional
**Basic and Translational Research on Decision Making in Ageing and Alzheimer’s Disease (R01 Clinical Trial Optional)**  
*NIH: National Institute on Aging*

This seeks applications for basic research to better characterise the affective, cognitive, social, and motivational parameters of impaired and intact decision making in both normal ageing and Alzheimer’s disease. Application budgets are not limited but need to reflect the actual needs of the proposed project. The maximum project period is five years.

**Closing date:** 29 Mar 18  
[Link to *Research Professional*](#)

---

**Human Cell Biology of Genetic Variants in Alzheimer’s Disease (R01 Clinical Trial Not Allowed)**  
*NIH: National Institute on Aging*

This aims to establish functional genotype-phenotype relationships of genetic variants, suspected of altering the risk of Alzheimer’s disease, in neural cells using human induced pluripotent stem cells. A budget of USD 6 million is available in fiscal year 2018 to fund seven to nine awards. The maximum project period is five years.

**Closing date:** 29 Mar 18  
[Link to *Research Professional*](#)

---

**Alzheimer’s Clinical Trials Consortium Clinical Trials (R01 Clinical Trial Required)**  
*NIH: National Institute on Aging*

This supports the development and implementation of phase I to III clinical trials of pharmacological and non-pharmacological interventions that may prevent, delay, or treat Alzheimer’s disease. Application budgets are not limited but need to reflect the actual needs of the proposed project. The maximum project period is five years.

**Closing date:** 29 Mar 18  
[Link to *Research Professional*](#)

---

**France-Israel Joint R&D Projects**  
*Eureka*

This supports industrial research and innovation projects that demonstrate technological cooperation between France and Israel.

**Closing date:** 29 Mar 18  
[Link to *Research Professional*](#)
**MOTIONAL FUNCTION IN NORMAL AGEING AND MCI AND AD/ADRD (R01 CLINICAL TRIAL OPTIONAL)**

*NIH: National Institute on Aging*

This supports foundational research demonstrating generally improved emotional function and emotion regulation with ageing. Application budgets are not limited but need to reflect the actual needs of the proposed project. The maximum project period is five years.

Closing date: 29 Mar 18

[Link to *Research Professional]*

---

**MOTIONAL FUNCTION IN NORMAL AGEING OR MILD COGNITIVE IMPAIRMENT, ALZHEIMER’S DISEASE AND ALZHEIMER’S DISEASE-RELATED DEMENTIAS (R21 CLINICAL TRIAL NOT ALLOWED)**

*NIH: National Institute on Aging*

This supports foundational research demonstrating generally improved emotional function and emotion regulation with ageing. Grants are worth up to USD 275,000 each over two years.

Closing date: 29 Mar 18

[Link to *Research Professional]*

---

**VISITING SCHOLARS PROGRAMME**

*Bank of Finland / SuomenPankki*

This enables investigators to conduct research at the Monetary Policy and Research department of the bank to enhance its excellence in the key areas of macroeconomics, monetary policy and financial stability. Funding includes a salary commensurate, travel reimbursement and access to the unit’s facilities.

Closing date: 30 Mar 18 (Forecast)

[Link to *Research Professional]*
CENTRES OF EXCELLENCE FOR TRANSLATIONAL RESEARCH (U19 CLINICAL TRIAL NOT ALLOWED)
NIH: National Institute of Allergy and Infectious Diseases
This supports multidisciplinary translational research centres focused on generating, validating and advancing medical countermeasures to select emerging infectious diseases or pathogens. Application budgets are limited to USD 5 million in direct costs for fiscal year 2019. The maximum project period is five years.
Closing date: 30 Mar 18
Link to *Research Professional

RESEARCH GRANTS
European Society of Human Reproduction and Embryology
These enable scientists and clinicians to undertake basic and clinical research in the field of reproductive medicine. Two grants are available; one worth €50,000, and the other worth €150,000 over three years.
Closing date: 30 Mar 18
Link to *Research Professional

DOCTORAL TRAINING PROGRAMME FELLOWSHIPS
European Centre for Theoretical Studies in Nuclear Physics and Related Areas
This enables students to attend the programme that will be held in Trento, Italy from 6 June to 15 July on the subject of nuclear, neutrino and relativistic astrophysics. Fellowships contribute to living expenses during the conference.
Closing date: 30 Mar 18
Link to *Research Professional

NATIONAL CENTER FOR MEDICAL REHABILITATION RESEARCH EARLY-CAREER RESEARCH AWARD (R03 CLINICAL TRIAL OPTIONAL)
NIH: Eunice Kennedy Shriver National Institute of Child Health and Human Development
This supports both basic and clinical research from rehabilitation scientists who are establishing independent research careers. The combined budget for direct costs for the entire project period may not exceed USD 200,000. The maximum project period is two years.
Closing date: 30 Mar 18
Link to *Research Professional
Research to Address Sleep Disorders in the Context of Medical Rehabilitation (R01 Clinical Trial Optional)

NIH: Eunice Kennedy Shriver National Institute of Child Health and Human Development

This supports research on the most effective ways to approach sleep disorders in the context of medical rehabilitation for a primary disorder. Application budgets are limited USD to 499,999 or less in direct costs per fiscal year, and should reflect the actual needs of the proposed project. The maximum project length is five years.

Closing date: 30 Mar 18

Link to *Research Professional

Human-Animal Interaction Research (R21)

NIH: Eunice Kennedy Shriver National Institute of Child Health and Human Development

This supports research to examine the impact of human-animal interaction on typical and atypical child development and health, the evaluation of animal-assisted intervention for children and adults with disabilities or in need of rehabilitative services, and the effects of animals on public health, including cost effectiveness of involving animals in reducing and preventing disease. The combined budget for direct costs may not exceed USD 275,000. No more than USD 200,000 may be requested in any single year.

Closing date: 30 Mar 18

Link to *Research Professional

Human-Animal Interaction Research (R03 Clinical Trial Optional)

NIH: Eunice Kennedy Shriver National Institute of Child Health and Human Development

This supports research that examines the impact of human-animal interactions and the effects of animals on public health, including cost effectiveness of involving animals in reducing and preventing disease. Direct costs are limited to USD 50,000 per year for up to two years.

Closing date: 30 Mar 18

Link to *Research Professional
HUMAN-ANIMAL INTERACTION RESEARCH (R01 CLINICAL TRIAL OPTIONAL)
NIH: Eunice Kennedy Shriver National Institute of Child Health and Human Development
This supports research to examine the impact of human-animal interaction on typical and atypical child development and health, the evaluation of animal-assisted intervention for children and adults with disabilities or in need of rehabilitative services, and the effects of animals on public health. Budgets are limited to USD 499,999 in direct costs per year. The maximum project period is five years.
Closing date: 30 Mar 18
Link to *Research Professional

PUBLIC DIPLOMACY SMALL GRANTS PROGRAMME
Embassy of the US
This supports projects that further the embassy’s policy goals and enhance relations between the American and Nigerian peoples. Funding is worth between USD 5,000 and USD 50,000.
Closing date: 30 Mar 18
Link to *Research Professional

MSLIE HORNIMAN ANTHROPOLOGICAL SCHOLARSHIP FUND
Royal Anthropological Institute
This encourages postgraduates to pursue fieldwork, to develop their careers and make significant contributions to the study of the growth of civilisations, habits and customs, religious and physical characteristics of the non-European peoples and of prehistoric and non-industrial man in Europe. Awards are in the range of £500 to £7,000.
Closing date: 31 Mar 18
Link to *Research Professional

UGGLES-GATES FUND FOR BIOLOGICAL ANTHROPOLOGY
Royal Anthropological Institute
This supports research in biological anthropology with focus on human population biology, human genetics, human ethology and palaeoanthropology. Grants are worth up to £1,000 each.
Closing date: 31 Mar 18
Link to *Research Professional
**AEDE-LANGMUIR AWARD**  
*AVS Science and Technology of Materials, Interfaces and Processing*

This recognises and encourages outstanding discoveries and inventions in the sciences and technologies of interest to society. The award consists of a cash award and an honorary lectureship at a regular session of the international symposium.  

Travel expenses to the meeting where the award is presented will be reimbursed.  

Closing date: 31 Mar 18

[Link to *Research Professional*](#)

---

**SEEDCORN RESEARCH GRANTS**  
*European Association of Social Psychology*

These enable researchers to develop new projects, particularly preliminary research that may facilitate the holder to subsequently obtain larger scale funding from other sources. Grants are typically worth up to €2,000.  

Closing date: 31 Mar 18

[Link to *Research Professional*](#)

---

**RAINING SCHOLARSHIPS**  
*International Urology Society | Société Internationale d’Urologie*

These support young urologists by providing training in a recognised institute located in the candidate’s geographical area. Each scholarship is worth USD 5,000 over a period of six months.  

Closing date: 31 Mar 18

[Link to *Research Professional*](#)

---

**ERALD R FORD SCHOLAR AWARD**  
*National Archives and Records Administration*

This is given to a doctoral student to support dissertation research on an aspect of the United States political process and public policy during the last half of the 20th century. The award is worth USD 5,000.  

Closing date: 31 Mar 18

[Link to *Research Professional*](#)
SCHOLARSHIPS
*International Society for Peritoneal Dialysis*

These encourage individuals to extend their knowledge and expertise of peritoneal dialysis by visiting a centre of excellence. Scholarships are worth up to USD 3,000 for six weeks to three months of study.

Closing date: 31 Mar 18

Link to *Research Professional*

HD INTERNSHIPS
*World Institute for Development Economics Research of the United Nations University*

These offer registered doctoral students an opportunity to utilise the resources and facilities at UNU-WIDER for their PhD dissertation or thesis research, and to work with researchers in areas related to developing economies. Internships include a travel grant, medical insurance and a monthly stipend of €1,600 to cover living expenses in Helsinki.

Closing date: 31 Mar 18

Link to *Research Professional*

GRANTS4TARGETS – NOVEL TARGETS FOR DRUG DEVELOPMENT
*Bayer*

The initiative aims to encourage research on novel targets and disease-related biomarkers in the fields of oncology, gynaecology, cardiology and haematology. Support grants for early stage research are worth between €5,000 and €10,000, and focus grants for more mature ideas are worth between €10,000 and €125,000.

Closing date: 31 Mar 18

Link to *Research Professional*

RESEARCH GRANTS
*Association for the History of Glass*

These contribute towards educational or research activities in any area of glass studies. Grants are worth up to £500 each.

Closing date: 31 Mar 18

Link to *Research Professional*
RESEARCH GRANT DEVELOPMENT AWARDS
Foundation for the Sociology of Health and Illness

These provide pump-priming funds for the development of high-quality, innovative and multidisciplinary research in medical sociology or sociology of health and illness. Awards are worth up to £6,000 each.

Closing date: 31 Mar 18
Link to *Research Professional

HD AND POSTDOCTORAL GRANTS
French Space Agency | Centre National d’Études Spatiales

These support young French and foreign students working in engineering sciences such as orbital and space transport systems, or sciences using space assets such as universe sciences, earth sciences and microgravity. Grants are worth up to €55,900 over up to three years.

Closing date: 31 Mar 18
Link to *Research Professional

SCHOLARSHIPS FOR MASTER’S STUDENTS IN FINNISH LANGUAGE AND CULTURE
Finnish National Agency for Education | Opetushallitus

These enable students of Finnish language and culture at universities outside Finland for to carry out advanced master’s studies in Finnish universities or to collect material in Finland for their master’s thesis in their home university. Scholarships are worth €800 each per month for a maximum period of one term.

Closing date: 31 Mar 18
Link to *Research Professional

COLLABORATION FUND
Programme for the Endorsement of Forest Certification Schemes

This supports locally relevant advancements in the sustainable management of forests. Funding is worth up to CHF 40,000 over a maximum of two years.

Closing date: 31 Mar 18 (Forecast)
Link to *Research Professional
COMING SOON: RESEARCH SCHOLARSHIPS
Nordenskiöld Community in Finland | Nordenskiöld-Samfundet i Finland

*** This opportunity will be available soon. The next call is expected to open on 1 March 2018. The following information is subject to change. These scholarships support research in geography, geology, ethnology, archaeology, cartography, ornithology and other related research in natural sciences and cultural history. The total budget is approximately €50,000. ***

Closing date: 31 Mar 18 (Forecast)
Link to *Research Professional

RESEARCH GRANTS
Max van Berchem Foundation | Fondation Max van Berchem

These promote the study of Islamic and Arabic archaeology, history, geography, art history, epigraphy, religion and literature.

Closing date: 31 Mar 18
Link to *Research Professional

EDUCATIONAL RESOURCE DEVELOPMENT GRANTS
Society for Radiological Protection

These support the development of educational resources in the field of radiological protection. Grants are worth up to £3,000.

Closing date: 31 Mar 18
Link to *Research Professional

PROFESSOR LUCIEN DAUTREBANDE PRIZE
Royal Academy of Medicine of Belgium | Académie Royale de Médecine de Belgique

This recognises an individual or a team of researchers who have contributed to the progress of human or animal pathophysiology, with particular reference to advances in therapy. The prize is worth €50,000.

Closing date: 31 Mar 18 (Forecast)
Link to *Research Professional
**Huayu Enrichment Scholarship**  
*Ministry of Education of the Republic of China (Taiwan)*

This enables international students and individuals to undertake Huayu courses in Taiwan. The scholarship is worth TWD 25,000 per month for up to one year.  
Closing date: 31 Mar 18  
[Link to *Research Professional*](#)

**Mall Meeting Grant**  
*European Society of Endocrinology*

This supports the organisation of an endocrine-related meeting endorsed by the society, such as a symposium, workshop, conference or training course, in order to further support the development of endocrine education in Europe. The maximum value of each grant is €2,500.  
Closing date: 31 Mar 18  
[Link to *Research Professional*](#)

**Taiwan International Graduate Programme**  
*Academia Sinica*

This offers interdisciplinary PhD programmes in 12 fields that span the natural and physical sciences, as well as human-centred computing. Fellowships are worth TWD 34,000 per month for up to three years.  
Closing date: 31 Mar 18  
[Link to *Research Professional*](#)

**Large Bursaries**  
*Laboratory Animals Limited*

These support the organisation of events or projects, and enable applicants to attend training courses in laboratory animal science and welfare. Bursaries may also cover travel expenses to enable international experts to speak at conferences. Each bursary is worth a minimum of £5,000.  
Closing date: 31 Mar 18  
[Link to *Research Professional*](#)
WORSHIPFUL COMPANY OF BREWERS, BREWERS’ RESEARCH AND EDUCATION FUND—RESEARCH GRANTS
British Beer & Pub Association

These support research and education projects that support the UK brewing industry. There is no funding limit, but applications are encouraged that seek finite total funds in any single year. There is also no maximum or minimum research period, but projects usually last between 12 and 18 months.

Closing date: 31 Mar 18
Link to *Research Professional

GRANTS4TARGETS – NOVEL TARGETS FOR CROP PROTECTION
Bayer

This encourages the exploration of innovative ideas for novel molecular targets towards the development of innovative new crop protection solutions for weed, pest and disease control. Grants are worth between €2,000 and €50,000.

Closing date: 31 Mar 18
Link to *Research Professional

PRESTIGE PROGRAMME
Campus France

This aims to foster the mobility of French and foreign researchers, to and from France. Funding is worth between €22,000 and €47,250 per year for between six months and two years.

Closing date: 31 Mar 18
Link to *Research Professional

GRANTS4TRAITS – NOVEL SOLUTIONS TO INCREASE CROP PRODUCTIVITY
Bayer

This supports the development of novel traits that help achieve higher yield, quality and safety in crops as they face increasing pressures from weeds, insects, diseases and unfavourable climate conditions. Grants are worth between €2,000 and €50,000.

Closing date: 31 Mar 18
