RESEARCH OPPORTUNITY ALERTS

Issue 40: Volume 1a

GRANTS FROM EXTERNAL DONORS

(August – October, 2021)

A Compilation by the

PRE- & POST AWARD SERVICES
OFFICE OF RESEARCH, INNOVATION AND DEVELOPMENT (ORID)
UNIVERSITY OF GHANA

May 2021

Research Grants

Innovation Grants

Academic-Industry Grants

Collaborative Opportunities

Technology Development Grants

TABLE OF CONTENTS

Research grants	57
Harry Frank Guggenheim Foundation	57
Closing date: 01 Aug 21	57
Collaborative research grants	57
American Academy of Religion	57
Closing date: 01 Aug 21	57
Brian D Novis junior research grants	58
International Myeloma Foundation	58
Closing date: 01 Aug 21 (Forecast)	58
Brian D Novis senior research grants	58
International Myeloma Foundation	58
Closing date: 01 Aug 21 (Forecast)	58
Small grants	58
Mérieux Foundation Fondation Mérieux	58
Closing date: 01 Aug 21	58
Research and travel grant	58
Southern Jewish Historical Society	58
Closing date: 01 Aug 21 (Forecast)	58
Eurogia2020 call for projects – low-carbon energy technologies	58
EUREKA	58
Closing date: 01 Aug 21 (Forecast)	59
Research grants	59
British Bryological Society	59
Closing date: 01 Aug 21	59
Small grants	59
Estuarine Coastal Sciences Association	59
Closing date: 01 Aug 21	59
Scott and Donna Langston archival grant	59
Southern Jewish Historical Society	59
Closing date: 01 Aug 21 (Forecast)	59
Education project grant	59
Society for Academic Emergency Medicine	59

Closing date: 01 Aug 21 (Forecast)	59
Academy of Emergency Ultrasound research grant.....	60
Society for Academic Emergency Medicine	60
Closing date: 01 Aug 21 (Forecast)	60
Novice research grant	60
Society for Academic Emergency Medicine	60
Closing date: 01 Aug 21 (Forecast)	60
Blue sky research grant.....	60
American Foundation for Suicide Prevention.....	60
Closing date: 01 Aug 21 (Forecast)	60
Research large project grant	60
Society for Academic Emergency Medicine	60
Closing date: 01 Aug 21 (Forecast)	60
Postdoctoral research award	61
Friedreich's Ataxia Research Alliance	61
Closing date: 01 Aug 21 (Forecast)	61
Connection grants – research data management capacity building initiative	61
Social Sciences and Humanities Research Council of Canada Conseil de Recherches en Sciences Humaines.....	61
Closing date: 01 Aug 21.....	61
Academy for Diversity and Inclusion in Emergency Medicine research grant.....	61
Society for Academic Emergency Medicine	61
Closing date: 01 Aug 21 (Forecast)	61
Global Emergency Medicine Academy research pilot grant	61
Society for Academic Emergency Medicine	61
Closing date: 01 Aug 21 (Forecast)	61
Resident and medical students research grant.....	62
Society for Academic Emergency Medicine	62
Closing date: 01 Aug 21 (Forecast)	62
Small research grant programme.....	62
Society for Personality and Social Psychology.....	62
Closing date: 01 Aug 21.....	62
Indiana Alcohol Research Center pilot project programme.....	62
Indiana University	62
Closing date: 01 Aug 21 (Forecast)	62
Performing arts – international activities	62
Danish Arts Foundation Statens Kunstfond	62

Closing date: 01 Aug 21 (Forecast)	62
African wildlife rapid action grants	62
International Union for Conservation of Nature.....	62
Closing date: 01 Aug 21.....	63
ECCO grants.....	63
European Crohn's and Colitis Organisation.....	63
Closing date: 02 Aug 21 (Forecast)	63
Connection grants for events and outreach activities	63
Social Sciences and Humanities Research Council of Canada Conseil de Recherches en Sciences Humaines.....	63
Closing date: 02 Aug 21.....	63
N-ECCO research grant	63
European Crohn's and Colitis Organisation.....	63
Closing date: 02 Aug 21 (Forecast)	63
ECCO-IBUS intestinal ultrasound research grant.....	63
European Crohn's and Colitis Organisation.....	63
Closing date: 02 Aug 21 (Forecast)	64
Beta Sigma Kappa research fellowship	64
American Academy of Optometry	64
Closing date: 02 Aug 21 (Forecast)	64
Law and science.....	64
National Science Foundation.....	64
Closing date: 02 Aug 21.....	64
Research grant – knowledge for action to end violence against women and violence against children	64
South African Medical Research Council.....	64
Closing date: 02 Aug 21.....	64
Postdoctoral groups – climate, environment and health call	64
German Federal Ministry of Education and Research Bundesministerium für Bildung und Forschung.....	64
Closing date: 02 Aug 21.....	65
Global infectious disease research training programme (D43 clinical trial optional)	65
NIH: Fogarty International Center	65
Closing date: 03 Aug 21.....	65
Dissertation scholarship award	65
American Society of Criminology.....	65
Closing date: 03 Aug 21 (Forecast)	65

COMING SOON: Eurostars programme	65
EUREKA.....	65
Closing date: 04 Aug 21 (Forecast)	65
Melanoma research programme – translational research award.....	65
US Department of Defense.....	65
Closing date: 04 Aug 21.....	66
Melanoma research programme – team science award.....	66
US Department of Defense.....	66
Closing date: 04 Aug 21.....	66
COMING SOON: Distributed Research utilising Advanced Computing (DiRAC) – computational resources call	66
Science and Technology Facilities Council.....	66
Closing date: 04 Aug 21 (Forecast)	66
Melanoma research programme – mid-career accelerator award.....	66
US Department of Defense.....	66
Closing date: 04 Aug 21.....	66
DEADLINE BROUGHT FORWARD: Developing digital therapeutics for substance use disorders (UG3/UH3 clinical trial optional).....	66
NIH: National Institute on Drug Abuse	66
Closing date: 04 Aug 21.....	67
Understanding post-transcriptional regulation of intact and defective HIV ribonucleic acid (R61/R33 clinical trial not allowed)	67
NIH: National Institute of Allergy and Infectious Diseases.....	67
Closing date: 04 Aug 21.....	67
Resilient, inclusive and sustainable environments (RISE) – a challenge to address gender-based violence in the environment.....	67
US Agency for International Development.....	67
Closing date: 05 Aug 21 (Forecast)	67
Programme grants for applied research – competition 35	67
Department of Health and Social Care including NIHR.....	67
Closing date: 07 Aug 21 (Forecast)	67
COMING SOON: David S Miller young scientist scholarship.....	68
American Geophysical Union.....	68
Closing date: 07 Aug 21 (Forecast)	68
Targeted engagement grant programme	68
Department of National Defence and the Canadian Armed Forces Ministère de la Défense Nationale et les Forces Armées Canadiennes.....	68
Closing date: 08 Aug 21 (Forecast)	68

Fellowship programme	68
Mountain Sentinels.....	68
Closing date: 09 Aug 21 (Forecast)	68
Efficacy and mechanism evaluation programme – researcher-led workstream: 21/506	68
Department of Health and Social Care including NIHR.....	68
Closing date: 10 Aug 21.....	68
Research education programme for clinical researchers and clinicians (R25 clinical trial optional)	69
NIH: National Institute on Drug Abuse	69
Closing date: 10 Aug 21.....	69
Blueprint neurotherapeutics network – small molecule drug discovery and development for disorders of the nervous system (UG3/UH3 clinical trial optional)	69
NIH: National Institute of Neurological Disorders and Stroke	69
Closing date: 10 Aug 21.....	69
Seabird conservation programme.....	69
National Fish and Wildlife Foundation.....	69
Closing date: 10 Aug 21 (Forecast)	69
Device-based treatments for substance use disorders (UG3/UH3 clinical trial optional)	69
NIH: National Institute on Drug Abuse	69
Closing date: 10 Aug 21.....	70
DEADLINE BROUGHT FORWARD: Exploratory studies to investigate mechanisms of HIV infection, replication, latency or pathogenesis in the context of substance use disorders (R61/R33 clinical trial not allowed).....	70
NIH: National Institute on Drug Abuse	70
Closing date: 10 Aug 21.....	70
Blueprint neurotherapeutics network – biologic-based drug discovery and development for disorders of the nervous system (UG3/UH3 clinical trial optional)	70
NIH: National Institute of Neurological Disorders and Stroke	70
Closing date: 10 Aug 21.....	70
Cutting-edge basic research awards (R21 clinical trial optional).....	70
NIH: National Institute on Drug Abuse	70
Closing date: 10 Aug 21.....	70
Mentor-based postdoctoral fellowship programme in rehabilitation research ...	71
National Multiple Sclerosis Society.....	71
Closing date: 11 Aug 21.....	71

Utilising the PLCO biospecimens resource to bridge gaps in cancer aetiology and early-detection research (U01 clinical trial not allowed)	71
NIH: National Cancer Institute	71
Closing date: 11 Aug 21	71
Scleroderma research programme – translational research partnership award	71
US Department of Defense	71
Closing date: 11 Aug 21	71
Scleroderma research programme – idea development award	71
US Department of Defense	71
Closing date: 11 Aug 21	72
Power and accountability programme grants	72
Joseph Rowntree Charitable Trust	72
Closing date: 13 Aug 21 (Forecast)	72
NIDA avant-garde award programme for HIV/AIDS and substance use disorder research (DP1 clinical trial optional)	72
NIH: National Institute on Drug Abuse	72
Closing date: 13 Aug 21	72
JumpStart grant	72
Emergency Medicine Foundation	72
Closing date: 13 Aug 21 (Forecast)	72
Leading edge grant	72
Emergency Medicine Foundation	72
Closing date: 13 Aug 21 (Forecast)	72
Exploiting in vivo or in situ imaging approaches to understand HIV-relevant processes in the context of substance use disorders (R61/R33 clinical trials optional)	73
NIH: National Institute on Drug Abuse	73
Closing date: 13 Aug 21	73
Fund for research and education research grant	73
American Society for Bone and Mineral Research	73
Closing date: 14 Aug 21 (Forecast)	73
South African Radio Astronomy Observatory doctoral scholarships	73
National Research Foundation of South Africa	73
Closing date: 14 Aug 21	73
African researchers' small grants programme	73
US Agency for International Development	73
Closing date: 14 Aug 21 (Forecast)	73
Sepmeyer research grant	74

International Education Research Foundation	74
Closing date: 15 Aug 21.....	74
Sigma Theta Tau International/Oncology Nursing Society foundation grant	74
Sigma Theta Tau International	74
Closing date: 15 Aug 21.....	74
Thomas Hampson fund.....	74
American Musicological Society	74
Closing date: 15 Aug 21 (Forecast)	74
Grants for studies in astronomy and geophysics	74
Royal Astronomical Society	74
Closing date: 15 Aug 21.....	74
EXTENDED DEADLINE: Rambøll Foundation grants.....	75
Rambøll Denmark Rambøll Danmark.....	75
Closing date: 15 Aug 21.....	75
Scientific product grant.....	75
Wildlife Acoustics.....	75
Closing date: 15 Aug 21.....	75
Guest writer programme — rotating locations.....	75
Dutch Language Union Nederlandse Taalunie	75
Closing date: 15 Aug 21.....	75
Other project grants.....	75
Atlas Network.....	75
Closing date: 15 Aug 21.....	75
International student project grant.....	75
Atlas Network.....	75
Closing date: 15 Aug 21.....	76
Acute therapies grant.....	76
Baxter Healthcare Corporation.....	76
Closing date: 15 Aug 21 (Forecast)	76
Think tank startup fund	76
Atlas Network.....	76
Closing date: 15 Aug 21.....	76
Illiberalism grants	76
Atlas Network.....	76
Closing date: 15 Aug 21.....	76
Joining up to minimise poverty grants	76
Atlas Network.....	76

Closing date: 15 Aug 21.....	76
Oncology Nursing Society foundation grant.....	77
Sigma Theta Tau International	77
Closing date: 15 Aug 21.....	77
Mobility and access in Sub-Saharan African cities.....	77
Volvo Research and Educational Foundations	77
Closing date: 15 Aug 21.....	77
Individual grants for future research leaders.....	77
Swedish Foundation for Strategic Research Stiftelsen för Strategisk Forskning	77
Closing date: 16 Aug 21.....	77
Jared Purton award	77
Australian and New Zealand Society for Immunology	77
Closing date: 16 Aug 21 (Forecast)	77
National and international networking programme	78
Québec Health Research Fund (FRQS) Fonds de Recherche du Québec – Santé	78
Closing date: 16 Aug 21 (Forecast)	78
Accountable institutions and behaviour.....	78
National Science Foundation.....	78
Closing date: 16 Aug 21.....	78
ERA-Net FOSC and SUSFOOD2 joint call – innovative solutions for resilient, climate-smart and sustainable food systems.....	78
ERA-Net Food Systems and Climate	78
Closing date: 16 Aug 21.....	78
Research grants – kidney disease.....	78
Polycystic Kidney Disease Foundation	78
Closing date: 17 Aug 21 (Forecast)	78
Noah Greenberg award.....	79
American Musicological Society	79
Closing date: 17 Aug 21 (Forecast)	79
Grants	79
Academy of Architecture for Health Foundation.....	79
Closing date: 17 Aug 21 (Forecast)	79
Clinical trial readiness for rare neurological and neuromuscular diseases (U01 clinical trial not allowed).....	79
NIH: National Institute of Neurological Disorders and Stroke	79
Closing date: 18 Aug 21.....	79

EXTENDED DEADLINE: Fellowship programme for early-career workshop participants	79
Wabash Center	79
Closing date: 18 Aug 21.....	79
Health effects of air pollution.....	79
Health Effects Institute	79
Closing date: 19 Aug 21 (Forecast)	80
Artificial intelligence exploration programme	80
US Department of Defense.....	80
Closing date: 19 Aug 21.....	80
International research in infectious diseases (R01 clinical trial not allowed):	
AIDS-related.....	80
NIH: National Institute of Allergy and Infectious Diseases.....	80
Closing date: 19 Aug 21.....	80
Large research grants in core areas	80
John Templeton Foundation	80
Closing date: 20 Aug 21 (Forecast)	80
Planning grant for Fogarty HIV research training programme for low- and middle-income country institutions (D71).....	80
NIH: Fogarty International Center	80
Closing date: 20 Aug 21.....	81
Fogarty HIV research training programme for low- and middle-income country institutions (D43 clinical trial optional)	81
NIH: Fogarty International Center	81
Closing date: 20 Aug 21.....	81
Infrastructure development training programmes for critical HIV research at low- and middle-income country institutions (G11 clinical trials not allowed) ..	81
NIH: Fogarty International Center	81
Closing date: 20 Aug 21.....	81
Small research grants.....	81
John Templeton Foundation	81
Closing date: 20 Aug 21 (Forecast)	81
Alzheimer's Strategic Fund – neuroimmune programme.....	82
Alzheimer's Association	82
Closing date: 20 Aug 21 (Forecast)	82
COMING SOON: Laureate research grants	82
Novo Nordisk Foundation Novo Nordisk Fonden.....	82
Closing date: 24 Aug 21.....	82

Young investigator awards	82
Novo Nordisk Foundation Novo Nordisk Fonden.....	82
Closing date: 24 Aug 21.....	82
Lupus research programme – impact award	82
US Department of Defense.....	82
Closing date: 24 Aug 21.....	82
Research project grants.....	83
Italian Multiple Sclerosis Association Associazione Italiana Sclerosi Multipla	83
Closing date: 24 Aug 21 (Forecast)	83
Lupus research programme – idea award	83
US Department of Defense.....	83
Closing date: 24 Aug 21.....	83
Lupus research programme – transformative vision award	83
US Department of Defense.....	83
Closing date: 24 Aug 21.....	83
Project grants	83
Auckland Medical Research Foundation.....	83
Closing date: 25 Aug 21.....	83
SAMSUNG global research outreach – academic research collaboration platform	83
Samsung Advanced Institute of Technology.....	83
Closing date: 25 Aug 21 (Forecast)	84
Research grant – appendix cancer and pseudomyxoma peritonei.....	84
National Organization for Rare Disorders.....	84
Closing date: 25 Aug 21 (Forecast)	84
Research grant – neuroendocrine cell hyperplasia of infancy	84
National Organization for Rare Disorders.....	84
Closing date: 25 Aug 21 (Forecast)	84
COMING SOON: Kidney cancer research programme – academy of kidney cancer investigators – early-career investigator award	84
US Department of Defense.....	84
Closing date: 26 Aug 21 (Forecast)	84
Walter Gerboth award	84
Music Library Association	84
Closing date: 28 Aug 21 (Forecast)	85
COMING SOON: Seedcorn grants	85

Chartered Institute of Management Accountants	85
Closing date: 28 Aug 21 (Forecast)	85
Betty Laidlaw motor neurone disease research prize.....	85
Motor Neurone Disease Research Institute of Australia.....	85
Closing date: 28 Aug 21 (Forecast)	85
Research challenges.....	85
Swiss Federal Institute of Technology Zurich.....	85
Closing date: 28 Aug 21 (Forecast)	85
Maternity or parenthood grants	85
International Brain Research Organization.....	85
Closing date: 28 Aug 21 (Forecast)	86
COMING SOON: Research grants.....	86
International Psychoanalytical Association.....	86
Closing date: 30 Aug 21 (Forecast)	86
Project grants	86
Engineering Information Foundation	86
Closing date: 31 Aug 21.....	86
Breast cancer research programme – era of hope scholar award	86
US Department of Defense.....	86
Closing date: 31 Aug 21.....	86
Association of periOperative Registered Nurses grant.....	86
Sigma Theta Tau International	86
Closing date: 31 Aug 21 (Forecast)	86
Grants fund.....	87
Historical Metallurgy Society	87
Closing date: 31 Aug 21.....	87
Aileen Lynn bequest fund	87
Royal College of Physicians and Surgeons of Glasgow	87
Closing date: 31 Aug 21 (Forecast)	87
Peace research grants programme	87
International Peace Research Association Foundation.....	87
Closing date: 31 Aug 21.....	87
Scholarships for master’s students in Finnish language and culture	87
Finnish National Agency for Education Opetushallitus	87
Closing date: 31 Aug 21.....	87
Breast cancer research programme – breakthrough award levels 1 and 2	88
US Department of Defense.....	88

Closing date: 31 Aug 21.....	88
Peace and security programme grants.....	88
Joseph Rowntree Charitable Trust.....	88
Closing date: 31 Aug 21 (Forecast)	88
Small conservation grants.....	88
Jana Robeyst Trust Fund.....	88
Closing date: 31 Aug 21.....	88
Global research award.....	88
American Society of Hematology	88
Closing date: 31 Aug 21 (Forecast)	88
COMING SOON: Long-range research initiative grants.....	89
European Chemical Industry Council.....	89
Closing date: 31 Aug 21 (Forecast)	89
Research grant.....	89
International Team for Implantology.....	89
Closing date: 31 Aug 21.....	89
Rosaria Cigliano baroque research grants.....	89
1563 Foundation Fondazione 1563	89
Closing date: 31 Aug 21 (Forecast)	89
Open call for experiments – sustainable ecosystem from the adoption, ramp-up and transfer of emerging electronics solutions	89
Smart Emerging Electronics Servicing	89
Closing date: 31 Aug 21.....	89
Arts and cultural exchange programme	90
Korea Foundation	90
Closing date: 31 Aug 21 (Forecast)	90
Open call for experiments – COVID 19	90
Smart Emerging Electronics Servicing	90
Closing date: 31 Aug 21.....	90
Grants for broadcasting research.....	90
Hoso Bunka Foundation	90
Closing date: 31 Aug 21 (Forecast)	90
Research grants	90
American Association for Hand Surgery.....	90
Closing date: 01 Sep 21 (Forecast).....	90
Research awards.....	91
Massage Therapy Foundation.....	91

Closing date: 01 Sep 21 (Forecast)	91
Support for policy-oriented research programme	91
Korea Foundation	91
Closing date: 01 Sep 21 (Forecast)	91
Project research grants.....	91
Wings for Life.....	91
Closing date: 01 Sep 21 (Forecast)	91
Research grants	91
Mizutani Foundation for Glycoscience	91
Closing date: 01 Sep 21 (Forecast)	91
Student research grants	92
American Daylily Society.....	92
Closing date: 01 Sep 21	92
Alan D Waggoner sonographer student scholarship award	92
American Society of Echocardiography	92
Closing date: 01 Sep 21 (Forecast)	92
Research awards	92
Society for Research into Higher Education	92
Closing date: 01 Sep 21 (Forecast)	92
Project support grants	92
British Society for Neuroendocrinology.....	92
Closing date: 01 Sep 21 (Forecast)	92
Research grants	92
Society for Post-Medieval Archaeology	92
Closing date: 01 Sep 21	93
Scholarships for PhD students from outside Germany	93
Heinrich Böll Foundation.....	93
Closing date: 01 Sep 21	93
COMING SOON: Membership research grant.....	93
Regional Studies Association.....	93
Closing date: 01 Sep 21 (Forecast)	93
COMING SOON: Fellowship research grant scheme	93
Regional Studies Association.....	93
Closing date: 01 Sep 21 (Forecast)	93
Engagement grants	93
Palaeontological Association.....	93
Closing date: 01 Sep 21 (Forecast)	93

COMING SOON: Research, development and analysis fund	94
Nuffield Foundation	94
Closing date: 01 Sep 21 (Forecast)	94
Pete Wilde scholarship	94
International Mechanical Diagnosis and Therapy Research Foundation	94
Closing date: 01 Sep 21	94
Investigator initiated clinical trials	94
Novo Nordisk Foundation Novo Nordisk Fonden	94
Closing date: 01 Sep 21	94
Grants for free speech and open inquiry	94
Institute for Humane Studies	94
Closing date: 01 Sep 21 (Forecast)	94
Mallinckrodt uveitis research fellowship	95
Association for Research in Vision and Ophthalmology	95
Closing date: 01 Sep 21 (Forecast)	95
David L Epstein award	95
Association for Research in Vision and Ophthalmology	95
Closing date: 01 Sep 21 (Forecast)	95
Roche collaborative research fellowship	95
Association for Research in Vision and Ophthalmology	95
Closing date: 01 Sep 21 (Forecast)	95
Research grants	95
International Society of Arthroscopy, Knee Surgery and Orthopaedic Sports Medicine	95
Closing date: 01 Sep 21 (Forecast)	95
Research in groups	95
International Centre for Mathematical Sciences	95
Closing date: 01 Sep 21	96
Cynological research projects	96
Albert Heim Foundation Albert-Heim-Stiftung	96
Closing date: 01 Sep 21	96
Environment fund – marine grants	96
Waterloo Foundation	96
Closing date: 01 Sep 21	96
Solidarity fund	96
Hans Böckler Foundation Hans-Böckler-Stiftung	96
Closing date: 01 Sep 21	96

Prostate cancer research programme – clinical consortium award	96
US Department of Defense.....	96
Closing date: 02 Sep 21	96
Innovations partnership scheme grants	97
Science and Technology Facilities Council	97
Closing date: 02 Sep 21	97
Prostate cancer research programme – idea development award	97
US Department of Defense.....	97
Closing date: 02 Sep 21	97
BRAIN initiative – standards to define experiments related to the BRAIN initiative (R01 clinical trial not allowed).....	97
NIH: National Institute of Neurological Disorders and Stroke	97
Closing date: 02 Sep 21	97
Steno collaborative project grants	97
Novo Nordisk Foundation Novo Nordisk Fonden.....	97
Closing date: 02 Sep 21	97
COMING SOON: Project grants in the natural and technical sciences	98
Novo Nordisk Foundation Novo Nordisk Fonden.....	98
Closing date: 02 Sep 21 (Forecast)	98
Transatlantic networks of excellence in cardiovascular and neurovascular research	98
Leducq Foundation Fondation Leducq	98
Closing date: 03 Sep 21 (Forecast)	98
Call for proposals of research and development projects in medical technology	98
Swedish Childhood Cancer Foundation Barncancerfonden	98
Closing date: 03 Sep 21 (Forecast)	98
Radiology research.....	98
Québec Health Research Fund (FRQS) Fonds de Recherche du Québec – Santé	98
Closing date: 03 Sep 21 (Forecast)	98
BRAIN initiative – proof of concept development of early stage next generation human brain imaging (U01 clinical trial not allowed)	99
NIH: National Institute of Biomedical Imaging and Bioengineering.....	99
Closing date: 03 Sep 21	99
Research grants	99
Dravet Syndrome Foundation.....	99
Closing date: 04 Sep 21 (Forecast)	99
COMING SOON: Think tank shark tank award competition.....	99

Atlas Network.....	99
Closing date: 04 Sep 21 (Forecast)	99
Research grants	99
Concern Foundation.....	99
Closing date: 05 Sep 21 (Forecast)	99
Energy technology development and demonstration programme	100
Danish Energy Agency Energistyrelsen	100
Closing date: 05 Sep 21 (Forecast)	100
Advanced Propulsion Centre 18 – developing the UK’s low carbon automotive capability.....	100
Innovate UK.....	100
Closing date: 05 Sep 21 (Forecast)	100
Notice of special interest – small business initiatives for innovative diagnostic technology for improving outcomes for maternal health	100
NIH: National Institute of Biomedical Imaging and Bioengineering.....	100
Closing date: 05 Sep 21	100
HIV infection of the central nervous system (R01 clinical trial not allowed)	100
NIH: National Institute of Neurological Disorders and Stroke	100
Closing date: 07 Sep 21	101
Dissemination and implementation research in health (R21 clinical trial optional): AIDS-related.....	101
NIH: National Cancer Institute	101
Closing date: 07 Sep 21	101
Imaging – science track award for research transition (R03 clinical trial optional): AIDS-related.....	101
NIH: National Institute on Drug Abuse	101
Closing date: 07 Sep 21	101
Small research grant programme (parent R03 clinical trial not allowed): AIDS-related	101
NIH: National Human Genome Research Institute.....	101
Closing date: 07 Sep 21	101
Exploratory or developmental research grant programme (parent R21 clinical trial not allowed): AIDS-related	102
NIH: National Eye Institute	102
Closing date: 07 Sep 21	102
NEI research grant for vision related secondary data analysis (R21 clinical trial not allowed): AIDS-related.....	102
NIH: National Eye Institute	102

Closing date: 07 Sep 21	102
Exploratory/developmental bioengineering research grants (R21 clinical trial optional): AIDS-related.....	102
NIH: National Cancer Institute	102
Closing date: 07 Sep 21	102
Bioengineering research grants (R01 clinical trial required): AIDS-related.....	102
NIH: National Institute of Biomedical Imaging and Bioengineering.....	102
Closing date: 07 Sep 21	103
Research project grant (parent R01 basic experimental studies with humans required): AIDS-related.....	103
NIH: National Eye Institute	103
Closing date: 07 Sep 21	103
AIDS-science track award for research transition (R03 clinical trial optional) .	103
NIH: National Institute on Drug Abuse	103
Closing date: 07 Sep 21	103
Bioengineering research partnerships (U01 clinical trial required): AIDS-related	103
NIH: National Institute of Biomedical Imaging and Bioengineering.....	103
Closing date: 07 Sep 21	103
Strategic mobility – grant for personal mobility between academia and industry	104
Swedish Foundation for Strategic Research Stiftelsen för Strategisk Forskning	104
Closing date: 07 Sep 21	104
National Institute of Dental and Craniofacial Research small grant programme for new investigators (R03 clinical trial not allowed): AIDS-related	104
NIH: National Institute of Dental and Craniofacial Research.....	104
Closing date: 07 Sep 21	104
NLM research grants in biomedical informatics and data science (R01 clinical trial optional): AIDS-related	104
NIH: National Library of Medicine.....	104
Closing date: 07 Sep 21	104
Research to advance vaccine safety (R21 clinical trial not allowed): AIDS-related	104
NIH: National Institute of Allergy and Infectious Diseases.....	104
Closing date: 07 Sep 21	105
Pilot and feasibility studies in preparation for drug and alcohol abuse prevention trials (R34 clinical trial optional): AIDS-related	105
NIH: National Institute on Drug Abuse	105

Closing date: 07 Sep 21	105
Drug discovery for nervous system disorders (R21 clinical trial not allowed):	
AIDS-related.....	105
NIH: National Institute of Neurological Disorders and Stroke	105
Closing date: 07 Sep 21	105
Drug discovery for nervous system disorders (R01 clinical trials not allowed):	
AIDS-related.....	105
NIH: National Institute of Neurological Disorders and Stroke	105
Closing date: 07 Sep 21	105
Accelerating the pace of drug abuse research using existing data (R01 clinical trial optional): AIDS-related	106
NIH: National Institute on Drug Abuse	106
Closing date: 07 Sep 21	106
Alzheimer's drug development programme (U01 clinical trial optional): AIDS-related	106
NIH: National Institute on Aging	106
Closing date: 07 Sep 21	106
Discovery of in vivo chemical probes for the nervous system (R01 clinical trial not allowed): AIDS-related.....	106
NIH: National Institute of Neurological Disorders and Stroke	106
Closing date: 07 Sep 21	106
Development and testing of novel interventions to improve HIV prevention, care and programme implementation (R34 clinical trial optional).....	106
NIH: National Institute on Drug Abuse	106
Closing date: 07 Sep 21	107
Physical activity and weight control interventions among cancer survivors – effects on biomarkers of prognosis and survival (R01 clinical trial optional): AIDS-related.....	107
NIH: National Cancer Institute	107
Closing date: 07 Sep 21	107
Physical activity and weight control interventions among cancer survivors – effects on biomarkers of prognosis and survival (R21 clinical trial optional): AIDS-related.....	107
NIH: National Cancer Institute	107
Closing date: 07 Sep 21	107
Dissemination and implementation research in health (R01 clinical trial optional): AIDS-related.....	107
NIH: National Cancer Institute	107
Closing date: 07 Sep 21	108

Dissemination and implementation research in health (R03 clinical trial not allowed): AIDS-related.....	108
NIH: National Cancer Institute	108
Closing date: 07 Sep 21	108
Research education programme for clinical researchers and clinicians (R25 clinical trial optional): AIDS-related.....	108
NIH: National Institute on Drug Abuse	108
Closing date: 07 Sep 21	108
New computational methods for understanding the functional role of DNA variants that are associated with mental disorders (R01 clinical trial not allowed): AIDS-related.....	108
NIH: National Institute of Neurological Disorders and Stroke	108
Closing date: 07 Sep 21	108
Eradication of HIV-1 from central nervous system reservoirs (R01 clinical trial not allowed)	109
NIH: National Institute of Neurological Disorders and Stroke	109
Closing date: 07 Sep 21	109
Collaborative clinical vision project – resource centre grant (UG1 clinical trial required): AIDS-related.....	109
NIH: National Eye Institute	109
Closing date: 07 Sep 21	109
Collaborative clinical vision research – chair’s grant (UG1 clinical trial required): AIDS-related.....	109
NIH: National Eye Institute	109
Closing date: 07 Sep 21	109
Collaborative clinical vision research project – coordinating centre grant (UG1 clinical trial required): AIDS-related.....	109
NIH: National Eye Institute	109
Closing date: 07 Sep 21	110
Innovations in HIV testing, adherence and retention to optimise HIV care continuum outcomes (R01 clinical trial optional)	110
NIH: National Institute of Neurological Disorders and Stroke	110
Closing date: 07 Sep 21	110
Blueprint neurotherapeutics network – small molecule drug discovery and development for disorders of the nervous system (UH2/UH3 clinical trial optional): AIDS-related.....	110
NIH: National Institute of Neurological Disorders and Stroke	110
Closing date: 07 Sep 21	110
Prevention research in mid-life adults (R21 clinical trial optional): AIDS-related	110

NIH: National Institute of Nursing Research	110
Closing date: 07 Sep 21	110
Prevention research in mid-life adults (R01 clinical trial optional): AIDS-related	111
NIH: National Institute of Nursing Research	111
Closing date: 07 Sep 21	111
Maternal nutrition and pre-pregnancy obesity – effects on mothers, infants and children (R01 clinical trial optional): AIDS-related.....	111
NIH: National Institute of Nursing Research	111
Closing date: 07 Sep 21	111
Arts project grants for organisations	111
Australia Council for the Arts	111
Closing date: 07 Sep 21	111
Developing the therapeutic potential of the endocannabinoid system for pain treatment (R01 clinical trial optional): AIDS-related	111
NIH: National Institute on Drug Abuse	111
Closing date: 07 Sep 21	112
End-of-life and palliative needs of adolescents and young adults with serious illnesses (R21 clinical trial optional): AIDS-related	112
NIH: National Institute of Nursing Research	112
Closing date: 07 Sep 21	112
End-of-life and palliative needs of adolescents and young adults with serious illnesses (R01 clinical trial optional): AIDS-related	112
NIH: National Institute of Nursing Research	112
Closing date: 07 Sep 21	112
Small research grants for oral health data analysis and statistical methodology development (R03 clinical trial not allowed): AIDS-related.....	112
NIH: National Institute of Dental and Craniofacial Research.....	112
Closing date: 07 Sep 21	113
HIV/AIDS high priority drug abuse research (R01 clinical trial optional).....	113
NIH: National Institute on Drug Abuse	113
Closing date: 07 Sep 21	113
Innovations in HIV prevention, testing, adherence and retention to optimise HIV prevention and care continuum outcomes (R21 clinical trial optional)	113
NIH: National Institute of Neurological Disorders and Stroke	113
Closing date: 07 Sep 21	113
Clinical studies of mental illness (collaborative R01 clinical trial optional): AIDS-related	113
NIH: National Institute of Neurological Disorders and Stroke	113

Closing date: 07 Sep 21	113
Multidisciplinary studies of HIV/AIDS and ageing (R21 clinical trial optional)	114
NIH: National Institute on Aging	114
Closing date: 07 Sep 21	114
Multidisciplinary studies of HIV/AIDS and ageing (R01 clinical trial optional)	114
NIH: National Institute on Aging	114
Closing date: 07 Sep 21	114
Discovery of cell-based chemical probes for novel brain targets (R21 clinical trial not allowed): AIDS-related.....	114
NIH: National Institute of Neurological Disorders and Stroke	114
Closing date: 07 Sep 21	114
Assay development and screening for discovery of chemical probes, drugs or immunomodulators (R01 clinical trial not allowed): AIDS-related	114
NIH: National Cancer Institute	114
Closing date: 07 Sep 21	115
Understanding and modifying temporal dynamics of coordinated neural activity (R21 clinical trial optional): AIDS-related.....	115
NIH: National Institute of Neurological Disorders and Stroke	115
Closing date: 07 Sep 21	115
Understanding and modifying temporal dynamics of coordinated neural activity (R01 clinical trial optional): AIDS-related.....	115
NIH: National Institute of Neurological Disorders and Stroke	115
Closing date: 07 Sep 21	115
Exploratory or developmental research grant programme (parent R21 clinical trial required): AIDS-related	115
NIH: National Eye Institute	115
Closing date: 07 Sep 21	116
NIMH exploratory/developmental research grant (R21 clinical trial not allowed): AIDS-related.....	116
NIH: National Institute of Mental Health	116
Closing date: 07 Sep 21	116
Joint NINDS/NIMH exploratory neuroscience research grant (R21 clinical trial optional): AIDS-related.....	116
NIH: National Institute of Neurological Disorders and Stroke	116
Closing date: 07 Sep 21	116
Research project grant (parent R01 clinical trial not allowed): AIDS-related....	116
NIH: National Eye Institute	116
Closing date: 07 Sep 21	116

Cancer prevention and control clinical trials grant programme (R01 clinical trial required): AIDS-related.....	116
NIH: National Cancer Institute	116
Closing date: 07 Sep 21	117
Pilot and feasibility studies of HIV and animal models for HIV infection within the mission of the NIDDK (R21 clinical trial not allowed): AIDS-related.....	117
NIH: National Institute of Diabetes and Digestive and Kidney Diseases	117
Closing date: 07 Sep 21	117
Disease mechanisms of prenatal and paediatric hydrocephalus (R01 clinical trial not allowed): AIDS-related.....	117
NIH: National Institute of Neurological Disorders and Stroke	117
Closing date: 07 Sep 21	117
NIDA small research grant programme (R03 clinical trial required): AIDS-related	117
NIH: National Institute on Drug Abuse	117
Closing date: 07 Sep 21	117
Tools to enhance the study of prenatal and paediatric hydrocephalus (R21 clinical trial not allowed): AIDS-related.....	118
NIH: National Institute of Neurological Disorders and Stroke	118
Closing date: 07 Sep 21	118
Small research grants for analyses of Gabriella Miller Kids First paediatric research data (R03 clinical trial not allowed): AIDS-related.....	118
NIH: Eunice Kennedy Shriver National Institute of Child Health and Human Development.....	118
Closing date: 07 Sep 21	118
Precision imaging of oral lesions (R01 clinical trial not allowed): AIDS-related	118
NIH: National Institute of Dental and Craniofacial Research.....	118
Closing date: 07 Sep 21	118
Precision imaging of oral lesions (R21 clinical trial not allowed): AIDS-related	119
NIH: National Institute of Dental and Craniofacial Research.....	119
Closing date: 07 Sep 21	119
Role of gut microbiome in regulating reproduction and its impact on fertility status in women living with and without HIV (R21 clinical trial optional): AIDS-related	119
NIH: Eunice Kennedy Shriver National Institute of Child Health and Human Development.....	119
Closing date: 07 Sep 21	119

Role of gut microbiome in regulating reproduction and its impact on fertility status in women living with and without HIV (R01 clinical trial optional): AIDS-related	119
NIH: Eunice Kennedy Shriver National Institute of Child Health and Human Development.....	119
Closing date: 07 Sep 21	119
Investigator-initiated research in computational genomics and data science (R01 clinical trial not allowed): AIDS-related.....	120
NIH: National Human Genome Research Institute.....	120
Closing date: 07 Sep 21	120
Investigator-initiated research in computational genomics and data science (R21 clinical trial not allowed): AIDS-related.....	120
NIH: National Human Genome Research Institute.....	120
Closing date: 07 Sep 21	120
Alcohol and other drug interactions – unintentional injuries and overdoses – epidemiology and prevention (R01 clinical trial optional): AIDS-related.....	120
NIH: National Institute on Alcohol Abuse and Alcoholism	120
Closing date: 07 Sep 21	120
Vision research epidemiology grant (UG1 clinical trial not allowed): AIDS-related	121
NIH: National Eye Institute	121
Closing date: 07 Sep 21	121
Alcohol and other drug interactions – unintentional injuries and overdoses – epidemiology and prevention (R03 clinical trial optional): AIDS-related.....	121
NIH: National Institute on Alcohol Abuse and Alcoholism	121
Closing date: 07 Sep 21	121
Alcohol and other drug interactions – unintentional injuries and overdoses – epidemiology and prevention (R21 clinical trial optional): AIDS-related.....	121
NIH: National Institute on Alcohol Abuse and Alcoholism	121
Closing date: 07 Sep 21	121
Advancing translational and clinical probiotic/prebiotic and human microbiome research (R01 clinical trial optional): AIDS-related.....	122
NIH: National Cancer Institute	122
Closing date: 07 Sep 21	122
New computational methods for understanding the functional role of DNA variants that are associated with mental disorders (R01 (collab) clinical trial not allowed): AIDS-related.....	122
NIH: National Institute of Neurological Disorders and Stroke	122
Closing date: 07 Sep 21	122

Applying a biopsychosocial perspective to self-management of chronic pain (R01 clinical trial optional): AIDS-related.....	122
NIH: National Institute of Nursing Research.....	122
Closing date: 07 Sep 21	122
Biobehavioural basis of chronic pain (R01 clinical trial optional): AIDS-related	122
NIH: National Institute of Nursing Research.....	122
Closing date: 07 Sep 21	123
Applying a biopsychosocial perspective to self-management of chronic pain (R21 clinical trial optional): AIDS-related.....	123
NIH: National Institute of Nursing Research.....	123
Closing date: 07 Sep 21	123
Biobehavioural basis of chronic pain (R21 clinical trial optional): AIDS-related	123
NIH: National Institute of Nursing Research.....	123
Closing date: 07 Sep 21	123
Fc-dependent mechanisms of antibody-mediated killing (R21 clinical trial not allowed): AIDS-related.....	123
NIH: National Institute of Allergy and Infectious Diseases.....	123
Closing date: 07 Sep 21	123
Addressing caregiver symptoms through technological tools (R01 clinical trial optional): AIDS-related.....	124
NIH: National Institute of Nursing Research.....	124
Closing date: 07 Sep 21	124
Addressing caregiver symptoms through technological tools (R21 clinical trial optional): AIDS-related.....	124
NIH: National Institute of Nursing Research.....	124
Closing date: 07 Sep 21	124
Advancing research in augmentative and alternative communication (R01 clinical trial optional): AIDS-related.....	124
NIH: National Institute on Deafness and other Communication Disorders	124
Closing date: 07 Sep 21	124
End-of-life and palliative care approaches to advanced signs and symptoms (R01 clinical trial optional): AIDS-related.....	124
NIH: National Institute of Nursing Research.....	124
Closing date: 07 Sep 21	124
Advancing research in augmentative and alternative communication (R21 clinical trial optional): AIDS-related.....	125
NIH: National Institute on Deafness and other Communication Disorders	125

Closing date: 07 Sep 21	125
End-of-life and palliative care approaches to advanced signs and symptoms (R21 clinical trial optional): AIDS-related.....	125
NIH: National Institute of Nursing Research	125
Closing date: 07 Sep 21	125
Engaging men in HIV testing, prevention and care (R01 clinical trial optional)	125
NIH: National Institute of Allergy and Infectious Diseases.....	125
Closing date: 07 Sep 21	125
Engaging men in HIV testing, prevention and care (R21 clinical trial optional)	126
NIH: National Institute of Allergy and Infectious Diseases.....	126
Closing date: 07 Sep 21	126
Strategies to provide culturally tailored palliative and end-of-life care for seriously ill American Indian and Alaska Native individuals (R01 clinical trial optional): AIDS-related.....	126
NIH: National Institute of Nursing Research	126
Closing date: 07 Sep 21	126
Strategies to provide culturally tailored palliative and end-of-life care for seriously ill American Indian and Alaska Native individuals (R21 clinical trial optional): AIDS-related.....	126
NIH: National Institute of Nursing Research	126
Closing date: 07 Sep 21	126
Processing and presentation of non-conventional MHC ligands (R01 clinical trial not allowed): AIDS-related.....	126
NIH: National Institute of Allergy and Infectious Diseases.....	126
Closing date: 07 Sep 21	127
Processing and presentation of non-conventional MHC ligands (R21 clinical trial not allowed): AIDS-related.....	127
NIH: National Institute of Allergy and Infectious Diseases.....	127
Closing date: 07 Sep 21	127
Telomeres in wellness and disease – a biobehavioural approach (R01 clinical trial optional): AIDS-related	127
NIH: National Institute of Nursing Research	127
Closing date: 07 Sep 21	127
Telomeres in wellness and disease – a biobehavioural approach (R21 clinical trial optional): AIDS-related	127
NIH: National Institute of Nursing Research	127
Closing date: 07 Sep 21	128
Exploratory or developmental research grant programme (parent R21 basic experimental studies with humans required): AIDS-related	128

NIH: National Eye Institute	128
Closing date: 07 Sep 21	128
Novel approaches to understand, prevent, treat, and diagnose coccidioidomycosis and other select endemic fungal infections (R01 clinical trial not allowed): AIDS-related.....	128
NIH: National Institute of Allergy and Infectious Diseases.....	128
Closing date: 07 Sep 21	128
Novel approaches to understand, prevent, treat, and diagnose coccidioidomycosis and other select endemic fungal infections (R21 clinical trial not allowed): AIDS-related.....	128
NIH: National Institute of Allergy and Infectious Diseases.....	128
Closing date: 07 Sep 21	128
Bioengineering research grants (R01 clinical trial not allowed): AIDS-related.	129
NIH: National Institute of Biomedical Imaging and Bioengineering.....	129
Closing date: 07 Sep 21	129
Bioengineering research partnerships (U01 clinical trial not allowed): AIDS- related	129
NIH: National Institute of Biomedical Imaging and Bioengineering.....	129
Closing date: 07 Sep 21	129
Exploratory/developmental bioengineering research grants (R21 clinical trial not allowed): AIDS-related.....	129
NIH: National Cancer Institute	129
Closing date: 07 Sep 21	129
Accelerating the pace of child health research using existing data from the adolescent brain cognitive development study (R01 clinical trial not allowed): AIDS-related.....	129
NIH: National Institute on Drug Abuse	129
Closing date: 07 Sep 21	130
Accelerating the pace of child health research using existing data from the adolescent brain cognitive development study (R21 clinical trial not allowed): AIDS-related.....	130
NIH: National Institute on Drug Abuse	130
Closing date: 07 Sep 21	130
Comparative effectiveness research in clinical neurosciences (UG3/UH3 clinical trial not allowed): AIDS-related	130
NIH: National Institute of Neurological Disorders and Stroke.....	130
Closing date: 07 Sep 21	130
Clinical research study planning grant programme (R34 clinical trial not allowed): AIDS-related.....	130
NIH: National Eye Institute	130

Closing date: 07 Sep 21	130
Novel RNAs in virology and immune regulation – basic science and therapeutic discovery (R21 clinical trial not allowed): AIDS-related.....	131
NIH: National Institute of Allergy and Infectious Diseases.....	131
Closing date: 07 Sep 21	131
Discovery of biomarkers and biomarker signatures for neurological and neuromuscular disorders (R61/R33 clinical trial optional): AIDS-related	131
NIH: National Institute of Neurological Disorders and Stroke.....	131
Closing date: 07 Sep 21	131
Mechanisms of tolerance (R21/R33 clinical trial required): AIDS-related.....	131
NIH: National Institute on Alcohol Abuse and Alcoholism	131
Closing date: 07 Sep 21	131
Centres of vocational excellence.....	131
Education, Audiovisual and Culture Executive Agency.....	131
Closing date: 07 Sep 21	132
Development and application of PET and SPECT imaging ligands as biomarkers for drug discovery and for pathophysiological studies of CNS disorders (R01 clinical trial optional): AIDS-related.....	132
NIH: National Institute of Neurological Disorders and Stroke.....	132
Closing date: 07 Sep 21	132
Development and application of PET and SPECT imaging ligands as biomarkers for drug discovery and for pathophysiological studies of central nervous system disorders (R01 clinical trial not allowed): AIDS-related.....	132
NIH: National Institute of Neurological Disorders and Stroke.....	132
Closing date: 07 Sep 21	132
Catalytic tool and technology development in kidney, urological and haematological diseases (R21 clinical trial not allowed): AIDS-related	133
NIH: National Institute of Diabetes and Digestive and Kidney Diseases.....	133
Closing date: 07 Sep 21	133
Research project grant (parent R01 clinical trial required): AIDS-related.....	133
NIH: National Eye Institute	133
Closing date: 07 Sep 21	133
HEAL initiative – non-addictive analgesic therapeutics development to treat pain (UG3/UH3 clinical trial not allowed): AIDS-related.....	133
NIH: National Institute of Neurological Disorders and Stroke.....	133
Closing date: 07 Sep 21	133
Notice of special interest – telehealth strategies for individuals with HIV and substance use disorders.....	133
NIH: National Institute on Drug Abuse.....	133

Closing date: 07 Sep 21	134
Blueprint neurotherapeutics network – biologic-based drug discovery and development for disorders of the nervous system (UG3/UH3 clinical trial optional): AIDS-related.....	134
NIH: National Institute of Neurological Disorders and Stroke	134
Closing date: 07 Sep 21	134
Multiple sclerosis research programme – early investigator research award ...	134
US Department of Defense.....	134
Closing date: 07 Sep 21	134
Research grants on Down’s syndrome and other rare intellectual disabilities of genetic origin.....	134
Jérôme Lejeune Foundation Fondation Jérôme Lejeune.....	134
Closing date: 08 Sep 21 (Forecast)	134
Partnership grant – infections and immunity.....	135
Medical Research Council	135
Closing date: 08 Sep 21	135
Single-site investigator-initiated clinical trials (R61/R33 clinical trial required): AIDS-related.....	135
NIH: National Heart, Lung and Blood Institute.....	135
Closing date: 08 Sep 21	135
Clinical coordinating centre for multi-site investigator-initiated clinical trials (collaborative UG3/UH3 clinical trial required): AIDS-related	135
NIH: National Heart, Lung and Blood Institute.....	135
Closing date: 08 Sep 21	135
Data coordinating centre for multi-site investigator-initiated clinical trials (collaborative U24 clinical trial required): AIDS-related.....	136
NIH: National Heart, Lung and Blood Institute.....	136
Closing date: 08 Sep 21	136
Nursing research grant.....	136
American Thoracic Society.....	136
Closing date: 08 Sep 21 (Forecast)	136
Unrestricted grants	136
American Thoracic Society.....	136
Closing date: 08 Sep 21 (Forecast)	136
Partner grants	136
American Thoracic Society.....	136
Closing date: 08 Sep 21 (Forecast)	136

Developing digital therapeutics for substance use disorders (UG3/UH3 clinical trial optional): Aids-related	137
NIH: National Institute on Drug Abuse	137
Closing date: 08 Sep 21	137
Systems approach to understand mechanisms of heterogeneous response to influenza (R01 clinical trial not allowed)	137
NIH: National Institute of Allergy and Infectious Diseases	137
Closing date: 08 Sep 21	137
Research grant programme – idea grants	137
Barth Syndrome Foundation	137
Closing date: 09 Sep 21 (Forecast)	137
Clinical project grants	137
Swedish Childhood Cancer Foundation Barncancerfonden	137
Closing date: 09 Sep 21	138
Science of science – discovery, communication and impact	138
National Science Foundation	138
Closing date: 09 Sep 21	138
COMING SOON: Experimental medicine grants	138
Medical Research Council	138
Closing date: 09 Sep 21	138
Research grants	138
Feminist Review Trust	138
Closing date: 10 Sep 21	138
Industry-university cooperative research centres programme	138
National Science Foundation	138
Closing date: 10 Sep 21	138
Research grants	139
Foundation for Prader-Willi Research	139
Closing date: 10 Sep 21	139
Dispatch of visiting professor	139
Korea Foundation	139
Closing date: 10 Sep 21 (Forecast)	139
Team research project programme	139
Québec Nature and Technology Research Fund (FRQNT) Fonds de Recherche du Québec – Nature et Technologies	139
Closing date: 10 Sep 21 (Forecast)	139
Support for establishment of professorships	139

Korea Foundation	139
Closing date: 10 Sep 21 (Forecast)	139
COMING SOON: Project support.....	140
Andrea von Braun Foundation Andrea von Braun Stiftung.....	140
Closing date: 10 Sep 21 (Forecast)	140
COMING SOON: Fellowship programme.....	140
International Tropical Timber Organization.....	140
Closing date: 11 Sep 21 (Forecast)	140
Grants for research and development projects.....	140
Stiftelsen Promobilia	140
Closing date: 11 Sep 21 (Forecast)	140
Programme development grants – competition 30.....	140
Department of Health and Social Care including NIHR.....	140
Closing date: 12 Sep 21 (Forecast)	140
COMING SOON: Clinical research awards.....	140
Children’s Tumor Foundation.....	140
Closing date: 13 Sep 21	141
NIAID clinical trial implementation cooperative agreement (U01 clinical trial required)	141
NIH: National Institute of Allergy and Infectious Diseases.....	141
Closing date: 13 Sep 21	141
Culture and arts programme	141
Nordic Council of Ministers Norden.....	141
Closing date: 13 Sep 21	141
Micro grants	141
Pediatric Orthopaedic Society of North America.....	141
Closing date: 13 Sep 21 (Forecast)	141
NIAID clinical trial planning grant (R34 clinical trial not allowed)	142
NIH: National Institute of Allergy and Infectious Diseases.....	142
Closing date: 14 Sep 21	142
Early-career awards	142
Thrasher Research Fund	142
Closing date: 14 Sep 21	142
Investigator-led call	142
Belgian Health Care Knowledge Centre KCE.....	142
Closing date: 14 Sep 21 (Forecast)	142

BRAIN initiative – theories, models and methods for analysis of complex data from the brain (R01 clinical trial not allowed)	142
NIH: National Institute of Biomedical Imaging and Bioengineering.....	142
Closing date: 14 Sep 21 (Forecast)	142
My start Barcelona	143
Italian Chamber of Commerce in Barcelona Camera Italian Barcelona	143
Closing date: 14 Sep 21 (Forecast)	143
Therapeutic discovery programme award	143
Cancer Research UK.....	143
Closing date: 14 Sep 21	143
John Z Duling grant programme	143
TREE Fund	143
Closing date: 15 Sep 21	143
Career development award	143
Medical Research Council	143
Closing date: 15 Sep 21	143
Quaternary research fund	144
Quaternary Research Association.....	144
Closing date: 15 Sep 21	144
New research workers' awards.....	144
Quaternary Research Association.....	144
Closing date: 15 Sep 21	144
Established investigator grant.....	144
Scleroderma Foundation.....	144
Closing date: 15 Sep 21 (Forecast)	144
Exploratory micro research grants	144
Scoliosis Research Society	144
Closing date: 15 Sep 21 (Forecast)	144
New investigator research grant	144
Scoliosis Research Society	144
Closing date: 15 Sep 21 (Forecast)	145
Standard research grant.....	145
Scoliosis Research Society	145
Closing date: 15 Sep 21 (Forecast)	145
Research grants	145
Thoracic Surgery Foundation.....	145
Closing date: 15 Sep 21 (Forecast)	145

Nina Starr Braunwald research award.....	145
Thoracic Surgery Foundation.....	145
Closing date: 15 Sep 21 (Forecast)	145
Research grants	145
National Academic Advising Association.....	145
Closing date: 15 Sep 21 (Forecast)	145
Linked standard research innovation grants.....	146
American Foundation for Suicide Prevention.....	146
Closing date: 15 Sep 21 (Forecast)	146
Grants for academic and artistic work	146
Kone Foundation Koneen Säätiö	146
Closing date: 15 Sep 21	146
COMING SOON: Early-career grant.....	146
Regional Studies Association.....	146
Closing date: 15 Sep 21 (Forecast)	146
Grants in support of projects in the humanities, social science and biomedicine fields.....	146
Fritz Thyssen Foundation Fritz Thyssen Stiftung.....	146
Closing date: 15 Sep 21	146
Novartis research grant.....	146

COMING SOON: Research for health in humanitarian crises	193
Wellcome	193
Closing date: 15 Oct 21 (Forecast)	193
Uma Lele mentor fellowship award	193
Agricultural and Applied Economics Association	193
Closing date: 15 Oct 21 (Forecast)	193
Grants	193
DF Plett Historical Research Foundation	193
Closing date: 15 Oct 21 (Forecast)	194

Administrative supplements for research on dietary supplements (admin supp clinical trial not allowed)	194
NIH: National Institutes of Health	194
Closing date: 15 Oct 21	194
Research grants	194
Society of Architectural Historians of Great Britain	194
Closing date: 15 Oct 21	194
Scholarships for women	194
Fredrika Bremer Association Fredrika Bremer-Förbundet	194
Closing date: 15 Oct 21	194
Research grants – bi-nationally supervised doctoral degrees – cotutelle programme selected African countries	195
German Academic Exchange Service (DAAD) Deutscher Akademischer Austauschdienst	195
Closing date: 15 Oct 21 (Forecast)	195
Clinical research collaborations programme	195
European Respiratory Society	195
Closing date: 15 Oct 21	195
BRAIN initiative – integration and analysis of BRAIN initiative data (R01 clinical trial not allowed)	195
NIH: National Institute of Neurological Disorders and Stroke	195
Closing date: 15 Oct 21	195
Women in STEM2D scholars award	195
Johnson & Johnson	195
Closing date: 15 Oct 21 (Forecast)	195
Study scholarships for graduates in the field of music for graduates from selected countries	196
German Academic Exchange Service (DAAD) Deutscher Akademischer Austauschdienst	196
Closing date: 15 Oct 21	196
Drotar-Crawford postdoctoral fellowship research grant in paediatric psychology	196
American Psychological Association	196
Closing date: 15 Oct 21 (Forecast)	196
Mary Jo Kupst trainee grant for research in resilience	196
American Psychological Association	196
Closing date: 15 Oct 21 (Forecast)	196
Research grants for hereditary spastic paraplegia and primary lateral sclerosis studies	196

Spastic Paraplegia Foundation	196
Closing date: 15 Oct 21 (Forecast)	196
Vera Roberts endowment.....	197
Canadian Association for the History of Nursing Association Canadienne pour l'Histoire du Nursing.....	197
Closing date: 15 Oct 21.....	197
Job syndrome research grants	197
Job Research Foundation	197
Closing date: 15 Oct 21 (Forecast)	197
Priority programme.....	197
German Research Foundation (DFG) Deutsche Forschungsgemeinschaft ...	197
Closing date: 15 Oct 21.....	197
Understanding and reducing cardiovascular disease in type 1 diabetes mellitus (R01 – clinical trial optional).....	197
NIH: National Heart, Lung and Blood Institute.....	197
Closing date: 15 Oct 21.....	197
Research grants in biological sciences and humanities	198
Fyssen Foundation.....	198
Closing date: 16 Oct 21 (Forecast)	198
Ludo Frevel crystallography scholarship	198
International Centre for Diffraction Data	198
Closing date: 16 Oct 21 (Forecast)	198
Scholarships	198
University Association for Contemporary European Studies.....	198
Closing date: 16 Oct 21 (Forecast)	198
International research grant	198
Obstetric Anaesthetists' Association	198
Closing date: 16 Oct 21 (Forecast)	198
Academic scholarship fund – return to research scholarship	199
Society for Reproduction and Fertility	199
Closing date: 16 Oct 21 (Forecast)	199
COMING SOON: Graduate student award	199
Association for Professionals in Infection Control and Epidemiology Research Foundation.....	199
Closing date: 16 Oct 21 (Forecast)	199
Financial support for cooperation projects in Finnish language and culture	199
Finnish National Agency for Education Opetushallitus	199

Closing date: 16 Oct 21 (Forecast)	199
COMING SOON: NHS innovation accelerator	199
Department of Health and Social Care including NIHR.....	199
Closing date: 16 Oct 21 (Forecast)	199
Identification of positive valence system related targets for novel suicide prevention approaches (R21 clinical trial optional)	200
NIH: National Institute of Mental Health	200
Closing date: 16 Oct 21	200
Academic scholarship fund – academic scholarship	200
Society for Reproduction and Fertility	200
Closing date: 18 Oct 21 (Forecast)	200
Academic scholarship fund – early-career researcher scholarship	200
Society for Reproduction and Fertility	200
Closing date: 18 Oct 21 (Forecast)	200
Research on emerging technologies for teaching and learning.....	200
National Science Foundation	200
Closing date: 18 Oct 21	200
Research grant awards	201
International Association for Medical Education	201
Closing date: 18 Oct 21 (Forecast)	201
COMING SOON: Research grants.....	201
Cystinosis Research Foundation	201
Closing date: 19 Oct 21 (Forecast)	201
Canada research chairs.....	201
Government of Canada Gouvernement du Canada	201
Closing date: 19 Oct 21	201
Innovator awards – inflammatory bowel disease.....	201
Kenneth Rainin Foundation	201
Closing date: 19 Oct 21 (Forecast)	201
BRAIN initiative – pilot resources for brain cell type-specific access and manipulation across vertebrate species (U01 clinical trial not allowed)	202
NIH: National Institute of Neurological Disorders and Stroke	202
Closing date: 19 Oct 21	202
Development of new technologies and bioengineering solutions for the advancement of cell replacement therapies for type 1 diabetes (R01 clinical trial optional)	202
NIH: National Institute of Diabetes and Digestive and Kidney Diseases	202
Closing date: 20 Oct 21	202

Young investigator awards	202
Melanoma Research Alliance.....	202
Closing date: 21 Oct 21 (Forecast)	202
Early-career grant.....	202
National Geographic Society.....	202
Closing date: 21 Oct 21 (Forecast)	202
Exploration grant – big cats conservation	203
National Geographic Society.....	203
Closing date: 21 Oct 21 (Forecast)	203
Polar continental shelf programme – Arctic logistics requests	203
Natural Resources Canada Ressources Naturelles Canada.....	203
Closing date: 21 Oct 21 (Forecast)	203
Perspective call.....	203
Dutch Research Council Nederlandse Organisatie voor Wetenschappelijk Onderzoek.....	203
Closing date: 22 Oct 21 (Forecast)	203
Target advancement programme	203
Michael J Fox Foundation for Parkinson's Research	203
Closing date: 22 Oct 21 (Forecast)	203
Therapeutic pipeline programme	204
Michael J Fox Foundation for Parkinson's Research	204
Closing date: 22 Oct 21 (Forecast)	204
Analysis of patient-reported outcomes from Fox Insight	204
Michael J Fox Foundation for Parkinson's Research	204
Closing date: 22 Oct 21 (Forecast)	204
Conservation leadership award	204
Conservation Leadership Programme	204
Closing date: 23 Oct 21 (Forecast)	204
Toi tipu Toi rea – emerging Māori artist grant.....	204
Creative New Zealand – Arts Council of New Zealand Toi Aotearoa.....	204
Closing date: 23 Oct 21 (Forecast)	205
COMING SOON: Dorothy Temple Cross tuberculosis international collaboration grants.....	205
Medical Research Foundation.....	205
Closing date: 23 Oct 21 (Forecast)	205
Historical, artistic and cultural heritage grants	205
Foundation for Southern Italy Fondazione con il Sud.....	205

Closing date: 25 Oct 21 (Forecast)	205
Advancing technologies to improve delivery of pharmacological, gene editing and other cargoes for HIV and substance use disorders mechanistic or therapeutic research (R01 clinical trial optional)	205
NIH: National Institute on Drug Abuse	205
Closing date: 25 Oct 21	205
Diversity in science grants	205
Biochemical Society	205
Closing date: 26 Oct 21 (Forecast)	206
COMING SOON: Research for patient and public benefit scheme	206
Health and Care Research Wales	206
Closing date: 27 Oct 21 (Forecast)	206
Annual funding call	206
Enhancing Learning and Research for Humanitarian Assistance	206
Closing date: 27 Oct 21 (Forecast)	206
Medical research call for proposals in neuromuscular disorders	206
French Muscular Dystrophy Association Association Française Contre les Myopathies	206
Closing date: 27 Oct 21 (Forecast)	206
EIC pathfinder – challenge driven call	207
Horizon Europe: Innovative Europe	207
Closing date: 27 Oct 21	207
Secondary analysis of existing datasets in heart, lung and blood diseases and sleep disorders (R21 clinical trial not allowed)	207
NIH: National Heart, Lung and Blood Institute	207
Closing date: 28 Oct 21	207
Challenge programme – mathematical modelling of health and disease	207
Novo Nordisk Foundation Novo Nordisk Fonden	207
Closing date: 29 Oct 21 (Forecast)	207
BRAIN initiative – new concepts and early-stage research for large-scale recording and modulation in the nervous system (R21 clinical trial not allowed)	208
NIH: National Eye Institute	208
Closing date: 29 Oct 21	208
CIPHER programme – paediatric research grants	208
International AIDS Society	208
Closing date: 30 Oct 21 (Forecast)	208
Collaborative research network funding	208

University Association for Contemporary European Studies	208
Closing date: 30 Oct 21 (Forecast)	208
Study scholarships for graduates in performing arts	208
German Academic Exchange Service (DAAD) Deutscher Akademischer Austauschdienst	208

Research grants

Harry Frank Guggenheim Foundation

These support research in the natural and social sciences and the humanities that promise to increase understanding of the causes, manifestations and control of violence and aggression. Grants

usually range from USD 15,000 to USD 40,000 per year for periods of one or two years.

Closing date: 01 Aug 21

[Link to *Research Professional](#)

Collaborative research grants

American Academy of Religion

These aim to encourage cooperative research among scholars with a focus on a clearly identified research project relating to an aspect of

religion. Grants are worth between USD 500 and USD 5,000 each.

Closing date: 01 Aug 21

[Link to *Research Professional](#)

Brian D Novis junior research grants

International Myeloma Foundation

These support research in the field of multiple myeloma or related

disorders. Award are worth USD 50,000 each.

Closing date: 01 Aug 21 (Forecast)

[Link to *Research Professional](#)

Brian D Novis senior research grants

International Myeloma Foundation

These support established investigators with a track record in multiple myeloma or related disorders in undertaking projects which represent a different focus, direction or area of research from

those in which they are currently funded. Grants are worth USD 80,000 each.

Closing date: 01 Aug 21 (Forecast)

[Link to *Research Professional](#)

Small grants

Mérieux Foundation | Fondation Mérieux

These support projects that improve the prevention, diagnosis and

treatment of infectious diseases. Grants are worth up to €5,000 each.

Closing date: 01 Aug 21

[Link to *Research Professional](#)

Research and travel grant

Southern Jewish Historical Society

This supports researchers with travel and other expenses related to

conducting research in Southern Jewish history.

Closing date: 01 Aug 21 (Forecast)

[Link to *Research Professional](#)

Eurogia2020 call for projects – low-carbon energy technologies

EUREKA

This supports international partnerships in developing innovative projects in clean energy and decarbonising technology.

Closing date: 01 Aug 21 (Forecast)

[Link to *Research Professional](#)

Research grants

British Bryological Society

These enable society members to conduct bryological research. Grants are worth up to £750.

Closing date: 01 Aug 21

[Link to *Research Professional](#)

Small grants

Estuarine Coastal Sciences Association

These enable students to attend academic conferences, travel for research purposes, visit libraries or other collections of research materials, visit laboratories or

conduct fieldwork. Grants are worth up to £500 each.

Closing date: 01 Aug 21

[Link to *Research Professional](#)

Scott and Donna Langston archival grant

Southern Jewish Historical Society

This supports projects aiming to preserve archival materials related to Southern Jewish history. Grants

typically range from USD 500 to USD 2,000.

Closing date: 01 Aug 21 (Forecast)

[Link to *Research Professional](#)

Education project grant

Society for Academic Emergency Medicine

This supports a medical education research project relevant to emergency medicine. The grant is

worth up to USD 20,000 for one year.

Closing date: 01 Aug 21 (Forecast)

[Link to *Research Professional](#)

Academy of Emergency Ultrasound research grant

Society for Academic Emergency Medicine

This supports research evaluating the impact of point-of-care ultrasound on clinical practice or characterising point-of-care ultrasound learning curves. Grants

are worth up to USD 10,000 each for one year.

Closing date: 01 Aug 21 (Forecast)

[Link to *Research Professional](#)

Novice research grant

Society for Academic Emergency Medicine

This supports projects to increase the body of knowledge in simulation-based endeavours and applications within different facets of emergency medicine care, training

and systems research. Grants are worth up to USD 5,000 each for one year.

Closing date: 01 Aug 21 (Forecast)

[Link to *Research Professional](#)

Blue sky research grant

American Foundation for Suicide Prevention

This supports innovative projects in new areas of investigation with potentially high impact for the

understanding and prevention of suicide.

Closing date: 01 Aug 21 (Forecast)

[Link to *Research Professional](#)

Research large project grant

Society for Academic Emergency Medicine

This supports an emergency medicine faculty member in conducting a large-scale research project to advance their career and subsequently obtaining federal

[Link to *Research Professional](#)

funding by developing pilot data. Grants are worth USD 150,000 over a two-year period.

Closing date: 01 Aug 21 (Forecast)

Postdoctoral research award

Friedreich's Ataxia Research Alliance

This supports postdoctoral trainees in conducting research into Friedreich's ataxia, in order to retain young investigators in the field.

Awards are worth up to USD

[Link to *Research Professional](#)

100,000 each per year for one or two years.

Closing date: 01 Aug 21 (Forecast)

Connection grants – research data management capacity building initiative

Social Sciences and Humanities Research Council of Canada | Conseil de Recherches en Sciences Humaines

This supports the Canadian social sciences and humanities research community's development, adoption and dissemination of research data management standards, practices,

[Link to *Research Professional](#)

tools and skills appropriate to their field. Grants are worth between CAD 7,000 and CAD 50,000 over one year.

Closing date: 01 Aug 21

Academy for Diversity and Inclusion in Emergency Medicine research grant

Society for Academic Emergency Medicine

This supports research evaluating the state of diversity and inclusion in the field of emergency medicine, evaluating interventions to improve diversity or addressing disparities in healthcare outcomes among

[Link to *Research Professional](#)

underrepresented or marginalised groups. The grant is worth up to USD 3,000 for one year.

Closing date: 01 Aug 21 (Forecast)

Global Emergency Medicine Academy research pilot grant

Society for Academic Emergency Medicine

This supports a mentored project for an early-career researcher in the field of international emergency

medicine. The grant is worth up to USD 10,000 for one year.

Closing date: 01 Aug 21 (Forecast)

[Link to *Research Professional](#)

Resident and medical students research grant

Society for Academic Emergency Medicine

This supports research by emergency medicine trainees. Grants are worth up to USD 5,000.

Closing date: 01 Aug 21 (Forecast)

[Link to *Research Professional](#)

Small research grant programme

Society for Personality and Social Psychology

This supports research by society members whose institutions do not provide financial support for

research. Grants are worth up to USD 1,500 each.

Closing date: 01 Aug 21

[Link to *Research Professional](#)

Indiana Alcohol Research Center pilot project programme

Indiana University

This supports pilot projects from investigators who want to develop research on alcohol use disorders.

Grants are worth up to USD 50,000 each for two years.

Closing date: 01 Aug 21 (Forecast)

[Link to *Research Professional](#)

Performing arts – international activities

Danish Arts Foundation | Statens Kunstfond

This supports performing arts of high artistic quality in Denmark and Danish performing arts abroad.

Grants are worth up to DKK 75,000 each.

Closing date: 01 Aug 21 (Forecast)

[Link to *Research Professional](#)

African wildlife rapid action grants

International Union for Conservation of Nature

These support civil society organisations and public entities engaged in the conservation of threatened species in South Africa in carrying out urgent conservation measures at local level to protect the

species and their habitat. Grants are worth up to €100,000 each for a maximum period of 12 months.

Closing date: 01 Aug 21

[Link to *Research Professional](#)

ECCO grants

European Crohn's and Colitis Organisation

These support innovative scientific research in the area of inflammatory bowel diseases in Europe. A total of

eight awards, worth €80,000 each, are available for one year.

Closing date: 02 Aug 21 (Forecast)

[Link to *Research Professional](#)

Connection grants for events and outreach activities

Social Sciences and Humanities Research Council of Canada | Conseil de Recherches en Sciences Humaines

These support events and outreach activities geared toward short-term, targeted knowledge mobilisation initiatives. Grants are worth

between USD 7,000 and USD 50,000 each over one year.

Closing date: 02 Aug 21

[Link to *Research Professional](#)

N-ECCO research grant

European Crohn's and Colitis Organisation

This enables inflammatory bowel disease nurses to participate in international research projects across Europe. One award worth

€20,000 is available for a period of one year.

Closing date: 02 Aug 21 (Forecast)

[Link to *Research Professional](#)

ECCO-IBUS intestinal ultrasound research grant

European Crohn's and Colitis Organisation

This supports research into the utility of intestinal ultrasounds used in the assessment of patients with

inflammatory bowel disease. The grant is worth €20,000.

Closing date: 02 Aug 21 (Forecast)

[Link to *Research Professional](#)

Beta Sigma Kappa research fellowship

American Academy of Optometry

This supports new optometric and vision science faculty research and optometric resident research. One

grant, worth USD 4,000 for one year, is available.

Closing date: 02 Aug 21 (Forecast)

[Link to *Research Professional](#)

Law and science

National Science Foundation

This supports social scientific studies of law and law-like systems of rules and how science and technology are applied in legal

contexts. Grants are worth up to USD 300,000.

Closing date: 02 Aug 21

[Link to *Research Professional](#)

Research grant – knowledge for action to end violence against women and violence against children

South African Medical Research Council

This supports innovative research that will contribute to the prevention and response of violence against women, violence against children, and other forms of violence driven by gender inequality in low-

and middle-income countries. Grants are worth between USD 40,000 and USD 200,000 each for one to two years.

Closing date: 02 Aug 21

[Link to *Research Professional](#)

Postdoctoral groups – climate, environment and health call

German Federal Ministry of Education and Research | Bundesministerium für Bildung und Forschung

This supports postdoctoral collaborative research groups working on the consequences of climate change on health and the environment. Funding covers up to [Link to *Research Professional](#)

100 per cent of eligible project costs over a maximum period of five years.

Closing date: 02 Aug 21

Global infectious disease research training programme (D43 clinical trial optional)

NIH: Fogarty International Center

This supports collaborative training programmes that will strengthen the capacity of a low- and middle income country institution to conduct infectious disease research. Awards [Link to *Research Professional](#)

are worth up to USD 276,000 for up to five years.

Closing date: 03 Aug 21

Dissertation scholarship award

American Society of Criminology

This supports the completion of a doctoral dissertation on a sentencing

or corrections topic. The award is worth USD 1,000.

Closing date: 03 Aug 21 (Forecast)

[Link to *Research Professional](#)

COMING SOON: Eurostars programme

EUREKA

This programme supports international R&D projects that create innovative products, processes or services for [Link to *Research Professional](#)

commercialisation. Funding may vary depending on national rules.

Closing date: 04 Aug 21 (Forecast)

Melanoma research programme – translational research award

US Department of Defense

This supports hypothesis-driven, translational, high impact melanoma research. Awards are worth up to

USD 700,000 each for up to three years.

Closing date: 04 Aug 21

[Link to *Research Professional](#)

Melanoma research programme – team science award

US Department of Defense

This supports hypothesis-driven studies in melanoma through a multidisciplinary team, bringing together divergent disciplines to foster a novel approach to

melanoma research. Each award is worth up to USD 700,000 for up to three years.

Closing date: 04 Aug 21

[Link to *Research Professional](#)

COMING SOON: Distributed Research utilising Advanced Computing (DiRAC) – computational resources call

Science and Technology Facilities Council

This call enables UK astronomy, cosmology, particle physics and nuclear physics communities to access computational resources on

the high performance computing STFC DiRAC facility.

Closing date: 04 Aug 21 (Forecast)

[Link to *Research Professional](#)

Melanoma research programme – mid-career accelerator award

US Department of Defense

This supports independent, mid-career investigators to conduct impactful research in the field of melanoma. Grants are worth up to

USD 750,000 each for up to three years.

Closing date: 04 Aug 21

[Link to *Research Professional](#)

DEADLINE BROUGHT FORWARD: Developing digital therapeutics for substance use disorders (UG3/UH3 clinical trial optional)

NIH: National Institute on Drug Abuse

This call supports research projects to accelerate the development of digital therapeutics to treat substance use disorders. Awards are [Link to *Research Professional](#)

worth USD 500,000 in direct costs per year over three years.

Closing date: 04 Aug 21

Understanding post-transcriptional regulation of intact and defective HIV ribonucleic acid (R61/R33 clinical trial not allowed)

NIH: National Institute of Allergy and Infectious Diseases

This supports research focusing on the understanding of post-transcriptional regulation of intact and defective HIV ribonucleic acid. [Link to *Research Professional](#)

The maximum project period is five years.

Closing date: 04 Aug 21

Resilient, inclusive and sustainable environments (RISE) – a challenge to address gender-based violence in the environment

US Agency for International Development

This supports the innovative application of promising or proven interventions that prevent and respond to gender-based violence across programmes that address the access, use, control and management [Link to *Research Professional](#)

of natural resources. Up to three awards, each worth between USD 100,000 and USD 300,000 for one to two years, are available.

Closing date: 05 Aug 21 (Forecast)

Programme grants for applied research – competition 35

Department of Health and Social Care including NIHR

These support collaborative, multidisciplinary programmes of applied research to solve health and

social care challenges. The amount awarded and length of funding

period depends on the nature of the proposed work.

Closing date: 07 Aug 21 (Forecast)

[Link to *Research Professional](#)

COMING SOON: David S Miller young scientist scholarship

American Geophysical Union

This scholarship supports undergraduate or graduate student study in the geo-environmental sciences and geo-environmental

engineering. The scholarship is worth USD 1,500.

Closing date: 07 Aug 21 (Forecast)

[Link to *Research Professional](#)

Targeted engagement grant programme

Department of National Defence and the Canadian Armed Forces | Ministère de la Défense Nationale et les Forces Armées Canadiennes

This provides financial support for projects such as conferences, roundtables, workshops, research and publications relating to Canadian

defence and security. Grants are each worth up to CAD 50,000.

Closing date: 08 Aug 21 (Forecast)

[Link to *Research Professional](#)

Fellowship programme

Mountain Sentinels

This supports projects focused on improving social and environmental health and well-being in a mountain community impacted by COVID-19.

Fellowships are worth USD 1,500 for one year.

Closing date: 09 Aug 21 (Forecast)

[Link to *Research Professional](#)

Efficacy and mechanism evaluation programme – researcher-led workstream: 21/506

Department of Health and Social Care including NIHR

This supports studies evaluating interventions that have the potential to make a step-change in the promotion of health, treatment of

disease and improvement of rehabilitation or long-term care. There are no fixed limits on the duration of projects or funding and

proposals should be tailored to fully address the questions posed.

Closing date: 10 Aug 21

[Link to *Research Professional](#)

Research education programme for clinical researchers and clinicians (R25 clinical trial optional)

NIH: National Institute on Drug Abuse

This supports educational activities that complement or enhance training in biomedical, behavioural and clinical research. Grants are worth up to USD 350,000 per year for up to five years.

Closing date: 10 Aug 21

[Link to *Research Professional](#)

Blueprint neurotherapeutics network – small molecule drug discovery and development for disorders of the nervous system (UG3/UH3 clinical trial optional)

NIH: National Institute of Neurological Disorders and Stroke

This supports neuroscience investigators seeking to advance their small molecule drug discovery and development projects into the clinic. The maximum project period

is one year in the UG3 phase and four years in the UH3 phase.

Closing date: 10 Aug 21

[Link to *Research Professional](#)

Seabird conservation programme

National Fish and Wildlife Foundation

This supports Pacific seabird conservation efforts which improve populations of focal seabirds through actions improving survival and reproduction. The total

programme budget is USD 4 million for projects lasting up to three years.

Closing date: 10 Aug 21 (Forecast)

[Link to *Research Professional](#)

Device-based treatments for substance use disorders (UG3/UH3 clinical trial optional)

NIH: National Institute on Drug Abuse

This aims to accelerate the development of devices to treat substance use disorders. Budgets are limited to USD 500,000 direct costs for the entire UG3 phase, but are not limited for the UH3 phase. The

[Link to *Research Professional](#)

project period is limited to two years for the UG3 phase and three years for the UH3 phase.

Closing date: 10 Aug 21

DEADLINE BROUGHT FORWARD: Exploratory studies to investigate mechanisms of HIV infection, replication, latency or pathogenesis in the context of substance use disorders (R61/R33 clinical trial not allowed)

NIH: National Institute on Drug Abuse

This call supports research investigating the underlying molecular mechanisms by which HIV infection is initiated, established and maintained in the central nervous

[Link to *Research Professional](#)

system. Funding is worth up to USD 2.2 million per project over five years.

Closing date: 10 Aug 21

Blueprint neurotherapeutics network – biologic-based drug discovery and development for disorders of the nervous system (UG3/UH3 clinical trial optional)

NIH: National Institute of Neurological Disorders and Stroke

This supports preclinical discovery and development of potential therapeutic biotechnology products and biologics, gene-based therapies, cell therapies and novel emerging

[Link to *Research Professional](#)

therapies. The maximum project period is five years.

Closing date: 10 Aug 21

Cutting-edge basic research awards (R21 clinical trial optional)

NIH: National Institute on Drug Abuse

This supports high-risk and potentially high-impact research that is underrepresented or not included in National Institute Drug Abuse's current portfolio that has the potential to transform substance

[Link to *Research Professional](#)

abuse disorder research. Grants are worth up to USD 275,000 for a maximum period of two years.

Closing date: 10 Aug 21

Mentor-based postdoctoral fellowship programme in rehabilitation research

National Multiple Sclerosis Society

This supports mentors and institutions that provide training for postdoctoral fellows in rehabilitation research applied to MS and similar disorders.

[Link to *Research Professional](#)

Fellowships may last up to five years.

Closing date: 11 Aug 21

Utilising the PLCO biospecimens resource to bridge gaps in cancer aetiology and early-detection research (U01 clinical trial not allowed)

NIH: National Cancer Institute

This supports research in cancer aetiology and early-detection biomarkers, using the biorepository resources of the National Cancer Institute-sponsored prostate, lung, colorectal and ovarian cancer

[Link to *Research Professional](#)

screening trial. Application budgets are not limited. The maximum project period is five years.

Closing date: 11 Aug 21

Scleroderma research programme – translational research partnership award

US Department of Defense

This supports partnerships between clinicians and research scientists that will accelerate the movement of promising ideas in scleroderma into clinical applications. Grants are

[Link to *Research Professional](#)

worth up to USD 750,000 each in direct costs for up to three years.

Closing date: 11 Aug 21

Scleroderma research programme – idea development award

US Department of Defense

This supports conceptually innovative high-risk high-reward research that could lead to critical discoveries or major advancements in scleroderma research or

[Link to *Research Professional](#)

improvements in patient care. Grants are worth up to USD 450,000 each for up to three years.

Closing date: 11 Aug 21

Power and accountability programme grants

Joseph Rowntree Charitable Trust

These support projects that aim to create a world in which power is more equally shared and powerful institutions are responsive and accountable to wider society and

[Link to *Research Professional](#)

aligned with the long-term public interest.

Closing date: 13 Aug 21 (Forecast)

NIDA avant-garde award programme for HIV/AIDS and substance use disorder research (DP1 clinical trial optional)

NIH: National Institute on Drug Abuse

This supports scientists who propose high impact research that will open new areas of HIV/AIDS research relevant to substance use disorders or lead to new avenues for prevention and treatment of

[Link to *Research Professional](#)

HIV/AIDS in people who use drugs. Grants are worth up to USD 700,000 each per year for up to five years.

Closing date: 13 Aug 21

JumpStart grant

Emergency Medicine Foundation

This supports collaborative research projects in the field of emergency medicine for the benefit of patients.

[Link to *Research Professional](#)

The grant is worth up to AUD 40,000 for up to one year.

Closing date: 13 Aug 21 (Forecast)

Leading edge grant

Emergency Medicine Foundation

This supports collaborative research projects in the field of emergency medicine for the benefit of patients.

The grant is worth up to AUD 100,000 for up to two years.

Closing date: 13 Aug 21 (Forecast)

[Link to *Research Professional](#)

Exploiting in vivo or in situ imaging approaches to understand HIV-relevant processes in the context of substance use disorders (R61/R33 clinical trials optional)

NIH: National Institute on Drug Abuse

This supports projects that further develop or exploit advances using in situ or in vivo imaging or related technologies. Funding is worth up to

USD 2.05 million for a maximum of five years.

Closing date: 13 Aug 21

[Link to *Research Professional](#)

Fund for research and education research grant

American Society for Bone and Mineral Research

This supports young scientists in the bone field in learning a new technique or completing a project. Up to three grants, worth up to USD

7,500 each for one year, are available.

Closing date: 14 Aug 21 (Forecast)

[Link to *Research Professional](#)

South African Radio Astronomy Observatory doctoral scholarships

National Research Foundation of South Africa

These support doctoral students in completing their studies on topics relevant to radio astronomy and telescopes. Grants cover a

scholarship worth ZAR 180,430 per year for three years.

Closing date: 14 Aug 21

[Link to *Research Professional](#)

African researchers' small grants programme

US Agency for International Development

This supports African early and mid-to late career researchers undertaking operational research aligned with the goals established in the London Declaration on

[Link to *Research Professional](#)

Neglected Tropical Diseases. Grants are worth between USD 10,000 and USD 30,000 each.

Closing date: 14 Aug 21 (Forecast)

Sepmeyer research grant

International Education Research Foundation

This supports research on world education systems and the integration of individuals educated outside of the US into the US educational environment and work

[Link to *Research Professional](#)

force. Grants are worth up to USD 1,000.

Closing date: 15 Aug 21

Sigma Theta Tau International/Oncology Nursing Society foundation grant

Sigma Theta Tau International

This supports clinically related oncology nursing research. One

grant, worth up to USD 25,000 over one year, is available.

Closing date: 15 Aug 21

[Link to *Research Professional](#)

Thomas Hampson fund

American Musicological Society

This supports editions and scholarship on classic song in all contexts, as well as new and innovative technologies for promoting and understanding

[Link to *Research Professional](#)

classic song via interactive media and the internet.

Closing date: 15 Aug 21 (Forecast)

Grants for studies in astronomy and geophysics

Royal Astronomical Society

These support research or study in any area of astronomy or geophysics. Applications should

normally be for sums between £250 and £5,000.

Closing date: 15 Aug 21

[Link to *Research Professional](#)

EXTENDED DEADLINE: Rambøll Foundation grants

Rambøll Denmark | Rambøll Danmark

These grants promote research, studies and higher education, particularly within the technical and

natural sciences. The total budget is worth up to DKK 15 million.

Closing date: 15 Aug 21

[Link to *Research Professional](#)

Scientific product grant

Wildlife Acoustics

This supports the advancement of animal biology research, habitat monitoring and environmental conservation by providing scientists with resources to help further their research into the study of bats, birds,

frogs and other vocal wildlife. Grants supply up to USD 5,000-worth of equipment.

Closing date: 15 Aug 21

[Link to *Research Professional](#)

Guest writer programme — rotating locations

Dutch Language Union | Nederlandse Taalunie

This aims to enhance Dutch language education and the visibility of Dutch language literature worldwide by enabling writers to undertake short stays abroad. Two residencies, each

including a stipend of €500 per week and the cover of travel and translation costs, are available.

Closing date: 15 Aug 21

[Link to *Research Professional](#)

Other project grants

Atlas Network

These support projects that promote liberty and that do not match any of

the other grant opportunities offered by the Atlas Network.

Closing date: 15 Aug 21

[Link to *Research Professional](#)

International student project grant

Atlas Network

This supports student programmes and projects designed to make a difference in educating, organising and cultivating the next generation

of think tank leaders. Grants are worth approximately USD 500 each.

Closing date: 15 Aug 21

[Link to *Research Professional](#)

Acute therapies grant

Baxter Healthcare Corporation

This supports investigator-initiated, patient-oriented research projects associated with acute therapies.

Closing date: 15 Aug 21 (Forecast)

[Link to *Research Professional](#)

Think tank startup fund

Atlas Network

This supports the creation and growth of new organisations committed to advancing liberty.

Support includes grants, training and networking opportunities.

Closing date: 15 Aug 21

[Link to *Research Professional](#)

Illiberalism grants

Atlas Network

These support wide-reaching initiatives designed to combat authoritarianism, statism and other illiberal ideologies. Grants are generally worth less than USD

10,000 and rarely exceed USD 20,000.

Closing date: 15 Aug 21

[Link to *Research Professional](#)

Joining up to minimise poverty grants

Atlas Network

These support projects that aim to spread awareness to new audiences of how poverty can be reduced by increasing economic freedom.

Grants are worth up to USD 15,000 each.

Closing date: 15 Aug 21

[Link to *Research Professional](#)

Oncology Nursing Society foundation grant

Sigma Theta Tau International

This supports clinically-related oncology nursing. The grant is worth up to USD 25,000 for one year.

Closing date: 15 Aug 21

[Link to *Research Professional](#)

Mobility and access in Sub-Saharan African cities

Volvo Research and Educational Foundations

This support study visits between universities in Sub-Saharan African

cities. Grants are worth up to SEK 25,000 each.

Closing date: 15 Aug 21

[Link to *Research Professional](#)

Individual grants for future research leaders

Swedish Foundation for Strategic Research | Stiftelsen för Strategisk Forskning

These aim to support young scientists in the fields of natural sciences, engineering and medicine, who have the potential and the ambition to become the future leaders of academic or industrial

research in Sweden. Up to 16 grants, worth SEK 15 million each including overhead costs, are available for a five-year period.

Closing date: 16 Aug 21

[Link to *Research Professional](#)

Jared Purton award

Australian and New Zealand Society for Immunology

This aims to recognise and further advance the research of immunologists at a critical point in their careers. Two awards worth [Link to *Research Professional](#)

AUD 3,000 and AUD 5,000 each are available.

Closing date: 16 Aug 21 (Forecast)

National and international networking programme

Québec Health Research Fund (FRQS) | Fonds de Recherche du Québec – Santé

This supports joint research projects in the field of vision health between teams from Québec and teams from outside Québec. Funding is worth up to [Link to *Research Professional](#)

to CAD 50,000 over one financial year and may be renewed once.

Closing date: 16 Aug 21 (Forecast)

Accountable institutions and behaviour

National Science Foundation

This supports basic scientific research that advances knowledge and understanding of issues broadly related to attitudes, behaviour and institutions connected to public [Link to *Research Professional](#)

policy and the provision of public services.

Closing date: 16 Aug 21

ERA-Net FOSC and SUSFOOD2 joint call – innovative solutions for resilient, climate-smart and sustainable food systems

ERA-Net Food Systems and Climate

This supports projects that facilitate the transition from current linear food systems to resilient circular systems. Funding is worth up to €1.5 [Link to *Research Professional](#)

million per proposal for up to three years.

Closing date: 16 Aug 21

Research grants – kidney disease

Polycystic Kidney Disease Foundation

These support basic, translational and clinical research that will benefit

patients with autosomal dominant polycystic kidney disease and

autosomal recessive polycystic kidney disease. Awards are worth USD 80,000 each in direct costs per

year for a maximum period of two years.

Closing date: 17 Aug 21 (Forecast)

[Link to *Research Professional](#)

Noah Greenberg award

American Musicological Society

This recognises contributions to historical performing practices. The award is worth USD 2,000.

Closing date: 17 Aug 21 (Forecast)

[Link to *Research Professional](#)

Grants

Academy of Architecture for Health Foundation

These support research to enhance environments for health and

healthcare. The grant is worth USD 30,000 for one year.

Closing date: 17 Aug 21 (Forecast)

[Link to *Research Professional](#)

Clinical trial readiness for rare neurological and neuromuscular diseases (U01 clinical trial not allowed)

NIH: National Institute of Neurological Disorders and Stroke

This supports clinical studies that address critical needs for clinical trial readiness in rare neurological and neuromuscular diseases. Grants

are worth up to USD 650,000 each per year over five years.

Closing date: 18 Aug 21

[Link to *Research Professional](#)

EXTENDED DEADLINE: Fellowship programme for early-career workshop participants

Wabash Center

This programme supports research on teaching and faculty members'

classroom experience. The fellowship is worth USD 5,000.

Closing date: 18 Aug 21

[Link to *Research Professional](#)

Health effects of air pollution

Health Effects Institute

This supports research on novel and important aspects of the health effects of air pollutants. Grants are

worth up to USD 800,000 for up to three years.

Closing date: 19 Aug 21 (Forecast)

[Link to *Research Professional](#)

Artificial intelligence exploration programme

US Department of Defense

This supports exploratory research on a range of artificial intelligence related topics that will be periodically solicited as artificial intelligence exploration

opportunities through publication of pre-solicitation notices. Multiple awards are anticipated.

Closing date: 19 Aug 21

[Link to *Research Professional](#)

International research in infectious diseases (R01 clinical trial not allowed): AIDS-related

NIH: National Institute of Allergy and Infectious Diseases

This AIDS-related funding opportunity supports high-priority, regionally-relevant infectious disease research by international investigators in resource-restrained

countries. Grants are worth up to USD 125,000 per year for a maximum period of a five years.

Closing date: 19 Aug 21

[Link to *Research Professional](#)

Large research grants in core areas

John Templeton Foundation

These support research in science and the big questions, character virtue development, individual freedom and free markets, exceptional cognitive talent, or

genetics. Grants are worth a minimum of USD 234,800, for a duration of up to three years.

Closing date: 20 Aug 21 (Forecast)

[Link to *Research Professional](#)

Planning grant for Fogarty HIV research training programme for low- and middle-income country institutions (D71)

NIH: Fogarty International Center

This supports research training that strengthens HIV research capacity of institutions in low- and middle-income countries. Application budgets are limited to USD 28,000

[Link to *Research Professional](#)

per year for a maximum of two years.

Closing date: 20 Aug 21

Fogarty HIV research training programme for low- and middle-income country institutions (D43 clinical trial optional)

NIH: Fogarty International Center

This aims to strengthen the scientific capacity of institutions in low- and middle-income countries to conduct HIV research relevant to the evolving HIV epidemic in their

[Link to *Research Professional](#)

country. Application budgets are limited to USD 280,000 per year for up to five years.

Closing date: 20 Aug 21

Infrastructure development training programmes for critical HIV research at low- and middle-income country institutions (G11 clinical trials not allowed)

NIH: Fogarty International Center

This aims to strengthen the scientific capacity of institutions in low- and middle-income countries to conduct HIV research on the evolving HIV epidemic in their countries.

[Link to *Research Professional](#)

Application budgets are limited to USD 92,000 per year for a maximum period of three years.

Closing date: 20 Aug 21

Small research grants

John Templeton Foundation

These support research in science and the big questions, character

virtue development, individual freedom and free markets,

exceptional cognitive talent, or genetics. Grants are worth up to USD

234,800, for a duration of up to three years.

Closing date: 20 Aug 21 (Forecast)

[Link to *Research Professional](#)

Alzheimer's Strategic Fund – neuroimmune programme

Alzheimer's Association

This supports innovative, high-risk, team science research focusing on questions related to the biological underpinnings of Alzheimer's

disease. Grants are worth up to USD 300,00 each for up to three years.

Closing date: 20 Aug 21 (Forecast)

[Link to *Research Professional](#)

COMING SOON: Laureate research grants

Novo Nordisk Foundation | Novo Nordisk Fonden

These grants enable scientists to come to Denmark to build their research programmes in any area of biomedical or biotechnological sciences. Up to two grants are

available, worth up to DKK 50 million each, for a period of seven years.

Closing date: 24 Aug 21

[Link to *Research Professional](#)

Young investigator awards

Novo Nordisk Foundation | Novo Nordisk Fonden

These enable early- to mid-career researchers to visit Denmark and expand their research programmes by conducting larger and more ambitious studies within any area of biomedical or biotechnological

sciences. Up to four grants are available, worth up to DKK 25 million each, for a seven-year period.

Closing date: 24 Aug 21

[Link to *Research Professional](#)

Lupus research programme – impact award

US Department of Defense

This supports research projects or ideas that specifically focus on scientific and clinical lupus issues

and have the potential to make a major impact in lupus research.

Awards are worth up to USD 750,000 each for up to four years.

Closing date: 24 Aug 21

[Link to *Research Professional](#)

Research project grants

Italian Multiple Sclerosis Association | Associazione Italiana Sclerosi Multipla

These support research on multiple sclerosis, including studies that focus on the link between multiple

sclerosis and COVID-19. Grants are for one to three years.

Closing date: 24 Aug 21 (Forecast)

[Link to *Research Professional](#)

Lupus research programme – idea award

US Department of Defense

This supports high-risk, high-reward research that could lead to a critical discovery or major advancement relevant to lupus. Awards are worth

up to USD 300,000 each for up to two years.

Closing date: 24 Aug 21

[Link to *Research Professional](#)

Lupus research programme – transformative vision award

US Department of Defense

This supports research addressing quality-of-life issues in lupus patients. One award, worth up to

USD 2.5m for up to four years, is available.

Closing date: 24 Aug 21

[Link to *Research Professional](#)

Project grants

Auckland Medical Research Foundation

These support biomedical, clinical or population health research projects. Approximately 20 grants are

available, each worth up to NZD 160,000 over two years.

Closing date: 25 Aug 21

[Link to *Research Professional](#)

SAMSUNG global research outreach – academic research collaboration platform

Samsung Advanced Institute of Technology

This enables universities to work on novel ideas in collaboration with the institute's R&D teams to foster technology innovation. Projects are funded for one year, with the

[Link to *Research Professional](#)

possibility to extend to up to three years.

Closing date: 25 Aug 21 (Forecast)

Research grant – appendix cancer and pseudomyxoma peritonei

National Organization for Rare Disorders

This supports scientific or clinical research studies related to pseudomyxoma peritonei which have the potential to attract further funding. Two grants, worth USD

[Link to *Research Professional](#)

50,000 each for two years, are available.

Closing date: 25 Aug 21 (Forecast)

Research grant – neuroendocrine cell hyperplasia of infancy

National Organization for Rare Disorders

This supports scientific or clinical research on NEHI. The grant is worth up to USD 50,000.

[Link to *Research Professional](#)

Closing date: 25 Aug 21 (Forecast)

COMING SOON: Kidney cancer research programme – academy of kidney cancer investigators – early-career investigator award

US Department of Defense

This programme enables early-career investigators to pursue kidney cancer projects that may be basic, translational or clinical research paired with a designated

[Link to *Research Professional](#)

mentor. Grants are worth up to USD 725,000 each for up to four years.

Closing date: 26 Aug 21 (Forecast)

Walter Gerboth award

Music Library Association

This supports scholarship in music, music bibliography and

librarianship. The award is worth up to USD 1,000.

Closing date: 28 Aug 21 (Forecast)

[Link to *Research Professional](#)

COMING SOON: Seedcorn grants

Chartered Institute of Management Accountants

These grants support feasibility studies in the area of management

accounting. Grants are worth up to £7,500 each.

Closing date: 28 Aug 21 (Forecast)

[Link to *Research Professional](#)

Betty Laidlaw motor neurone disease research prize

Motor Neurone Disease Research Institute of Australia

This supports a mid-career researcher in undertaking an innovative and collaborative project to advance the understanding of classical forms of motor neurone disease with a clear potential for

effective treatments. The prize is worth up to AUD 200,000 over two years.

Closing date: 28 Aug 21 (Forecast)

[Link to *Research Professional](#)

Research challenges

Swiss Federal Institute of Technology Zurich

These enable collaborations on project-based research between researchers at the institute, non-academic partners and partners from low- and lower-middle income

countries. Grants are worth between CHF 10,000 and CHF 100,000 each for six to 18 months.

Closing date: 28 Aug 21 (Forecast)

[Link to *Research Professional](#)

Maternity or parenthood grants

International Brain Research Organization

These support early-career PIs who are approaching parental leave by

providing supplemental support. Grants are worth up to €4,000 each.

Closing date: 28 Aug 21 (Forecast)

[Link to *Research Professional](#)

COMING SOON: Research grants

International Psychoanalytical Association

These grants support research with clear psychoanalytic significance that expands psychoanalytic

knowledge. Grants are usually worth up to USD 15,000.

Closing date: 30 Aug 21 (Forecast)

[Link to *Research Professional](#)

Project grants

Engineering Information Foundation

This supports developmental projects, instructional projects and training programs in engineering education and research that fit its fields of interest. Grants are

expected to range from USD 5,000 to USD 25,000.

Closing date: 31 Aug 21

[Link to *Research Professional](#)

Breast cancer research programme – era of hope scholar award

US Department of Defense

This supports research projects led by individuals who are early in their careers, go beyond conventional thinking and exhibit potential for leadership in breast cancer research.

One award, worth up to USD 3 million in direct costs for a maximum of four years, is available.

Closing date: 31 Aug 21

[Link to *Research Professional](#)

Association of periOperative Registered Nurses grant

Sigma Theta Tau International

This enables a qualified nurse to conduct research related to

perioperative nursing practice and to contribute to the development of

perioperative nursing science. One grant worth up to USD 5,000 is available per year.

Closing date: 31 Aug 21 (Forecast)

[Link to *Research Professional](#)

Grants fund

Historical Metallurgy Society

This supports research, travel, publication, or conference attendance related to historical

metallurgy. Grants are typically worth between £150 and £350.

Closing date: 31 Aug 21

[Link to *Research Professional](#)

Aileen Lynn bequest fund

Royal College of Physicians and Surgeons of Glasgow

This provides small equipment grants for projects related to cancer

research. One to two grants are available, worth up to £5,000 each.

Closing date: 31 Aug 21 (Forecast)

[Link to *Research Professional](#)

Peace research grants programme

International Peace Research Association Foundation

This supports investigation into the causes of conflict and examination of

alternatives to violence. Grants are worth up to USD 5,000 each.

Closing date: 31 Aug 21

[Link to *Research Professional](#)

Scholarships for master's students in Finnish language and culture

Finnish National Agency for Education | Opetushallitus

These enable students of Finnish language and culture at universities outside Finland to carry out advanced master's studies in Finnish universities or to collect material in Finland for their master's thesis in

their home university. Scholarships are worth €800 each per month for a maximum period of one term.

Closing date: 31 Aug 21

[Link to *Research Professional](#)

[Breast cancer research programme – breakthrough award levels 1 and 2](#)

US Department of Defense

This supports research that has high potential to lead to or make breakthroughs in breast cancer.

Awards are worth up to USD 2 million for up to four years.

Closing date: 31 Aug 21

[Link to *Research Professional](#)

[Peace and security programme grants](#)

Joseph Rowntree Charitable Trust

These support projects that aim to shift the UK defence and security paradigm towards approaches based on participatory and accountable governance, human rights, non-

violence, diplomacy, mediation and environmental sustainability.

Closing date: 31 Aug 21 (Forecast)

[Link to *Research Professional](#)

[Small conservation grants](#)

Jana Robeyst Trust Fund

These provide financial resources for non-profit organisations and early-career scientists and conservationists to carry out conservation work related to

mammals, especially forest elephants, in Sub-Saharan Africa. Grants are worth up to €1,500.

Closing date: 31 Aug 21

[Link to *Research Professional](#)

[Global research award](#)

American Society of Hematology

This supports haematologists between completion of training and the establishment of their independent careers. Awards are

worth up to USD 150,000 each for up to three years.

Closing date: 31 Aug 21 (Forecast)

[Link to *Research Professional](#)

COMING SOON: Long-range research initiative grants

European Chemical Industry Council

These grants support research addressing priority issues of the chemical industry regarding the health and environmental impact of

[Link to *Research Professional](#)

chemicals. Grants are worth up to €500,000 each.

Closing date: 31 Aug 21 (Forecast)

Research grant

International Team for Implantology

This supports preclinical or clinical research in implant dentistry and

[Link to *Research Professional](#)

related fields. Grants are worth up to USD 198,020.

Closing date: 31 Aug 21

Rosaria Cigliano baroque research grants

1563 Foundation | Fondazione 1563

These recognise original research by young investigators on an aspect of history or culture in the period from the end of the 16th century to the end of the 18th century. Grants are

[Link to *Research Professional](#)

worth €23,000 for one year. All information is in Italian.

Closing date: 31 Aug 21 (Forecast)

Open call for experiments – sustainable ecosystem from the adoption, ramp-up and transfer of emerging electronics solutions

Smart Emerging Electronics Servicing

This supports innovative companies in digitalising their businesses and accessing new markets by integrating flexible and wearable technology into advanced products,

[Link to *Research Professional](#)

and series of products and services. Support is worth up to €100,000 for each application.

Closing date: 31 Aug 21

Arts and cultural exchange programme

Korea Foundation

This supports Korea-related cultural exchange projects that are being

implemented by organisations abroad.

Closing date: 31 Aug 21 (Forecast)

[Link to *Research Professional](#)

Open call for experiments – COVID 19

Smart Emerging Electronics Servicing

This supports projects that contribute to reducing the spread of COVID-19 and other viruses through flexible wearable electronics as solutions in, among others, the field

of prevention, diagnostics and therapy. Support is worth up to €100,000 for each application.

Closing date: 31 Aug 21

[Link to *Research Professional](#)

Grants for broadcasting research

Hoso Bunka Foundation

These support projects that contribute to the advancement of broadcasting and broadcasting culture with a creative and original perspective. Grants are worth up to

JPY 5 million per proposal for one year.

Closing date: 31 Aug 21 (Forecast)

[Link to *Research Professional](#)

Research grants

American Association for Hand Surgery

These support small clinical studies focused on hand care, or pilot studies leading to a more major hand care study by clinicians or therapists in private or academic

practice. The grant is worth USD 10,000 for one year.

Closing date: 01 Sep 21 (Forecast)

[Link to *Research Professional](#)

Research awards

Massage Therapy Foundation

These support independent research which contributes directly to the knowledge of massage therapy or its application. Grants are worth

[Link to *Research Professional](#)

between USD 30,000 and USD 300,000 for three year.

Closing date: 01 Sep 21 (Forecast)

Support for policy-oriented research programme

Korea Foundation

This supports research projects or programmes that provide in-depth analysis and policy recommendations on political, social and economic issues on Korea or the

[Link to *Research Professional](#)

east Asian region. Funding typically lasts for one year.

Closing date: 01 Sep 21 (Forecast)

Project research grants

Wings for Life

These support basic or clinical research projects related to spinal cord injury with the perspective to improve outcomes. Grants are worth up to €100,000 per year and cover

[Link to *Research Professional](#)

personnel costs, equipment and consumables for up to three years.

Closing date: 01 Sep 21 (Forecast)

Research grants

Mizutani Foundation for Glycoscience

These support basic and applied studies on glycoconjugates in the fields of organic chemistry, biochemistry, biophysics, molecular biology, cellular biology and medicinal sciences. The total budget

[Link to *Research Professional](#)

is worth JPY 70 million for grants worth up to JPY 7m each over one year.

Closing date: 01 Sep 21 (Forecast)

Student research grants

American Daylily Society

These support graduate or undergraduate students and faculty or staff using daylilies as experimental organisms in research projects. The grants are worth up to [Link to *Research Professional](#)

USD 5,000 a year and may be renewed twice for a total project duration of three years.

Closing date: 01 Sep 21

Alan D Waggoner sonographer student scholarship award

American Society of Echocardiography

This supports students enrolled in a cardiac or echocardiography

ultrasound programme. The award is worth up to USD 1,500.

Closing date: 01 Sep 21 (Forecast)

[Link to *Research Professional](#)

Research awards

Society for Research into Higher Education

These support research into higher education, with a focus on higher education policy, higher education and society, and higher education

practice. Awards are worth up to £10,000 each.

Closing date: 01 Sep 21 (Forecast)

[Link to *Research Professional](#)

Project support grants

British Society for Neuroendocrinology

These support postdoctoral scientists and students conducting neuroendocrine research projects.

Up to 12 grants worth up to £7,000 each are available in any year.

Closing date: 01 Sep 21 (Forecast)

[Link to *Research Professional](#)

Research grants

Society for Post-Medieval Archaeology

These support research projects and publications on the post-medieval

archaeology of Britain, Europe and the wider world, from circa 1500 to

the present day. Grants are worth up to £2,000 each with a total budget of £2,000 available for each round.

Closing date: 01 Sep 21

[Link to *Research Professional](#)

Scholarships for PhD students from outside Germany

Heinrich Böll Foundation

These support students from outside Germany in pursuing a PhD in Germany. Scholarships are worth

between €1,300 and €1,450 per month for up to three years.

Closing date: 01 Sep 21

[Link to *Research Professional](#)

COMING SOON: Membership research grant

Regional Studies Association

This grant supports and recognises individual researchers on a topic related to regional studies and

regional sciences. The grant is worth up to £5,000 for up to 18 months.

Closing date: 01 Sep 21 (Forecast)

[Link to *Research Professional](#)

COMING SOON: Fellowship research grant scheme

Regional Studies Association

This scheme supports a discrete piece of regional studies or regional

science research. The grant is worth up to £7,500 for up to 18 months.

Closing date: 01 Sep 21 (Forecast)

[Link to *Research Professional](#)

Engagement grants

Palaeontological Association

These encourage educational outreach, public engagement and related initiatives in paleontological

themes. Grants are worth up to £8,000 each.

Closing date: 01 Sep 21 (Forecast)

[Link to *Research Professional](#)

COMING SOON: Research, development and analysis fund

Nuffield Foundation

This fund support projects that improve the design and operation of social policy, especially in domains of education, welfare and justice.

Grants may range from £10,000 to

[Link to *Research Professional](#)

£500,000, but most are worth between £50,000 and £300,000.

Closing date: 01 Sep 21 (Forecast)

Pete Wilde scholarship

International Mechanical Diagnosis and Therapy Research Foundation

This supports graduate students in conducting research on mechanical diagnosis and therapy within the development, implementation or analysis phase. There is one

[Link to *Research Professional](#)

scholarship available worth up to USD 2,000 for tuition or research.

Closing date: 01 Sep 21

Investigator initiated clinical trials

Novo Nordisk Foundation | Novo Nordisk Fonden

These aim to strengthen the opportunities to carry out larger clinical trials in Denmark that do not have commercial purpose. Grants are worth between DKK 5 million

[Link to *Research Professional](#)

and DKK 20m over three to five years.

Closing date: 01 Sep 21

Grants for free speech and open inquiry

Institute for Humane Studies

These support faculty who are interested in fostering free speech and civil discourse in academia as they undertake research, plan campus events, or develop student curricula exploring the past, present,

[Link to *Research Professional](#)

and future of free speech. Grants are worth between USD 5,000 and USD 25,000 each.

Closing date: 01 Sep 21 (Forecast)

Mallinckrodt uveitis research fellowship

Association for Research in Vision and Ophthalmology

This supports research on an aspect of uveitis or other inflammatory

condition of the eye. The fellowship is worth USD 45,000 for one year.

Closing date: 01 Sep 21 (Forecast)

[Link to *Research Professional](#)

David L Epstein award

Association for Research in Vision and Ophthalmology

This supports mentorship for research on glaucoma. The award is worth USD 100,000 for three years.

Closing date: 01 Sep 21 (Forecast)

[Link to *Research Professional](#)

Roche collaborative research fellowship

Association for Research in Vision and Ophthalmology

This supports collaborative ophthalmic research between established scientists and researchers from developing

countries. Three fellowships, worth up to USD 10,000 each, are available.

Closing date: 01 Sep 21 (Forecast)

[Link to *Research Professional](#)

Research grants

International Society of Arthroscopy, Knee Surgery and Orthopaedic Sports Medicine

These support research in arthroscopy, knee surgery and orthopaedic sports medicine. Grants

are worth up to USD 50,000 each for one year.

Closing date: 01 Sep 21 (Forecast)

[Link to *Research Professional](#)

Research in groups

International Centre for Mathematical Sciences

This supports groups of two to six researchers in organising a short, intensive period of research in

Edinburgh, typically between two and four weeks.

Closing date: 01 Sep 21

[Link to *Research Professional](#)

Cynological research projects

Albert Heim Foundation | Albert-Heim-Stiftung

These support research on dogs.

Closing date: 01 Sep 21

[Link to *Research Professional](#)

Environment fund – marine grants

Waterloo Foundation

These support local and strategic projects aimed at positively impacting marine environments or addressing marine issues at a wider or international scale. Grants are

usually worth between £50,000 and £100,000 each for up to three years.

Closing date: 01 Sep 21

[Link to *Research Professional](#)

Solidarity fund

Hans Böckler Foundation | Hans-Böckler-Stiftung

This supports projects with an emancipatory approach that focus on democratic structures, unionist activities and political education.

Grants are worth between €1,000 and €10,000.

Closing date: 01 Sep 21

[Link to *Research Professional](#)

Prostate cancer research programme – clinical consortium award

US Department of Defense

This provides the support to develop and enhance collaborations and resources necessary for a network of organisations to rapidly execute phase II or phase II-linked phase I

(phase I/II) prostate cancer clinical trials. Funding is worth up to USD 7.2 million over four years.

Closing date: 02 Sep 21

[Link to *Research Professional](#)

Innovations partnership scheme grants

Science and Technology Facilities Council

These aim to transfer technology and expertise developed through STFC funding to the marketplace in partnership with industry and other academic disciplines. Grants are

[Link to *Research Professional](#)

worth up to £360,000 at 80 per cent of full economic costs over up to three years.

Closing date: 02 Sep 21

Prostate cancer research programme – idea development award

US Department of Defense

This supports research that will lead to the elimination of death from prostate cancer and enhance the well-being of those suffering from the disease and their families.

[Link to *Research Professional](#)

Awards are worth up to USD 750,000 each for a maximum of three years.

Closing date: 02 Sep 21

BRAIN initiative – standards to define experiments related to the BRAIN initiative (R01 clinical trial not allowed)

NIH: National Institute of Neurological Disorders and Stroke

This supports the development of data standards that describe experimental protocols that are being conducted as part of the

[Link to *Research Professional](#)

BRAIN initiative. The maximum project period is two years.

Closing date: 02 Sep 21

Steno collaborative project grants

Novo Nordisk Foundation | Novo Nordisk Fonden

These support collaborative projects between the five Danish Steno diabetes centres and the research environments related to the centres. Grants are worth between DKK

[Link to *Research Professional](#)

100,000 and DKK 10 million over one to five years.

Closing date: 02 Sep 21

COMING SOON: Project grants in the natural and technical sciences

Novo Nordisk Foundation | Novo Nordisk Fonden

These grants support fundamental research projects in the natural and technical sciences, particularly projects with potential interdisciplinary applications in the life or health sciences or in

biotechnology. Grants are worth up to DKK 3 million over up to three years.

Closing date: 02 Sep 21 (Forecast)

[Link to *Research Professional](#)

Transatlantic networks of excellence in cardiovascular and neurovascular research

Leducq Foundation | Fondation Leducq

This supports collaborative basic, translational and clinical research coordinated by centres in North America and Europe in the fields of cardiovascular and neurovascular

disease. Four grants, each worth up to USD 7 million over five years, are available.

Closing date: 03 Sep 21 (Forecast)

[Link to *Research Professional](#)

Call for proposals of research and development projects in medical technology

Swedish Childhood Cancer Foundation | Barncancerfonden

This supports basic research, development and clinical adaption projects related to medical

engineering for children with cancer. The total budget is SEK 15 million.

Closing date: 03 Sep 21 (Forecast)

[Link to *Research Professional](#)

Radiology research

Québec Health Research Fund (FRQS) | Fonds de Recherche du Québec – Santé

This supports the development of research in diagnostic radiology, including therapeutic and interventional aspects. Funding is

worth up to CAD 25,000 per year for two years.

Closing date: 03 Sep 21 (Forecast)

[Link to *Research Professional](#)

BRAIN initiative – proof of concept development of early stage next generation human brain imaging (U01 clinical trial not allowed)

NIH: National Institute of Biomedical Imaging and Bioengineering

This supports the early-stage development of entirely new or next generation non-invasive human brain imaging tools and methods that lead to transformative advances in the understanding of the human

brain. Grants are worth up to USD 300,000 per year for up to two years.

Closing date: 03 Sep 21

[Link to *Research Professional](#)

Research grants

Dravet Syndrome Foundation

These support research hypotheses directly related to Dravet syndrome.

Grants are worth up to USD 150,000 each over two years.

Closing date: 04 Sep 21 (Forecast)

[Link to *Research Professional](#)

COMING SOON: Think tank shark tank award competition

Atlas Network

This award supports a think tank project aimed at advancing liberty.

The award includes a cash prize of USD 25,000.

Closing date: 04 Sep 21 (Forecast)

[Link to *Research Professional](#)

Research grants

Concern Foundation

These are for young and innovative cancer researchers focused on cancer genetics, cancer biology and cancer immunology. Grants are

worth USD 60,000 per year for two years.

Closing date: 05 Sep 21 (Forecast)

[Link to *Research Professional](#)

Energy technology development and demonstration programme

Danish Energy Agency | Energistyrelsen

This supports the development and demonstration of new energy technologies and system solutions that support the Danish energy and climate policy objectives. The total

[Link to *Research Professional](#)

budget is approximately DKK 194 million. There is no fixed amount limit on support per project.

Closing date: 05 Sep 21 (Forecast)

Advanced Propulsion Centre 18 – developing the UK's low carbon automotive capability

Innovate UK

This supports late-stage collaborative R&D projects that support growth in advanced low-carbon propulsion capability in the automotive sector. The percentage

[Link to *Research Professional](#)

of costs that can be claimed depends on the type of research and the organisations involved.

Closing date: 05 Sep 21 (Forecast)

Notice of special interest – small business initiatives for innovative diagnostic technology for improving outcomes for maternal health

NIH: National Institute of Biomedical Imaging and Bioengineering

This aims to encourage interest in the small business community to develop various approaches, technologies and tools to address

[Link to *Research Professional](#)

the health issues of maternal morbidity.

Closing date: 05 Sep 21

HIV infection of the central nervous system (R01 clinical trial not allowed)

NIH: National Institute of Neurological Disorders and Stroke

This supports research projects that focus on delineating the pathophysiology of HIV-1 associated central nervous system disease in

the setting of chronic viral suppression and antiretroviral therapy. The maximum project period is five years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Dissemination and implementation research in health (R21 clinical trial optional): AIDS-related

NIH: National Cancer Institute

This supports AIDS-related innovative approaches to identifying and developing strategies to disseminate and implement evidence-based practices into public health, clinical practice and

community settings. Grants are worth up to USD 275,000 each for two years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Imaging – science track award for research transition (R03 clinical trial optional): AIDS-related

NIH: National Institute on Drug Abuse

This AIDS-related announcement facilitates the entry of investigators to the area of neuroimaging, including both new investigators and established investigators seeking to adopt neuroimaging methodologies in their research

programmes, to enable them to conduct small proof of concept studies. Awards are worth up to USD 150,000 for a maximum period of one year.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Small research grant programme (parent R03 clinical trial not allowed): AIDS-related

NIH: National Human Genome Research Institute

This supports small AIDS-related research projects that can be carried out in a short period of time with limited resources. Awards are worth

up to USD 50,000 in direct costs per year for up to two years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Exploratory or developmental research grant programme (parent R21 clinical trial not allowed): AIDS-related

NIH: National Eye Institute

This AIDS-related funding opportunity supports exploratory and developmental research projects by providing support for the early and conceptual stages of these projects. Application budgets are

[Link to *Research Professional](#)

limited to USD 275,000 for a two-year period, with no more than USD 200,000 in any year.

Closing date: 07 Sep 21

NEI research grant for vision related secondary data analysis (R21 clinical trial not allowed): AIDS-related

NIH: National Eye Institute

This AIDS-related opportunity supports vision-related secondary data analyses utilising existing database resources. Grants are

[Link to *Research Professional](#)

worth up to to USD 275,000 for a maximum period of two years.

Closing date: 07 Sep 21

Exploratory/developmental bioengineering research grants (R21 clinical trial optional): AIDS-related

NIH: National Cancer Institute

This AIDS-related call supports the demonstration of feasibility and potential utility of new capabilities or improvements in quality, speed, efficacy, operability, costs, and/or accessibility of solutions to problems in basic biomedical, pre-clinical or

[Link to *Research Professional](#)

clinical research, clinical care delivery or accessibility. Direct costs are limited to USD 275,000 over a two-year period.

Closing date: 07 Sep 21

Bioengineering research grants (R01 clinical trial required): AIDS-related

NIH: National Institute of Biomedical Imaging and Bioengineering

These AIDS-related grants support collaborations between the life and physical sciences that apply a

multidisciplinary bioengineering approach to the solution of a

biomedical problem. Grants are for up to five years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Research project grant (parent R01 basic experimental studies with humans required): AIDS-related

NIH: National Eye Institute

This supports a discrete, specified, circumscribed AIDS-related project in areas representing the specific interests and competencies of the

investigators. The maximum project period is five years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

AIDS-science track award for research transition (R03 clinical trial optional)

NIH: National Institute on Drug Abuse

This seeks to facilitate the entry of both newly independent and early-career investigators to the area of drug abuse research on HIV/AIDS. Awards are each worth up to USD

100,000 per year for a maximum period of two years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Bioengineering research partnerships (U01 clinical trial required): AIDS-related

NIH: National Institute of Biomedical Imaging and Bioengineering

This AIDS-related funding opportunity encourages bioengineering applications that will accelerate the development and adoption of tools and technologies

that can address important biomedical problems. The maximum project period is five years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Strategic mobility – grant for personal mobility between academia and industry

Swedish Foundation for Strategic Research | Stiftelsen för Strategisk Forskning

This aims to increase personal mobility and knowledge transfer between academia and industry. The total budget for this call is SEK 10 million and individual grants are [Link to *Research Professional](#)

worth up to SEK 1.5m between four to 12 months of a full time equivalent.

Closing date: 07 Sep 21

National Institute of Dental and Craniofacial Research small grant programme for new investigators (R03 clinical trial not allowed): AIDS-related

NIH: National Institute of Dental and Craniofacial Research

This AIDS-related opportunity supports basic and clinical research conducted by scientists who are in the early stages of establishing an independent research career in oral, dental and craniofacial research.

[Link to *Research Professional](#)

Grants are worth up to USD 200,000 over a maximum period of two years.

Closing date: 07 Sep 21

NLM research grants in biomedical informatics and data science (R01 clinical trial optional): AIDS-related

NIH: National Library of Medicine

This AIDS-related opportunity supports innovative research and development in biomedical informatics and data science. Grants are worth up to USD 250,000 each [Link to *Research Professional](#)

per year over a maximum period of four years.

Closing date: 07 Sep 21

Research to advance vaccine safety (R21 clinical trial not allowed): AIDS-related

NIH: National Institute of Allergy and Infectious Diseases

This AIDS-related funding opportunity supports research that will contribute to the overall understanding of vaccine safety.

[Link to *Research Professional](#)

Direct costs are limited to USD 275,000 over a two-year period.

Closing date: 07 Sep 21

Pilot and feasibility studies in preparation for drug and alcohol abuse prevention trials (R34 clinical trial optional): AIDS-related

NIH: National Institute on Drug Abuse

This AIDS-related opportunity supports research that provides intervention pilot or feasibility data serving as a prerequisite for subsequent applications for larger scale drug or alcohol abuse

[Link to *Research Professional](#)

prevention or drug- or alcohol-related HIV prevention intervention studies. Grants are worth up to USD 450,000 each over three years.

Closing date: 07 Sep 21

Drug discovery for nervous system disorders (R21 clinical trial not allowed): AIDS-related

NIH: National Institute of Neurological Disorders and Stroke

This AIDS-related call supports the discovery of novel compounds for the prevention and treatment of nervous system disorders. Grants

[Link to *Research Professional](#)

are worth up to USD 275,000 each over two years.

Closing date: 07 Sep 21

Drug discovery for nervous system disorders (R01 clinical trials not allowed): AIDS-related

NIH: National Institute of Neurological Disorders and Stroke

This AIDS-related funding opportunity supports the discovery of novel compounds for the prevention and treatment of nervous

[Link to *Research Professional](#)

system disorders. Funding is for up to five years.

Closing date: 07 Sep 21

Accelerating the pace of drug abuse research using existing data (R01 clinical trial optional): AIDS-related

NIH: National Institute on Drug Abuse

This AIDS-related opportunity supports the innovative analysis of existing social science, behavioural, administrative and neuroimaging data to study the aetiology and epidemiology of drug-using behaviours and related disorders,

[Link to *Research Professional](#)

prevention of drug use and HIV and health service use. Grants are worth up to USD 499,999 per year over a maximum period of five years.

Closing date: 07 Sep 21

Alzheimer's drug development programme (U01 clinical trial optional): AIDS-related

NIH: National Institute on Aging

This AIDS-related opportunity supports preclinical and early stage clinical development of small-molecule and biologic therapeutic agents that prevent Alzheimer's disease, slow its progression or treat

[Link to *Research Professional](#)

its cognitive and behavioural symptoms. Funding is worth up to USD 1 million per project per year for up to five years.

Closing date: 07 Sep 21

Discovery of in vivo chemical probes for the nervous system (R01 clinical trial not allowed): AIDS-related

NIH: National Institute of Neurological Disorders and Stroke

This AIDS-related opportunity supports research on in vivo chemical probes for novel brain

targets. Projects may last up to four years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Development and testing of novel interventions to improve HIV prevention, care and programme implementation (R34 clinical trial optional)

NIH: National Institute on Drug Abuse

This supports formative research, intervention development and pilot-testing of HIV interventions among populations where substance use may be a contributing factor. Grants

[Link to *Research Professional](#)

are worth up to USD 450,000 each over three years.

Closing date: 07 Sep 21

Physical activity and weight control interventions among cancer survivors – effects on biomarkers of prognosis and survival (R01 clinical trial optional): AIDS-related

NIH: National Cancer Institute

This encourages transdisciplinary and translational AIDS-related research that will identify the specific biological or biobehavioural pathways through which physical

[Link to *Research Professional](#)

activity or weight control may affect cancer prognosis and survival. Funding is for up to five years.

Closing date: 07 Sep 21

Physical activity and weight control interventions among cancer survivors – effects on biomarkers of prognosis and survival (R21 clinical trial optional): AIDS-related

NIH: National Cancer Institute

This AIDS-related opportunity supports transdisciplinary and translational research that will identify the specific biological or biobehavioural pathways through which physical activity or weight

[Link to *Research Professional](#)

control may affect cancer prognosis and survival. Grants are worth up to USD 275,000 each for a maximum period of two years.

Closing date: 07 Sep 21

Dissemination and implementation research in health (R01 clinical trial optional): AIDS-related

NIH: National Cancer Institute

This supports innovative AIDS-related approaches that aim to identify and develop strategies to disseminate and implement evidence-based practices into public

health, clinical practice, and community settings. Application budgets are not limited. The maximum project period is five years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Dissemination and implementation research in health (R03 clinical trial not allowed): AIDS-related

NIH: National Cancer Institute

This AIDS-related announcement supports innovative approaches to identifying, understanding and developing strategies for overcoming barriers to the adoption, adaptation, integration, scale-up and sustainability of evidence-based

interventions, tools, policies and guidelines. Grants are worth up to USD 50,000 per year for a maximum period of two years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Research education programme for clinical researchers and clinicians (R25 clinical trial optional): AIDS-related

NIH: National Institute on Drug Abuse

This AIDS-related call supports educational activities that complement and enhance the training of a workforce to meet the nation's biomedical, behavioural and

clinical research needs. Grants are worth up to USD 350,000 per year for up to five years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

New computational methods for understanding the functional role of DNA variants that are associated with mental disorders (R01 clinical trial not allowed): AIDS-related

NIH: National Institute of Neurological Disorders and Stroke

This AIDS-related opportunity supports the development of advanced computational, bioinformatic and statistical tools to determine the functional relevance

of genetic variants associated with mental disorders. The maximum project period is five years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Eradication of HIV-1 from central nervous system reservoirs (R01 clinical trial not allowed)

NIH: National Institute of Neurological Disorders and Stroke

This supports applications studying mechanisms of HIV-1 persistence and eradication strategies specifically focused on the central nervous system in the context of viral suppression. Application

[Link to *Research Professional](#)

budgets are not limited but need to reflect the actual needs of the proposed project. The maximum project period is five years.

Closing date: 07 Sep 21

Collaborative clinical vision project – resource centre grant (UG1 clinical trial required): AIDS-related

NIH: National Eye Institute

This AIDS-related call supports investigator-initiated large-scale clinical trials, human gene-transfer and stem cell therapy trials, and other complex or high resource or safety-risk clinical trials. Application

[Link to *Research Professional](#)

budgets are not limited but need to reflect the actual needs of the proposed project. The maximum period is five years.

Closing date: 07 Sep 21

Collaborative clinical vision research – chair's grant (UG1 clinical trial required): AIDS-related

NIH: National Eye Institute

This AIDS-related call supports investigator-initiated large-scale clinical trials, human gene-transfer and stem cell therapy trials, and other complex or high resource- or safety-risk clinical trials. Application

[Link to *Research Professional](#)

budgets are not limited, but must reflect the actual needs of the project.

Closing date: 07 Sep 21

Collaborative clinical vision research project – coordinating centre grant (UG1 clinical trial required): AIDS-related

NIH: National Eye Institute

This AIDS-related funding opportunity supports investigator-

initiated large-scale clinical trials, human gene-transfer and stem cell

therapy trials, and other demanding clinical trials. Funding is for up to five years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Innovations in HIV testing, adherence and retention to optimise HIV care continuum outcomes (R01 clinical trial optional)

NIH: National Institute of Neurological Disorders and Stroke

This supports innovative research to optimise HIV prevention and care.

The maximum project period is five years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Blueprint neurotherapeutics network – small molecule drug discovery and development for disorders of the nervous system (UH2/UH3 clinical trial optional): AIDS-related

NIH: National Institute of Neurological Disorders and Stroke

This AIDS-related funding opportunity supports neuroscience investigators seeking to advance their small molecule drug discovery and development projects into the

clinic. Application budgets are not limited but need to reflect the actual needs of the proposed project.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Prevention research in mid-life adults (R21 clinical trial optional): AIDS-related

NIH: National Institute of Nursing Research

This AIDS-related funding opportunity supports research on mid-life adults, those between 50 and 64 years of age, that can inform efforts to optimise health and wellness as individuals age and

prevent illness and disability in later years. Grants are worth up to USD 275,000 for up to two years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Prevention research in mid-life adults (R01 clinical trial optional): AIDS-related

NIH: National Institute of Nursing Research

This AIDS-related opportunity supports research on mid-life adults, between 50 and 64 years of age, that can inform efforts to optimise health and wellness as individuals age, and

[Link to *Research Professional](#)

prevent illness and disability in later years. Funding is for up to five years.

Closing date: 07 Sep 21

Maternal nutrition and pre-pregnancy obesity – effects on mothers, infants and children (R01 clinical trial optional): AIDS-related

NIH: National Institute of Nursing Research

This AIDS-related funding opportunity encourages applications to improve health outcomes for women, infants and children, by stimulating interdisciplinary research focused on maternal

[Link to *Research Professional](#)

nutrition and pre-pregnancy obesity. Application budgets are not limited but need to reflect the actual needs of the proposed project.

Closing date: 07 Sep 21

Arts project grants for organisations

Australia Council for the Arts

These support activities that deliver benefits to the arts sector and wider public, including national and international audiences. Grants are

[Link to *Research Professional](#)

worth between AUD 20,000 and AUD 100,000 for up to two years.

Closing date: 07 Sep 21

Developing the therapeutic potential of the endocannabinoid system for pain treatment (R01 clinical trial optional): AIDS-related

NIH: National Institute on Drug Abuse

This AIDS-related opportunity supports projects that seek to elucidate the therapeutic potential of

the cannabinoids and endocannabinoid system in the development of mechanism-based

therapies for pain. The maximum project period is five years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

End-of-life and palliative needs of adolescents and young adults with serious illnesses (R21 clinical trial optional): AIDS-related

NIH: National Institute of Nursing Research

This AIDS-related announcement aims to foster research on the unique perspectives, needs, wishes and decision-making processes of adolescents and young adults with

serious, advanced illnesses. Direct costs are limited to USD 275,000 over a two-year period.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

End-of-life and palliative needs of adolescents and young adults with serious illnesses (R01 clinical trial optional): AIDS-related

NIH: National Institute of Nursing Research

This AIDS-related opportunity supports research on the unique perspectives, needs, wishes and decision-making processes of adolescents and young adults with serious, advanced illnesses.

but need to reflect the actual needs of the proposed project. The maximum project period is five years.

Closing date: 07 Sep 21

Application budgets are not limited

[Link to *Research Professional](#)

Small research grants for oral health data analysis and statistical methodology development (R03 clinical trial not allowed): AIDS-related

NIH: National Institute of Dental and Craniofacial Research

This AIDS-related opportunity supports research projects that involve secondary data analyses of existing oral or craniofacial database resources, or the development of needed statistical methodology for

analysing oral and craniofacial data using existing oral or craniofacial databases. Funding is worth up to USD 200,000 per project over two years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

HIV/AIDS high priority drug abuse research (R01 clinical trial optional)

NIH: National Institute on Drug Abuse

This supports high priority research relevant to drug abuse and HIV and AIDS. Application budgets are not limited but need to reflect the actual needs of the proposed project. The

[Link to *Research Professional](#)

maximum project period is five years.

Closing date: 07 Sep 21

Innovations in HIV prevention, testing, adherence and retention to optimise HIV prevention and care continuum outcomes (R21 clinical trial optional)

NIH: National Institute of Neurological Disorders and Stroke

This encourages research in formative basic behavioural and social science to better understand a single step or steps in the HIV prevention or care continuum, or the initial development and pilot testing

[Link to *Research Professional](#)

of innovative intervention approaches. Application budgets are limited to USD 275,000 for up to two years.

Closing date: 07 Sep 21

Clinical studies of mental illness (collaborative R01 clinical trial optional): AIDS-related

NIH: National Institute of Neurological Disorders and Stroke

This AIDS-related funding opportunity supports collaborative clinical studies that do not involve treatment development, efficacy or

[Link to *Research Professional](#)

effectiveness trials. The maximum project period is five years.

Closing date: 07 Sep 21

Multidisciplinary studies of HIV/AIDS and ageing (R21 clinical trial optional)

NIH: National Institute on Aging

This supports studies that aim to improve understanding of aspects of ageing through the lens of HIV infection and its treatment, as well as improve approaches for testing of HIV infection and management of

[Link to *Research Professional](#)

HIV-related complications in different populations and cultural settings. Awards are worth up to USD 275,000 each for two years.

Closing date: 07 Sep 21

Multidisciplinary studies of HIV/AIDS and ageing (R01 clinical trial optional)

NIH: National Institute on Aging

This supports studies addressing HIV and ageing that aim to improve understanding of biological, clinical and socio-behavioural aspects of ageing through the lens of HIV infection. Application budgets are

[Link to *Research Professional](#)

not limited but need to reflect the actual needs of the proposed project. The maximum project period is five years.

Closing date: 07 Sep 21

Discovery of cell-based chemical probes for novel brain targets (R21 clinical trial not allowed): AIDS-related

NIH: National Institute of Neurological Disorders and Stroke

This AIDS-related opportunity supports investigators who have interest and capability to join efforts for the discovery of cell-based chemical probes for novel brain

[Link to *Research Professional](#)

targets. Grants are worth up to USD 275,000 over a two-year period.

Closing date: 07 Sep 21

Assay development and screening for discovery of chemical probes, drugs or immunomodulators (R01 clinical trial not allowed): AIDS-related

NIH: National Cancer Institute

This supports AIDS-related research in discovery and development of novel, small molecules for their potential use in studying disease treatment, and to generate new insight into the biology of relevant

[Link to *Research Professional](#)

diseases and processes that are not yet drug targets. The maximum project period is four years.

Closing date: 07 Sep 21

Understanding and modifying temporal dynamics of coordinated neural activity (R21 clinical trial optional): AIDS-related

NIH: National Institute of Neurological Disorders and Stroke

This AIDS-related call supports projects that test whether modifying electrophysiological patterns during behaviour can improve cognitive, affective, or social processing. The

[Link to *Research Professional](#)

combined budget for direct costs for the two-year project period may not exceed USD 275,000.

Closing date: 07 Sep 21

Understanding and modifying temporal dynamics of coordinated neural activity (R01 clinical trial optional): AIDS-related

NIH: National Institute of Neurological Disorders and Stroke

This AIDS-related call supports research to lay the groundwork for developing systems-level neuroscience interventions into treatments for cognitive, affective or social deficits in psychiatric disorders. Application budgets are

[Link to *Research Professional](#)

not limited but need to reflect the actual needs of the proposed project. The maximum project period is five years.

Closing date: 07 Sep 21

Exploratory or developmental research grant programme (parent R21 clinical trial required): AIDS-related

NIH: National Eye Institute

This supports AIDS-related exploratory and developmental research projects in their early and

conceptual stages. Awards are worth up to USD 275,000 in direct costs for up to two years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

NIMH exploratory/developmental research grant (R21 clinical trial not allowed): AIDS-related

NIH: National Institute of Mental Health

This AIDS-related funding opportunity supports exploratory and high-risk research projects that fall within the NIMH mission by providing support for the early and

conceptual stages of these projects. Grants are worth up to USD 275,000 over two years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Joint NINDS/NIMH exploratory neuroscience research grant (R21 clinical trial optional): AIDS-related

NIH: National Institute of Neurological Disorders and Stroke

This AIDS-related announcement supports exploratory and innovative research projects, which fall within the mission of the National Institute of Neurological Disorders and Stroke

and the National Institute of Mental Health. Grants are worth up to USD 275,000 for two years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Research project grant (parent R01 clinical trial not allowed): AIDS-related

NIH: National Eye Institute

This supports a discrete, specified and circumscribed AIDS-related project in areas representing the specific interests and competencies

of the investigators. The maximum project period is five years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Cancer prevention and control clinical trials grant programme (R01 clinical trial required): AIDS-related

NIH: National Cancer Institute

This AIDS-related announcement supports investigator-initiated clinical trials that have the potential to reduce the burden of cancer through improvements in early detection, prevention, healthcare

[Link to *Research Professional](#)

delivery, quality of life or survivorship related to cancer. The maximum project period is five years.

Closing date: 07 Sep 21

Pilot and feasibility studies of HIV and animal models for HIV infection within the mission of the NIDDK (R21 clinical trial not allowed): AIDS-related

NIH: National Institute of Diabetes and Digestive and Kidney Diseases

This AIDS-related opportunity supports basic and translational research projects examining HIV infection, persistence, and comorbidities relevant to the the institute's study of diabetes and

[Link to *Research Professional](#)

other endocrine and metabolic diseases. Grants are worth up to USD 275,000 each for up to two years.

Closing date: 07 Sep 21

Disease mechanisms of prenatal and paediatric hydrocephalus (R01 clinical trial not allowed): AIDS-related

NIH: National Institute of Neurological Disorders and Stroke

This AIDS-related funding opportunity supports hypothesis-driven research of prenatal and paediatric hydrocephalus. Application budgets are not limited but need to reflect the actual needs

[Link to *Research Professional](#)

of the proposed project. The maximum project period is five years.

Closing date: 07 Sep 21

NIDA small research grant programme (R03 clinical trial required): AIDS-related

NIH: National Institute on Drug Abuse

This supports small clinical trials that can be carried out in a short period of time with limited resources. Grants are worth up to

[Link to *Research Professional](#)

USD 50,000 each per year for up to two years.

Closing date: 07 Sep 21

Tools to enhance the study of prenatal and paediatric hydrocephalus (R21 clinical trial not allowed): AIDS-related

NIH: National Institute of Neurological Disorders and Stroke

This AIDS-related funding opportunity supports research that develops or substantially modifies existing cutting-edge tools that will advance prenatal or paediatric

hydrocephalus research. Funding is worth up to USD 275,000 over two years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Small research grants for analyses of Gabriella Miller Kids First paediatric research data (R03 clinical trial not allowed): AIDS-related

NIH: Eunice Kennedy Shriver National Institute of Child Health and Human Development

This supports meritorious small AIDS-related research projects that involve analyses of genomic, phenotypic or clinical datasets that are part of the Kids First programme, and projects that develop approaches, tools or

algorithms to support or enhance analyses of these data. Grants are worth up to USD 200,000 each over two years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Precision imaging of oral lesions (R01 clinical trial not allowed): AIDS-related

NIH: National Institute of Dental and Craniofacial Research

This AIDS-related opportunity supports the development, adaptation, optimisation and validation of accurate, reproducible, specific and sensitive imaging approaches to improve diagnosis,

treatment and treatment monitoring for diseases and conditions in the oral cavity and oropharynx. Funding is for up to five years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Precision imaging of oral lesions (R21 clinical trial not allowed): AIDS-related

NIH: National Institute of Dental and Craniofacial Research

This supports early-stage AIDS-related research projects that propose to adapt, optimise and validate existing imaging systems or develop new image-based methodologies and analytic tools capable of improving early

detection, diagnosis and targeted treatment of oral diseases and conditions. Grants are worth up to USD 275,000 each over two years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Role of gut microbiome in regulating reproduction and its impact on fertility status in women living with and without HIV (R21 clinical trial optional): AIDS-related

NIH: Eunice Kennedy Shriver National Institute of Child Health and Human Development

This AIDS-related opportunity supports research on the role of the gut microbiome in regulating metabolism and reproduction and its impact on fertility status with a

focus on AIDS. Grants are worth up to USD 275,000 for up to two years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Role of gut microbiome in regulating reproduction and its impact on fertility status in women living with and without HIV (R01 clinical trial optional): AIDS-related

NIH: Eunice Kennedy Shriver National Institute of Child Health and Human Development

This AIDS-related opportunity supports research related to the possible role of the gut microbiome in regulating reproduction through hypothalamo-pituitary-gonadal, hypothalamo-pituitary-adrenal and

hypothalamo-pituitary-thyroid axes in the brain. Budgets are limited to USD 499,999 in direct costs per year for up to five years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Investigator-initiated research in computational genomics and data science (R01 clinical trial not allowed): AIDS-related

NIH: National Human Genome Research Institute

This AIDS-related opportunity supports fundamental genomics research developing innovative analytical methodologies and approaches, early-stage development of tools and software, and refinement or hardening of

[Link to *Research Professional](#)

software and tools of high value to the biomedical genomics community. Funding is for up to five years.

Closing date: 07 Sep 21

Investigator-initiated research in computational genomics and data science (R21 clinical trial not allowed): AIDS-related

NIH: National Human Genome Research Institute

This AIDS-related opportunity supports fundamental genomics research developing innovative analytical methodologies and approaches, early-stage development of tools and software, and refinement or hardening of

[Link to *Research Professional](#)

software and tools of high value to the biomedical genomics community. Direct costs are limited to USD 275,000 over a two-year project period.

Closing date: 07 Sep 21

Alcohol and other drug interactions – unintentional injuries and overdoses – epidemiology and prevention (R01 clinical trial optional): AIDS-related

NIH: National Institute on Alcohol Abuse and Alcoholism

This AIDS-related opportunity supports research on how alcohol and other illicit drugs or illicitly-used prescription drugs interact to contribute to unintentional injuries and poisonings and how to prevent

[Link to *Research Professional](#)

or reduce simultaneous use of alcohol or drugs singly or in combination. The maximum project period is five years.

Closing date: 07 Sep 21

Vision research epidemiology grant (UG1 clinical trial not allowed): AIDS-related

NIH: National Eye Institute

This supports AIDS-related epidemiologic studies that use creative and innovative approaches to studying vision diseases and disorders with high public impact, to inform prevention and treatment

[Link to *Research Professional](#)

strategies as well as basic sciences research. Funding is for up to five years.

Closing date: 07 Sep 21

Alcohol and other drug interactions – unintentional injuries and overdoses – epidemiology and prevention (R03 clinical trial optional): AIDS-related

NIH: National Institute on Alcohol Abuse and Alcoholism

This AIDS-related opportunity supports research on how alcohol and other illicit drugs or illicitly-used prescription drugs interact to contribute to unintentional injuries and poisonings and how to prevent or reduce simultaneous use of

[Link to *Research Professional](#)

alcohol or drugs singly or in combination. Grants are each worth up to USD 50,000 per year for a maximum period of two years.

Closing date: 07 Sep 21

Alcohol and other drug interactions – unintentional injuries and overdoses – epidemiology and prevention (R21 clinical trial optional): AIDS-related

NIH: National Institute on Alcohol Abuse and Alcoholism

This AIDS-related opportunity supports research on how alcohol and other illicit drugs or illicitly-used prescription drugs interact to contribute to unintentional injuries and poisonings and how to prevent or reduce simultaneous use of

[Link to *Research Professional](#)

alcohol or drugs singly or in combination. Grants are each worth up to USD 275,000 for a maximum period of two years.

Closing date: 07 Sep 21

Advancing translational and clinical probiotic/prebiotic and human microbiome research (R01 clinical trial optional): AIDS-related

NIH: National Cancer Institute

This AIDS-related opportunity supports translational and clinical studies using a variety of probiotic and prebiotic carriers to generate measurable functional evidence for the safe and effective use of these

[Link to *Research Professional](#)

carriers in maintaining health or preventing and treating diseases. The maximum project period is five years.

Closing date: 07 Sep 21

New computational methods for understanding the functional role of DNA variants that are associated with mental disorders (R01 (collab) clinical trial not allowed): AIDS-related

NIH: National Institute of Neurological Disorders and Stroke

This AIDS-related opportunity supports the development of advanced computational, bioinformatic and statistical tools to determine the functional relevance of genetic variants associated with mental disorders of complex

[Link to *Research Professional](#)

aetiologies identified through genome-wide association or sequencing studies. Funding is for up to five years.

Closing date: 07 Sep 21

Applying a biopsychosocial perspective to self-management of chronic pain (R01 clinical trial optional): AIDS-related

NIH: National Institute of Nursing Research

This supports the applications of a biopsychosocial perspective to self-management of chronic pain with a

[Link to *Research Professional](#)

focus on AIDS. The maximum project period is five years.

Closing date: 07 Sep 21

Biobehavioural basis of chronic pain (R01 clinical trial optional): AIDS-related

NIH: National Institute of Nursing Research

This AIDS-related opportunity supports studies on the biobehavioural basis of chronic pain with a focus on the individual phenotype, genotype, and other omic-type assessments and the associated sensory and emotional

[Link to *Research Professional](#)

components that underpin the individual's chronic pain experience. The maximum project period is five years.

Closing date: 07 Sep 21

Applying a biopsychosocial perspective to self-management of chronic pain (R21 clinical trial optional): AIDS-related

NIH: National Institute of Nursing Research

This supports the applications of a biopsychosocial perspective to self-management of chronic pain with a

focus on AIDS. Grants are worth up to USD 275,000 for two years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Biobehavioural basis of chronic pain (R21 clinical trial optional): AIDS-related

NIH: National Institute of Nursing Research

This supports AIDS-related research that focuses on the individual phenotype, genotype and other omic-type assessments and the associated sensory and emotional components that underpin the

[Link to *Research Professional](#)

individual's chronic pain experience. Grants are worth up to USD 275,000 each over a maximum period of two years.

Closing date: 07 Sep 21

Fc-dependent mechanisms of antibody-mediated killing (R21 clinical trial not allowed): AIDS-related

NIH: National Institute of Allergy and Infectious Diseases

This supports AIDS-related research that aims to improve the understanding of Fc-dependent, antibody-mediated killing of pathogen-infected or otherwise

[Link to *Research Professional](#)

dysregulated host cells. Grants are each worth up to USD 275,000 over a maximum of two years.

Closing date: 07 Sep 21

Addressing caregiver symptoms through technological tools (R01 clinical trial optional): AIDS-related

NIH: National Institute of Nursing Research

This supports the development and testing of tools to address symptoms in caregivers, regardless of patient symptoms or conditions, with a

[Link to *Research Professional](#)

focus on AIDS. The project may last up to five years.

Closing date: 07 Sep 21

Addressing caregiver symptoms through technological tools (R21 clinical trial optional): AIDS-related

NIH: National Institute of Nursing Research

This supports AIDS-related research focused on the development and testing of tools to address symptoms in caregivers, regardless of patient symptoms or conditions. Grants are

[Link to *Research Professional](#)

worth up to USD 275,000 each over a maximum period of two years.

Closing date: 07 Sep 21

Advancing research in augmentative and alternative communication (R01 clinical trial optional): AIDS-related

NIH: National Institute on Deafness and other Communication Disorders

This AIDS-related funding opportunity supports research on augmentative and alternative communication to advance scientific knowledge in the evaluation and treatment of individuals with

[Link to *Research Professional](#)

complex communication needs or with severe speech and physical impairments. The maximum project period is five years.

Closing date: 07 Sep 21

End-of-life and palliative care approaches to advanced signs and symptoms (R01 clinical trial optional): AIDS-related

NIH: National Institute of Nursing Research

This AIDS-related funding opportunity supports the examination of the multi-dimensional foundation, experiences and management of complex,

advanced signs and symptoms at the end of life. The project may last up to five years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Advancing research in augmentative and alternative communication (R21 clinical trial optional): AIDS-related

NIH: National Institute on Deafness and other Communication Disorders

This AIDS-related funding opportunity supports research on augmentative and alternative communication to advance scientific knowledge in the evaluation and treatment of individuals with complex communication needs or

with severe speech and physical impairments. Grants are worth up to USD 275,000 for a maximum period of two years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

End-of-life and palliative care approaches to advanced signs and symptoms (R21 clinical trial optional): AIDS-related

NIH: National Institute of Nursing Research

This AIDS-related funding opportunity supports the examination of the multi-dimensional foundation, experiences and management of complex, advanced signs and symptoms at the

end of life. Grants are worth up to USD 275,000 each over a maximum period of two years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Engaging men in HIV testing, prevention and care (R01 clinical trial optional)

NIH: National Institute of Allergy and Infectious Diseases

This supports the development and testing of strategies to increase the engagement of men in HIV prevention and care within global settings and among domestic populations who have lower rates of

engagement and retention in HIV prevention and care. The maximum project period is five years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Engaging men in HIV testing, prevention and care (R21 clinical trial optional)

NIH: National Institute of Allergy and Infectious Diseases

This supports the development and testing of strategies to increase the engagement of men in HIV prevention and care within global settings and among domestic populations who have lower rates of

engagement and retention in HIV prevention and care. Grants are worth up to USD 275,000 for a maximum period of two years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Strategies to provide culturally tailored palliative and end-of-life care for seriously ill American Indian and Alaska Native individuals (R01 clinical trial optional): AIDS-related

NIH: National Institute of Nursing Research

This supports AIDS-related research that will improve and increase the use of evidence-based interventions in end-of-life and palliative care for American Indian or Alaska Native

individuals with advanced illness and their families and communities. Funding is for five years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Strategies to provide culturally tailored palliative and end-of-life care for seriously ill American Indian and Alaska Native individuals (R21 clinical trial optional): AIDS-related

NIH: National Institute of Nursing Research

This supports AIDS-related research that will improve and increase the use of evidence-based interventions in end-of-life and palliative care for American Indian and Alaska Native individuals with advanced illness

and their families and communities. Grants are worth up to USD 275,000 each over a maximum period of two years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Processing and presentation of non-conventional MHC ligands (R01 clinical trial not allowed): AIDS-related

NIH: National Institute of Allergy and Infectious Diseases

This AIDS-related funding opportunity supports the determination of antigen processing and presentation mechanisms used in the generation of novel peptidic and non-peptidic ligands and of the

[Link to *Research Professional](#)

contribution of these unique antigenic ligands to protective immune responses. The maximum project period is five years.

Closing date: 07 Sep 21

Processing and presentation of non-conventional MHC ligands (R21 clinical trial not allowed): AIDS-related

NIH: National Institute of Allergy and Infectious Diseases

This AIDS-related funding opportunity supports the determination of antigen processing and presentation mechanisms used in the generation of novel peptidic and non-peptidic ligands and of the contribution of these unique

[Link to *Research Professional](#)

antigenic ligands to protective immune responses. Grants are worth up to USD 275,000 each for a maximum period of two years.

Closing date: 07 Sep 21

Telomeres in wellness and disease – a biobehavioural approach (R01 clinical trial optional): AIDS-related

NIH: National Institute of Nursing Research

This AIDS-related funding opportunity aims to stimulate clinical research that examines the role of telomeres in wellness and disease, and to advance the incorporation of telomere studies into biobehavioural programmes of

[Link to *Research Professional](#)

research. Application budgets are not limited but need to reflect the actual needs of the proposed project. The maximum project period is five years.

Closing date: 07 Sep 21

Telomeres in wellness and disease – a biobehavioural approach (R21 clinical trial optional): AIDS-related

NIH: National Institute of Nursing Research

This AIDS-related funding opportunity aims to stimulate clinical research that examines the role of telomeres in wellness and

disease, and to advance the incorporation of telomere studies into biobehavioural programmes of research. Grants are worth up to

USD 275,000 each for a maximum period of two years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Exploratory or developmental research grant programme (parent R21 basic experimental studies with humans required): AIDS-related

NIH: National Eye Institute

This supports AIDS-related exploratory and developmental research projects in the early and conceptual stages. Awards are worth

up to USD 275,000 in direct costs for up to two years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Novel approaches to understand, prevent, treat, and diagnose coccidioidomycosis and other select endemic fungal infections (R01 clinical trial not allowed): AIDS-related

NIH: National Institute of Allergy and Infectious Diseases

This AIDS-related opportunity supports research that contributes to the overall understanding of coccidioidomycosis and other select endemic fungal diseases including

histoplasmosis and blastomycosis. The maximum project period is five years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Novel approaches to understand, prevent, treat, and diagnose coccidioidomycosis and other select endemic fungal infections (R21 clinical trial not allowed): AIDS-related

NIH: National Institute of Allergy and Infectious Diseases

This AIDS-related funding opportunity supports research that contributes to the overall understanding of coccidioidomycosis and other select endemic fungal diseases, including

histoplasmosis and blastomycosis. Grants are worth up to USD 275,000 each for a maximum period of two years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Bioengineering research grants (R01 clinical trial not allowed): AIDS-related

NIH: National Institute of Biomedical Imaging and Bioengineering

This AIDS-related call supports collaborations between the life and physical sciences that apply a multidisciplinary bioengineering approach to the solution of a

biomedical problem. Grants are for up to five years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Bioengineering research partnerships (U01 clinical trial not allowed): AIDS-related

NIH: National Institute of Biomedical Imaging and Bioengineering

This AIDS-related call encourages bioengineering applications that will accelerate the development and adoption of promising tools and technologies that can address

important biomedical problems. The maximum project period is five years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Exploratory/developmental bioengineering research grants (R21 clinical trial not allowed): AIDS-related

NIH: National Cancer Institute

This AIDS-related call supports the demonstration of feasibility and potential utility of new capabilities or improvements in quality, speed, efficacy, operability, costs, and/or accessibility of solutions to problems in basic biomedical, pre-clinical or

clinical research, clinical care delivery or accessibility. Direct costs are limited to USD 275,000 over a two-year period.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Accelerating the pace of child health research using existing data from the adolescent brain cognitive development study (R01 clinical trial not allowed): AIDS-related

NIH: National Institute on Drug Abuse

This AIDS-related funding opportunity supports the analysis of public data to increase knowledge of adolescent health and development. Grants are worth up to USD 250,000

[Link to *Research Professional](#)

each per year for a maximum period of five years.

Closing date: 07 Sep 21

Accelerating the pace of child health research using existing data from the adolescent brain cognitive development study (R21 clinical trial not allowed): AIDS-related

NIH: National Institute on Drug Abuse

This AIDS-related call supports the analysis of public data to increase knowledge of adolescent health and

development. Grants are worth up to USD 275,000 each for two years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Comparative effectiveness research in clinical neurosciences (UG3/UH3 clinical trial not allowed): AIDS-related

NIH: National Institute of Neurological Disorders and Stroke

This AIDS-related call supports prospective observational comparative effectiveness research evaluating preventive strategies, diagnostic approaches or interventions including drugs,

biologics and devices or surgical, behavioural and rehabilitation therapies. The maximum project period is seven years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Clinical research study planning grant programme (R34 clinical trial not allowed): AIDS-related

NIH: National Eye Institute

This AIDS-related funding opportunity supports the refinement of a study protocol and procedures and the development of a detailed manual of procedures, as well as preliminary studies to refine study

procedures or document recruitment potential. Grants are worth up to USD 150,000 each per year for up to two years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Novel RNAs in virology and immune regulation – basic science and therapeutic discovery (R21 clinical trial not allowed): AIDS-related

NIH: National Institute of Allergy and Infectious Diseases

This AIDS-related opportunity supports basic science research in novel biologically active viral or host RNAs involved in virology, including HIV biology, and immune regulation.

Grants are worth up to USD 275,000 for two years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Discovery of biomarkers and biomarker signatures for neurological and neuromuscular disorders (R61/R33 clinical trial optional): AIDS-related

NIH: National Institute of Neurological Disorders and Stroke

This AIDS-related funding opportunity promotes the discovery or early evaluation of strong candidate biomarkers and biomarker signatures that can be used as tools to facilitate the clinical development of neurotherapeutics

and their use in clinical practice. Application budgets are not limited but need to reflect the actual needs of the proposed project.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Mechanisms of tolerance (R21/R33 clinical trial required): AIDS-related

NIH: National Institute on Alcohol Abuse and Alcoholism

This AIDS-related funding opportunity supports research on sensitivity and tolerance mechanisms underlying the development of alcohol use disorder.

Grants are worth up to USD 1.77 million each for up to five years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Centres of vocational excellence

Education, Audiovisual and Culture Executive Agency

This supports the establishment and development of centres of vocational excellence contributing to regional development, innovation, and smart specialisation strategies as well as to international collaborative

[Link to *Research Professional](#)

platforms. Grants are worth up to €4 million per project over a period of four years.

Closing date: 07 Sep 21

Development and application of PET and SPECT imaging ligands as biomarkers for drug discovery and for pathophysiological studies of CNS disorders (R01 clinical trial optional): AIDS-related

NIH: National Institute of Neurological Disorders and Stroke

This AIDS-related opportunity supports research on the development of novel radioligands for positron emission tomography or single photon emission computed tomography imaging in human

[Link to *Research Professional](#)

brain, and that incorporate pilot or clinical feasibility evaluation in preclinical studies. The maximum project period is four years.

Closing date: 07 Sep 21

Development and application of PET and SPECT imaging ligands as biomarkers for drug discovery and for pathophysiological studies of central nervous system disorders (R01 clinical trial not allowed): AIDS-related

NIH: National Institute of Neurological Disorders and Stroke

This AIDS-related call supports the preclinical development of novel radioligands for positron emission tomography or single photon emission computed tomography imaging in rodent and nonhuman primate brain and incorporation of

[Link to *Research Professional](#)

pilot or clinical feasibility evaluation in preclinical studies. Grants are worth up to USD 275,000 each for up to three years.

Closing date: 07 Sep 21

Catalytic tool and technology development in kidney, urological and haematological diseases (R21 clinical trial not allowed): AIDS-related

NIH: National Institute of Diabetes and Digestive and Kidney Diseases

This AIDS-focused opportunity supports the development of innovative, enabling tools and technologies in the areas of kidney, urological and haematological

diseases. Grants are worth up to USD 275,000 each for up to two years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Research project grant (parent R01 clinical trial required): AIDS-related

NIH: National Eye Institute

This supports a discrete, specified, circumscribed AIDS-related project in areas representing the specific interests and competencies of the

investigators. The maximum project period is five years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

HEAL initiative – non-addictive analgesic therapeutics development to treat pain (UG3/UH3 clinical trial not allowed): AIDS-related

NIH: National Institute of Neurological Disorders and Stroke

This supports AIDS-related research that includes preclinical optimisation and development of safe, effective and non-addictive small molecule and biologic

therapeutics to treat pain. The maximum project period is five years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Notice of special interest – telehealth strategies for individuals with HIV and substance use disorders

NIH: National Institute on Drug Abuse

This supports research exploring and developing telehealth methods and strategies for diagnosis,

prevention, treatment, and population analysis in individuals

living with HIV and substance use disorders.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Blueprint neurotherapeutics network – biologic-based drug discovery and development for disorders of the nervous system (UG3/UH3 clinical trial optional): AIDS-related

NIH: National Institute of Neurological Disorders and Stroke

This AIDS-related opportunity supports preclinical discovery and development of potential therapeutic biotechnology products and biologics, gene-based therapies,

cell therapies and novel emerging therapies. The maximum project period is five years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Multiple sclerosis research programme – early investigator research award

US Department of Defense

This supports early-career investigators in developing a research project and investigating a problem in multiple sclerosis research under the guidance of one or more designated mentors.

Awards are worth up to USD 200,000 each in direct costs for a maximum of two years.

Closing date: 07 Sep 21

[Link to *Research Professional](#)

Research grants on Down's syndrome and other rare intellectual disabilities of genetic origin

Jérôme Lejeune Foundation | Fondation Jérôme Lejeune

These support research projects on Down's syndrome and other rare intellectual disabilities of genetic

origin. Grants are worth up to €80,000 each for up to two years.

Closing date: 08 Sep 21 (Forecast)

[Link to *Research Professional](#)

Partnership grant – infections and immunity

Medical Research Council

This provides core funds to support partnerships between diverse groupings of researchers and supports the establishment of new, high-value collaborative activities and capabilities that add value to high-quality scientific programmes

[Link to *Research Professional](#)

that are already supported by grants from the MRC and other funders. Funding is available for one to five years.

Closing date: 08 Sep 21

Single-site investigator-initiated clinical trials (R61/R33 clinical trial required): AIDS-related

NIH: National Heart, Lung and Blood Institute

This AIDS-related call supports the development and implementation of investigator-initiated single-site clinical trials relevant to the research mission of the National

[Link to *Research Professional](#)

Heart, Lung and Blood Institute. The maximum project period is five years.

Closing date: 08 Sep 21

Clinical coordinating centre for multi-site investigator-initiated clinical trials (collaborative UG3/UH3 clinical trial required): AIDS-related

NIH: National Heart, Lung and Blood Institute

This AIDS-related funding opportunity supports the development and implementation of a clinical coordinating centre for investigator-initiated multi-site clinical trials that are relevant to the research mission of the National

[Link to *Research Professional](#)

Heart, Lung and Blood Institute. Application budgets are not limited but need to reflect the actual needs of the proposed project.

Closing date: 08 Sep 21

Data coordinating centre for multi-site investigator-initiated clinical trials (collaborative U24 clinical trial required): AIDS-related

NIH: National Heart, Lung and Blood Institute

This AIDS-related call supports the implementation of a collaborating data coordinating centre for investigator-initiated multi-site clinical trials that are relevant to the research mission of the National

[Link to *Research Professional](#)

Heart, Lung, and Blood Institute. Application budgets are not limited but need to reflect the actual needs of the proposed project.

Closing date: 08 Sep 21

Nursing research grant

American Thoracic Society

This supports research that aims to advance the understanding of pulmonary and critical care and sleep disorders, and to prevent these conditions and improve patient

[Link to *Research Professional](#)

outcomes. Two grants, worth USD 45,000 each for one year, are available.

Closing date: 08 Sep 21 (Forecast)

Unrestricted grants

American Thoracic Society

These support basic science, translational or clinical research in pulmonary, critical care and sleep medicine. Up to 17 grants, worth

[Link to *Research Professional](#)

USD 40,000 each for one year, are available.

Closing date: 08 Sep 21 (Forecast)

Partner grants

American Thoracic Society

These support thoracic research relating to the interests of partner organisations. Grants are worth up

[Link to *Research Professional](#)

to USD 50,000 per year for up to two years.

Closing date: 08 Sep 21 (Forecast)

Developing digital therapeutics for substance use disorders (UG3/UH3 clinical trial optional): Aids-related

NIH: National Institute on Drug Abuse

This AIDS-related funding opportunity supports research projects to accelerate the development of digital therapeutics (DTx) to treat substance use

disorders (SUDs). Awards are worth USD 500,000 in direct costs per year over three years.

Closing date: 08 Sep 21

[Link to *Research Professional](#)

Systems approach to understand mechanisms of heterogeneous response to influenza (R01 clinical trial not allowed)

NIH: National Institute of Allergy and Infectious Diseases

This supports the identification of mechanisms behind heterogeneous responses in the population to influenza infection or vaccination through development and

application of computational tools. The maximum project duration is five years.

Closing date: 08 Sep 21

[Link to *Research Professional](#)

Research grant programme – idea grants

Barth Syndrome Foundation

These support basic research and discovery science projects that address the basic, translational and clinical research challenges of Barth syndrome. Grants are worth up to

USD 50,000 each over one to two years.

Closing date: 09 Sep 21 (Forecast)

[Link to *Research Professional](#)

Clinical project grants

Swedish Childhood Cancer Foundation | Barncancerfonden

These support research projects of pronounced clinical character relevant for paediatric oncology including biology, epidemiology, registry research, diagnostics and treatment and nursing science

including psychosocial research and preclinical, phase one and phase two studies. Projects may last for between one and three years and in exceptional cases, projects will be

financed for a time period of four or five years.

Closing date: 09 Sep 21

[Link to *Research Professional](#)

Science of science – discovery, communication and impact

National Science Foundation

This call supports basic research to increase the public value of scientific activity.

Closing date: 09 Sep 21

[Link to *Research Professional](#)

COMING SOON: Experimental medicine grants

Medical Research Council

These grants support experimental research investigating the causes, progression and treatment of human

disease. Projects are funded at 80 per cent of the full project costs.

Closing date: 09 Sep 21

[Link to *Research Professional](#)

Research grants

Feminist Review Trust

These support feminist scholars and activities. Grants are worth up to £15,000 each.

Closing date: 10 Sep 21

[Link to *Research Professional](#)

Industry-university cooperative research centres programme

National Science Foundation

This supports the development of long-term partnerships among

industry, academia and government agencies.

Closing date: 10 Sep 21

[Link to *Research Professional](#)

Research grants

Foundation for Prader-Willi Research

These support innovative Prader-Willi syndrome research. Grants are worth up to USD 100,000 each for

one year, with a possibility of a second year of funding.

Closing date: 10 Sep 21

[Link to *Research Professional](#)

Dispatch of visiting professor

Korea Foundation

This assists overseas universities that are planning to launch or expand Korean studies or Korean language courses but are currently experiencing difficulty in staffing the faculty with adequately qualified candidates by dispatching visiting

professors of relevant fields. Support will include a living allowance for the visiting professor, round-trip airfare and travel insurance.

Closing date: 10 Sep 21 (Forecast)

[Link to *Research Professional](#)

Team research project programme

Québec Nature and Technology Research Fund (FRQNT) | Fonds de Recherche du Québec – Nature et Technologies

This aims to foster the emergence of new research niches in the fund's fields of interest and enhance the ability of Québec researchers to compete in federal competitions by

carrying out innovative projects. Funding is worth up to CAD 60,000 per year for three years.

Closing date: 10 Sep 21 (Forecast)

[Link to *Research Professional](#)

Support for establishment of professorships

Korea Foundation

This provides financial support for efforts to create new professorships in the field of Korean studies and Korean language at universities

abroad. Grants last between three to five years.

Closing date: 10 Sep 21 (Forecast)

[Link to *Research Professional](#)

COMING SOON: Project support

Andrea von Braun Foundation | Andrea von Braun Stiftung

This programme supports projects focusing on the economics of sustainability.

Closing date: 10 Sep 21 (Forecast)

[Link to *Research Professional](#)

COMING SOON: Fellowship programme

International Tropical Timber Organization

This programme aims to promote human resource development and to strengthen professional expertise in member countries in tropical forestry and related disciplines.

Fellowships are worth up to USD 10,000 each.

Closing date: 11 Sep 21 (Forecast)

[Link to *Research Professional](#)

Grants for research and development projects

Stiftelsen Promobilia

These promote the development and production of technical aids that enable persons with disabilities to have a more active life. Grants are

worth between SEK 100,000 and SEK 500,000 each.

Closing date: 11 Sep 21 (Forecast)

[Link to *Research Professional](#)

Programme development grants – competition 30

Department of Health and Social Care including NIHR

These position and equip research teams in submitting a competitive programme grant application in the future. Grants are worth up to

£150,000 for between one and two years.

Closing date: 12 Sep 21 (Forecast)

[Link to *Research Professional](#)

COMING SOON: Clinical research awards

Children's Tumor Foundation

These awards support early-stage pilot clinical testing of potential

candidate therapeutics for the treatment of tumours and other

manifestations of NF1, NF2 and schwannomatosis or innovative

clinical studies. Awards are worth up to USD 150,000 each.

Closing date: 13 Sep 21

[Link to *Research Professional](#)

NIAID clinical trial implementation cooperative agreement (U01 clinical trial required)

NIH: National Institute of Allergy and Infectious Diseases

This supports cooperative agreement applications for implementation of investigator-initiated, high-risk clinical trials and mechanistic studies associated with high-risk clinical trials. Application

budgets are not limited but must reflect the actual needs of the proposed project. The maximum funding period is five years.

Closing date: 13 Sep 21

[Link to *Research Professional](#)

Culture and arts programme

Nordic Council of Ministers | Norden

This supports Nordic cooperation projects within all areas of art and culture that promote a multifaceted and sustainable Nordic region.

least 30 per cent co-financing and up to €100,000 with at least 50 per cent co-financing.

Grants are worth up to €7,000 with full financing, up to €40,000 with at

Closing date: 13 Sep 21

[Link to *Research Professional](#)

Micro grants

Pediatric Orthopaedic Society of North America

These support projects that advance musculoskeletal care for children and adolescents. Twenty grants,

worth up to USD 1,000 each, are available.

Closing date: 13 Sep 21 (Forecast)

[Link to *Research Professional](#)

NIAID clinical trial planning grant (R34 clinical trial not allowed)

NIH: National Institute of Allergy and Infectious Diseases

This supports the planning, design and preparation of the documentation necessary for implementation of investigator-initiated clinical trials. Grants are [Link to *Research Professional](#)

worth up to USD 150,000 each for a maximum period of one year.

Closing date: 14 Sep 21

Early-career awards

Thrasher Research Fund

These support the development of medical research in child health by awarding small grants to new researchers. Up to 15 awards are available per cycle, each worth up to [Link to *Research Professional](#)

USD 25,000 in direct costs for projects lasting up to two years.

Closing date: 14 Sep 21

Investigator-led call

Belgian Health Care Knowledge Centre | KCE

This supports investigator-led comparative effectiveness clinical trials. No maximum budget is

defined, but studies should be able to generate results within five years.

Closing date: 14 Sep 21 (Forecast)

[Link to *Research Professional](#)

BRAIN initiative – theories, models and methods for analysis of complex data from the brain (R01 clinical trial not allowed)

NIH: National Institute of Biomedical Imaging and Bioengineering

This supports the development of new theories, computational models and analytical tools to derive understanding of brain function from complex neuroscience data. Application budgets are not limited, [Link to *Research Professional](#)

but are expected to range between USD 150,000 and USD 250,000 in direct costs per year. Awards are for three years of support.

Closing date: 14 Sep 21 (Forecast)

My start Barcelona

Italian Chamber of Commerce in Barcelona | Camera Italian Barcelona

This supports innovative startups in expanding their business into Spain. One startup will receive working space for six months, financial and administrative support, mentoring, networking opportunities and

[Link to *Research Professional](#)

membership to the Italian Chamber of Commerce in Barcelona for one year.

Closing date: 14 Sep 21 (Forecast)

Therapeutic discovery programme award

Cancer Research UK

This supports researchers who propose multifaceted programmes composed of several projects running in parallel with an overarching therapeutic aim. The

[Link to *Research Professional](#)

award is worth up to £2.5 million over five years.

Closing date: 14 Sep 21

John Z Duling grant programme

TREE Fund

This provides start-up or seed funding for innovative research and technology transfer projects that have the potential to benefit the everyday work of arborists. Grants

[Link to *Research Professional](#)

are worth up to USD 25,000 each over one to three years.

Closing date: 15 Sep 21

Career development award

Medical Research Council

This enables postdoctoral researchers to lead their own research plans and establish their own research team to make the transition from postdoctoral researcher to independent

[Link to *Research Professional](#)

investigator. Funding is provided for five years and covers salary, support for research staff, consumables, travel costs and capital equipment.

Closing date: 15 Sep 21

Quaternary research fund

Quaternary Research Association

This forsters research in any area of quaternary studies. Grants are typically worth up to £1,500 each.

Closing date: 15 Sep 21

[Link to *Research Professional](#)

New research workers' awards

Quaternary Research Association

These support early career researchers studying for higher degrees in quaternary science.

Awards are normally worth up to £1,500.

Closing date: 15 Sep 21

[Link to *Research Professional](#)

Established investigator grant

Scleroderma Foundation

This supports innovative pilot projects related to systemic sclerosis that will culminate in more substantial funding from federal or non-federal granting agencies.

Awards are worth up to USD 75,000 per year for a maximum period of two years.

Closing date: 15 Sep 21 (Forecast)

[Link to *Research Professional](#)

Exploratory micro research grants

Scoliosis Research Society

These support research in spinal deformity by those who are unlikely to receive major funding. Grants are

worth up to USD 2,500 each over one year.

Closing date: 15 Sep 21 (Forecast)

[Link to *Research Professional](#)

New investigator research grant

Scoliosis Research Society

This supports new investigators in the field of spinal deformity

research. The grant is worth up to USD 30,000 over up to two years.

Closing date: 15 Sep 21 (Forecast)

[Link to *Research Professional](#)

Standard research grant

Scoliosis Research Society

This supports research in the area of spinal deformities. The grant is

worth up to USD 37,500 per year for a maximum period of two years.

Closing date: 15 Sep 21 (Forecast)

[Link to *Research Professional](#)

Research grants

Thoracic Surgery Foundation

These support the work of an early-career cardiothoracic surgeon who has completed their formal training and are seeking initial support for their original research project.

Grants are worth up to USD 40,000 per year for up to two years.

Closing date: 15 Sep 21 (Forecast)

[Link to *Research Professional](#)

Nina Starr Braunwald research award

Thoracic Surgery Foundation

This supports the work of a female early-career cardiac surgeon who has completed her formal training, and who is seeking initial support and recognition for her research

programme. The award is worth up to USD 40,000 per year for up to two years.

Closing date: 15 Sep 21 (Forecast)

[Link to *Research Professional](#)

Research grants

National Academic Advising Association

These supports research related to academic advising. Grants are worth

between USD 500 and USD 5,000 each.

Closing date: 15 Sep 21 (Forecast)

[Link to *Research Professional](#)

Linked standard research innovation grants

American Foundation for Suicide Prevention

These enable investigators at two or more sites to implement a common research project on suicide. Grants are worth up to USD 150,000 each

[Link to *Research Professional](#)

per year for a maximum period of two years.

Closing date: 15 Sep 21 (Forecast)

Grants for academic and artistic work

Kone Foundation | Koneen Säätiö

These support academic and artistic work and projects in the field of humanities, social sciences, arts and environmental studies, covering also

[Link to *Research Professional](#)

multidisciplinary approaches. Grants are worth up to €3,500 per month.

Closing date: 15 Sep 21

COMING SOON: Early-career grant

Regional Studies Association

This grant enables early-career members of the association to carry out a discrete piece of research in regional studies or regional science.

[Link to *Research Professional](#)

The grant is worth up to £10,000 for up to 18 months.

Closing date: 15 Sep 21 (Forecast)

Grants in support of projects in the humanities, social science and biomedicine fields

Fritz Thyssen Foundation | Fritz Thyssen Stiftung

These support research projects in the humanities, social science and biomedicine fields. Grants may last

[Link to *Research Professional](#)

up to three years and cover personnel costs and travel expenses.

Closing date: 15 Sep 21

Novartis research grant

Novartis Foundation Japan for the Promotion of Science

This grant supports research in the field of biology, life sciences, related chemistry and information science. Approximately 35 grants, each worth up to JPY 1 million, are [Link to *Research Professional](#)

available. The project period is one year.

Closing date: 15 Sep 21 (Forecast)

Ernest Solvay fund for projects for organisations

King Baudouin Foundation

This supports initiatives in education and entrepreneurship in the areas of science and technology, such as chemistry, physics, biology, mathematics and earth sciences, in order to promote scientific and

technological training and development both in Belgium and abroad. Grants are worth up to €7,500 each.

Closing date: 15 Sep 21 (Forecast)

[Link to *Research Professional](#)

Experiment – in search of bold research ideas initiative

Volkswagen Foundation | VolkswagenStiftung

This supports new research concepts in science, engineering, behavioural and life sciences, disregarding the project risk and the vagueness of a successful outcome.

Approximately 30 to 40 grants are available per year, worth up to €120,000 each over 18 months.

Closing date: 15 Sep 21 (Forecast)

[Link to *Research Professional](#)

Grants to individuals

Graham Foundation for Advanced Studies in the Fine Arts

These provide opportunities to create, develop, and communicate a project about architecture and the designed environment that will contribute to creative, intellectual

and professional growth. Grants are worth up to USD 20,000.

Closing date: 15 Sep 21 (Forecast)

[Link to *Research Professional](#)

Jack Kimmel international grant programme

TREE Fund

This supports research into plant healthcare. Grants are worth up to

USD 10,000 each over one to two years.

Closing date: 15 Sep 21

[Link to *Research Professional](#)

Clinical research proposals

ResMed Foundation

These support clinical research and activities to promote physician and public awareness in the field of sleep-disordered breathing. The

total annual budget for this scheme is USD 1.35 million.

Closing date: 15 Sep 21

[Link to *Research Professional](#)

Claudio Leonardi fellowship

Zeno Karl Schindler Foundation

This supports scientific research in the field of medieval studies or connected medieval research branches by enabling doctoral or early postdoctoral candidates to go

abroad for their research work each year. Funding is worth CHF 2,500 per month for three to six months.

Closing date: 15 Sep 21

[Link to *Research Professional](#)

EIT InnoEnergy – investment round

European Institute of Innovation and Technology

This supports European businesses in developing products, innovations and technologies that create a

positive impact on market and society within sustainable energy.

Closing date: 15 Sep 21 (Forecast)

[Link to *Research Professional](#)

Safe arborist techniques fund grant programme

TREE Fund

This supports research and development and technology transfer on the techniques and equipment that arborists use in climbing, rigging and working on

trees, and the means of identifying potential hazards, to provide a safer working environment. Grants are worth between USD 5,000 and USD 15,000 over two years.

Closing date: 15 Sep 21

[Link to *Research Professional](#)

Jim Smith endowment fund

Ohio Cichlid Association

This supports cichlid or catfish research, education or conservation.

Awards are normally worth USD 2,000 but larger awards are possible.

Closing date: 15 Sep 21 (Forecast)

[Link to *Research Professional](#)

David H and Beverly A Barlow grant

American Psychological Association

This supports basic and clinical research on anxiety and anxiety-

related disorders. The grant is worth up to USD 7,500.

Closing date: 15 Sep 21

[Link to *Research Professional](#)

Rosalee G and Raymond A Weiss research and programme innovation grants

American Psychological Association

These support research, education and intervention projects and programmes that use psychology to

solve social problems. Grants are worth USD 1,000 each.

Closing date: 15 Sep 21

[Link to *Research Professional](#)

Bruce and Jane Walsh grant in memory of John Holland

American Psychological Association

This supports research or educational activities investigating how personality, culture and environment influence work behaviour and physical and mental

health. The grant is worth USD 17,000.

Closing date: 15 Sep 21

[Link to *Research Professional](#)

QRA research award

Quaternary Research Association

This supports application of scientific excellence for fieldwork expeditions or innovative

laboratory-based projects. Awards are worth up to £5,000.

Closing date: 15 Sep 21

[Link to *Research Professional](#)

POSTPONED: Otto Bennemann grant

Georg Eckert Institute | Georg Eckert Institut

This grant supports innovative methodological approaches in international textbook research and enables candidates to spend time at the institute in Braunschweig,

Germany. The grant is worth up to €4,500.

Closing date: 15 Sep 21 (Forecast)

[Link to *Research Professional](#)

Barborinas Family Fund grant programme

TREE Fund

This supports research focused on tree planting and transplantation techniques, and the improvement of tree varieties for urban conditions, including investigations into root

and soil science. Grants are worth between USD 5,000 and USD 10,000 each.

Closing date: 15 Sep 21 (Forecast)

[Link to *Research Professional](#)

Bob Skiera Memorial Fund building bridges initiative grant programme

TREE Fund

This supports arborists and urban foresters in technology transfer and engagement via collaborative research and other projects with public works officials, risk assessment professionals, civil engineers, wildlife researchers, soil

scientists and others, in order to communicate the value of trees and urban forests. Grants are worth up to USD 30,000 each.

Closing date: 15 Sep 21

[Link to *Research Professional](#)

David Thompson grant for research in Canadian cartography

Royal Canadian Geographical Society | Société Géographique Royale du Canada

This supports research projects within the area of Canadian

Cartography. The grant is worth up to CAD 10,000.

Closing date: 15 Sep 21

[Link to *Research Professional](#)

Research grants

Foundation for Research on Rare Diseases | Fondazione Aiuti per la Ricerca sulle Malattie Rare

These support experimental or clinical research on rare diseases.

Grants are worth €18,000 each for one year. All information is in Italian.

Closing date: 15 Sep 21 (Forecast)

[Link to *Research Professional](#)

Global awards for advancing chronic pain research

Pfizer

These support innovative research seeking to advance the understanding and management of chronic pain. Grants are worth between USD 50,000 and USD

200,000 each for a maximum period of two years.

Closing date: 15 Sep 21 (Forecast)

[Link to *Research Professional](#)

POSTPONED: Fellowship programme

Georg Eckert Institute | Georg Eckert Institut

This programme supports the promotion of international academic exchange and the development of international textbook research, with a particular emphasis on

comparative approaches. Grants are worth up to €2,000 over one and a half months.

Closing date: 15 Sep 21 (Forecast)

[Link to *Research Professional](#)

Lung cancer research award

Thoracic Surgery Foundation

This supports cardiothoracic surgeons in conducting research related to lung cancer. Awards are

worth up to USD 40,00 per year for up to two years.

Closing date: 15 Sep 21 (Forecast)

[Link to *Research Professional](#)

Genetic architecture of mental disorders in ancestrally diverse populations (U01 clinical trial not allowed)

NIH: National Institute of Neurological Disorders and Stroke

This supports coordinated efforts to accelerate gene discovery for psychiatric disorders in cohorts of non-European ancestry to boost efforts to fine-map genetic risk loci across the allelic spectrum and

advance global mental health equity. The maximum project period is five years.

Closing date: 15 Sep 21

[Link to *Research Professional](#)

Genetic architecture of mental disorders in ancestrally diverse populations (collaborative U01 clinical trial not allowed)

NIH: National Institute of Neurological Disorders and Stroke

This supports coordinated efforts on multiple sites to accelerate gene discovery for psychiatric disorders in cohorts of non-European ancestry to boost efforts to fine-map genetic risk loci across the allelic spectrum

and advance global mental health equity. Grants are worth up to USD 500,000 each for five years.

Closing date: 15 Sep 21

[Link to *Research Professional](#)

Grants

Russkiy Mir Foundation

These support projects that promote Russian language and culture, support Russian language study programmes, strengthen cultural

and humanitarian cooperation with Russian.

Closing date: 15 Sep 21

[Link to *Research Professional](#)

Global team science award

Lupus Research Alliance

This supports projects that bridge research and clinical efforts in lupus. Up to six planning grants worth up to USD 10,000 each will be made available. Of these up to three will [Link to *Research Professional](#)

receive the global team science award worth up to USD 3 million for up to three years.

Closing date: 15 Sep 21 (Forecast)

Trainee competition NanoMatFutur

German Federal Ministry of Education and Research | Bundesministerium für Bildung und Forschung

This supports projects on material sciences and technology with the aim to support early-career

researchers. Grants are worth up to €1.85 million over up to five years.

Closing date: 15 Sep 21

[Link to *Research Professional](#)

Blueprint for neuroscience research – tools and technologies to explore nervous system biomolecular condensates (R21 clinical trial not allowed)

NIH: National Institute on Drug Abuse

This supports a collaborative framework for neuroscience related research, with the aim of accelerating discoveries and reducing the burden of nervous system disorders. The total budget is [Link to *Research Professional](#)

worth USD 1.2 million to fund projects worth up to USD 275,000 each over two years.

Closing date: 15 Sep 21

High-throughput discovery and validation of novel signal transducers or small molecules that modulate opioid or other substance use disorder relevant pathways (R01 – clinical trials not allowed)

NIH: National Institute on Drug Abuse

This supports high-throughput screening approaches to identify

novel receptors, signal transducers, or small molecules that modulate

Substance Use Disorder-relevant signal transduction pathways. Grants are worth up to USD 400,000

each per year over a maximum period of five years.

Closing date: 15 Sep 21

[Link to *Research Professional](#)

Mechanism-focused research to promote adherence to healthful behaviours to prevent mild cognitive impairment and Alzheimer's disease and related dementias (R01 clinical trial optional)

NIH: National Institute on Aging

This supports ancillary studies that address psychological and interpersonal mechanisms driving adherence to behaviour or lifestyle change relevant to the prevention of cognitive decline, mild cognitive

impairment and Alzheimer's disease and Alzheimer's disease-related dementias. The maximum project period is five years.

Closing date: 15 Sep 21

[Link to *Research Professional](#)

Mechanism-focused research to promote adherence to healthful behaviours to prevent mild cognitive impairment and Alzheimer's disease and related dementias (R61/R33 clinical trial required)

NIH: National Institute on Aging

This supports research focused on psychological and interpersonal mechanisms driving adherence to behaviours or lifestyle changes relevant to prevention of cognitive decline, mild cognitive impairment, and Alzheimer's disease and

Alzheimer's disease-related dementias. Grants are worth up to USD 500,000 each per year for a maximum of five years.

Closing date: 15 Sep 21

[Link to *Research Professional](#)

Research grants

Nutricia Research Foundation

These support young investigators conducting nutrition-related research projects. Grants are worth

up to €25,000 each per year for up to two years.

Closing date: 16 Sep 21 (Forecast)

[Link to *Research Professional](#)

COMING SOON: Africa-Japan collaborative research – long-term research and innovation partnership

National Research Foundation of South Africa

This call supports joint research and innovation projects in designated fields of science between researchers from South Africa, Japan and one of 15 African countries whose ministries and granting councils are a participating member

in the Science Granting Councils Initiative. Approximately four three-year grants worth up to USD 337,485 each are available.

Closing date: 17 Sep 21 (Forecast)

[Link to *Research Professional](#)

Directed research grant

Pediatric Orthopaedic Society of North America

This supports research with a profound effect on the quality or safety of the orthopaedic care of children. Two grants, worth up to

USD 50,000 each for one to three years, are available.

Closing date: 17 Sep 21 (Forecast)

[Link to *Research Professional](#)

Registry grant

Pediatric Orthopaedic Society of North America

This supports registry projects in paediatric orthopaedics that can have an effect on care. One grant,

worth up to USD 50,000 per year for three years, is available.

Closing date: 17 Sep 21 (Forecast)

[Link to *Research Professional](#)

Million dollar bike ride grant programme

University of Pennsylvania

This supports research related to 30 rare diseases. A total of 38 grants are available, worth between USD

40,000 and USD 129,898 each for one year.

Closing date: 18 Sep 21 (Forecast)

[Link to *Research Professional](#)

Clinical research awards

Cystic Fibrosis Foundation

These support clinical research projects directly related to cystic fibrosis treatment and care. Awards

are worth up to USD 350,000 each per year for up to three years.

Closing date: 19 Sep 21 (Forecast)

[Link to *Research Professional](#)

COMING SOON: Research grants

British Ecological Society

These grants support scientific ecological research where there are limited alternative sources of funding. Small grants are worth up to £5,000 for up to one year and

large grants are worth up to £20,000 for up to two years.

Closing date: 19 Sep 21 (Forecast)

[Link to *Research Professional](#)

Ecologists in Africa grants

British Ecological Society

These provide support for ecologists in Africa to carry out innovative ecological research. Grants are

worth up to £8,000 each with an additional £2,000 for travel costs.

Closing date: 19 Sep 21 (Forecast)

[Link to *Research Professional](#)

Clinical pilot and feasibility award

Cystic Fibrosis Foundation

This supports projects to develop or test new hypotheses or new methods in research areas relevant to cystic fibrosis. Awards are worth

USD 80,000 each per year for a maximum period of two years.

Closing date: 19 Sep 21 (Forecast)

[Link to *Research Professional](#)

Primate research grants

Primate Conservation

These support graduate students, qualified conservationists and primatologists in studying rare and endangered primates and their

[Link to *Research Professional](#)

conservation in their natural habitat. Grants are worth up to USD 5,000.

Closing date: 20 Sep 21

Newsom-Davis visiting fellowships

Guarantors of Brain

These enable clinicians to take up short term visits in a UK-based clinical neurology department. Two

[Link to *Research Professional](#)

fellowships, worth up to £4,500 each, are available.

Closing date: 20 Sep 21

COMING SOON: Grants

International Iguana Foundation

These support iguana conservation projects. Grants are typically worth

[Link to *Research Professional](#)

between USD 8,000 and USD 12,000 each.

Closing date: 20 Sep 21 (Forecast)

Clinical characterisation of cancer therapy-induced adverse sequelae and mechanism-based interventional strategies (R01 clinical trial optional)

NIH: National Cancer Institute

This supports collaborative research projects that address adverse sequelae of cancer therapies that persist and become chronic comorbidities or develop as delayed

[Link to *Research Professional](#)

posttreatment effects. The maximum project period is five years.

Closing date: 20 Sep 21

Mauro Gelfi grant

Museo delle Storie di Bergamo

This supports research on the Palazzo del Podestà in Bergamo. The

grant is worth €1,500. All information is in Italian.

Closing date: 20 Sep 21 (Forecast)

[Link to *Research Professional](#)

Seed money research grant

National Ataxia Foundation

These support innovative studies that are relevant to the cause, pathogenesis or treatment of the hereditary or sporadic ataxias.

Grants are worth up to USD 50,000 each for one year.

Closing date: 21 Sep 21 (Forecast)

[Link to *Research Professional](#)

Marine energy conversion programme

Swedish Energy Agency | Energimyndigheten

This supports the development of wave power, current power, salinity gradient power and ocean thermal energy conversion, with the aim of improving cost-efficient, sustainable

marine energy systems in Sweden. Grants are worth up to SEK 7 million each.

Closing date: 21 Sep 21 (Forecast)

[Link to *Research Professional](#)

Innovation grants

Institute of Physics and Engineering in Medicine

These provide support for the the purchase of equipment or services to facilitate short-term innovation and research projects in the application of physics and engineering to

medicine and biology. Grants are worth up to £10,000 each.

Closing date: 21 Sep 21 (Forecast)

[Link to *Research Professional](#)

Supervisor-led collaborative competition for ESRC-funded studentships

University of London

This supports a primary supervisor in developing a research question and proposal in collaboration with a collaborative partner to allocate a studentship to work on the project. Six studentships are available.

[Link to *Research Professional](#)

Studentships are for a period of four years for a PhD study, or for a one year master's plus three years PhD study.

Closing date: 21 Sep 21 (Forecast)

COMING SOON: Programme development grants – competition 31

Department of Health and Social Care including NIHR

These grants position and equip research teams in submitting a competitive programme grant application in the future. Grants are

[Link to *Research Professional](#)

worth up to £150,000 for between one and two years.

Closing date: 22 Sep 21

Non-diabetic endocrinology – collaborative project grants

Novo Nordisk Foundation | Novo Nordisk Fonden

These support clinical research collaborations in the fields of endocrine and metabolic diseases other than diabetes. Grants are worth between DKK 100,000 and

[Link to *Research Professional](#)

DKK 10 million for one and five years.

Closing date: 22 Sep 21

EIC transition – open call

Horizon Europe: Innovative Europe

This supports innovation activities based on results achieved in a previous pathfinder, FET flagship or European Research Council proof of concept project that go beyond the experimental proof of principle in

[Link to *Research Professional](#)

laboratory. Requests of up to €2.5 million are considered appropriate, but larger amounts may be requested if justified.

Closing date: 22 Sep 21

EIC transition – challenge driven call

Horizon Europe: Innovative Europe

This aims to leverage results of an ongoing or recently finished pathfinder, FET flagship or European Research Council proof of concept project in specific challenge areas and push forward groundbreaking innovations with a clear perspective

[Link to *Research Professional](#)

towards market uptake for specific applications. Requests of up to €2.5m are considered appropriate, but larger amounts may be requested if justified.

Closing date: 22 Sep 21

Co-financing of EU projects

Swedish Childhood Cancer Foundation | Barncancerfonden

This grant covers project costs not included in the allocated grant from the European funding agency.

[Link to *Research Professional](#)

Closing date: 23 Sep 21 (Forecast)

Information Innovation Office (I2O) office-wide

US Department of Defense

This supports revolutionary research ideas for topics not being addressed by ongoing I2O

programmes or other published solicitations.

Closing date: 23 Sep 21

[Link to *Research Professional](#)

Korean studies grant programme

Academy of Korean Studies

This supports Korea-related research conducted at educational and research institutions outside of

Korea. The budget is KRW 1.3 billion.

Closing date: 24 Sep 21 (Forecast)

[Link to *Research Professional](#)

Biomedical knowledgebase (U24 clinical trials not allowed)

NIH: National Institute of General Medical Sciences

This supports the extraction, accumulation, organisation, annotation and linking of growing bodies of information related to core

datasets. The maximum project period is five years.

Closing date: 24 Sep 21

[Link to *Research Professional](#)

Biomedical data repository (U24 – clinical trials not allowed)

NIH: National Institute of General Medical Sciences

This supports biomedical data repositories whose primary function is to ingest, archive, preserve, manage, distribute, and make accessible the data related to a

particular system or systems. The maximum project period is five years.

Closing date: 24 Sep 21

[Link to *Research Professional](#)

Grants

Auramo Foundation | Auramo-Säätiö

These support research, development, teaching and publication activities related to logistics, concrete and leadership training in the Finnish scout movement. Grants for master's

thesis work are worth up to €5,000 each and for doctoral thesis up to €15,000 each.

Closing date: 25 Sep 21 (Forecast)

[Link to *Research Professional](#)

COMING SOON: PhD students and early-career academics research grants

International Olympic Committee

These grants support research with a humanities or social sciences perspective on the Olympic movement, and facilitate access to IOC historical archives, library

collections and image archives. Grants are worth up to USD 6,000 each.

Closing date: 25 Sep 21 (Forecast)

[Link to *Research Professional](#)

COMING SOON: Nieman visiting fellowships

Harvard University

These fellowships offer remote visiting fellowships to support projects that advance racial justice and public health journalism in the US. Fellowships include a weekly [Link to *Research Professional](#)

stipend of USD 2,000 for up to 20 weeks.

Closing date: 25 Sep 21 (Forecast)

Targeted grants to institutes

Simons Foundation

These support established institutes or centres in the mathematics and physical sciences and strengthen contacts within the international scientific community. Three grants [Link to *Research Professional](#)

are available, each worth up to USD 200,000 per year for a maximum period of three years.

Closing date: 25 Sep 21 (Forecast)

Entrepreneur in residence scheme

Royal Society

This enables industrial scientists and entrepreneurs to spend one day a week working in UK universities or non-profit research organisations developing a bespoke project to increase the knowledge and awareness of cutting edge industrial [Link to *Research Professional](#)

science, research and innovation. Up to 10 awards, worth up to £20,000 each over one year, are available and may cover salary, travel and project costs.

Closing date: 25 Sep 21 (Forecast)

Primals research awards

University of Pennsylvania

These support new empirical research that explores how primal world beliefs, otherwise known as primals, are formed, maintained, change or influence non-trivial outcomes or psychological [Link to *Research Professional](#)

processes. One award worth USD 250,000 and two awards worth USD 125,000 each for 24 months are available.

Closing date: 26 Sep 21

Probability programme

National Science Foundation

This supports research on the theory and applications of probability.

Closing date: 27 Sep 21

[Link to *Research Professional](#)

Nokia scholarships

Nokia Foundation

These support individuals in pursuing a doctoral degree in information or telecommunications technology or in areas that support the development of these branches

of science. In 2018, the grants were worth between €2,000 and €5,000.

Closing date: 27 Sep 21 (Forecast)

[Link to *Research Professional](#)

Sea turtles conservation programme

National Fish and Wildlife Foundation

This supports sea turtles conservation efforts aimed at measurably improving the current trajectories of four sea turtle populations in the Western Hemisphere. The total programme

budget is USD 750,000, with the majority of awards falling in the range of USD 50,000 to USD 250,000.

Closing date: 28 Sep 21 (Forecast)

[Link to *Research Professional](#)

Trafficking in Persons Office research funding opportunity

US Department of State

This supports research aimed at combating trafficking in persons.

Grants are worth between USD 250,000 and USD 2 million each.

Closing date: 28 Sep 21 (Forecast)

[Link to *Research Professional](#)

Responsive mode – industrial partnership awards

Biotechnology and Biological Sciences Research Council

These support academic-led research projects in collaboration with industry, where industrial partners contribute in cash funding.

[Link to *Research Professional](#)

BBSRC covers 80 per cent of the full project costs.

Closing date: 29 Sep 21

Responsive mode – stand-alone LINK programme

Biotechnology and Biological Sciences Research Council

This supports collaborative and pre-competitive research projects between at least one company and one academic partner. Industry partners must contribute at least 50

[Link to *Research Professional](#)

per cent full economic cost of projects.

Closing date: 29 Sep 21

COMING SOON: Transnational call for proposals

ERA-Net IraSME

This call supports international research, technology, development and innovation projects between research and technology organisations and SMEs. Projects

[Link to *Research Professional](#)

may last for between one and three years.

Closing date: 29 Sep 21 (Forecast)

Research grants

Benign Essential Blepharospasm Research Foundation

These support research directly related to blepharospasm or Meige's

syndrome. Grants are worth up to USD 100,000 each for one year.

Closing date: 30 Sep 21 (Forecast)

[Link to *Research Professional](#)

International scholars programme

Society for the History of Technology

This supports scholars from countries outside the US and Western Europe, by fostering their careers and supporting local

networks and activities. Travel grants to attend the annual meeting are available and free conference registration is provided.

Closing date: 30 Sep 21 (Forecast)

[Link to *Research Professional](#)

Long range broad agency announcement – Navy and Marine Corps science and technology

US Department of Defense

This supports projects with the potential to advance and improve navy and marine corps operations.

Closing date: 30 Sep 21

[Link to *Research Professional](#)

Research grants

British Society for Geomorphology

These grants support scientific activities and research related to

geomorphology. Grants are worth up to £1,000 each.

Closing date: 30 Sep 21

[Link to *Research Professional](#)

Percy Sladen memorial fund grants

Linnean Society of London

These support fieldwork abroad in the earth and life sciences, through expeditions and individual research

projects. Grants are worth up to £1,000 each.

Closing date: 30 Sep 21

[Link to *Research Professional](#)

Visiting scholars

World Institute for Development Economics Research of the United Nations University

This enables scholars to conduct research on topics related to development or global economic

issues. Funding is worth €2,700 per month for two to three months.

Closing date: 30 Sep 21

[Link to *Research Professional](#)

Research grants

Association for the History of Glass

These support small research or educational projects and activities that advance the study of the history of glass. The total budget is worth

[Link to *Research Professional](#)

£2,500 for grants worth up to £500 each.

Closing date: 30 Sep 21

COMING SOON: Haematology research grants

Jacques and Gloria Gossweiler Foundation

These grants support projects of basic and clinical research in the whole field of haematology. Grants

[Link to *Research Professional](#)

are worth up to CHF 200,000 per year.

Closing date: 30 Sep 21 (Forecast)

Continuation of solicitation for the Office of Science financial assistance programme

US Department of Energy

This supports projects in the areas of advanced scientific computing research, basic energy sciences, biological and environmental research, fusion energy sciences, high-energy physics, nuclear physics, isotope R&D and

[Link to *Research Professional](#)

production, and accelerator R&D and production. Grants are likely to be worth between USD 5,000 and USD 5 million each per year for up to five years.

Closing date: 30 Sep 21

Development innovation ventures

US Agency for International Development

This supports development innovations that improve the lives of people living in poverty in the

[Link to *Research Professional](#)

developing world. Funding is worth up to USD 5 million.

Closing date: 30 Sep 21

Starting grants

Frick Foundation for ALS Research

These support basic biomedical research related to amyotrophic lateral sclerosis. Two grants are

available, each worth CHF 100,000 over two years.

Closing date: 30 Sep 21 (Forecast)

[Link to *Research Professional](#)

September grants

Society of Swedish Culture in Finland | Svenska Litteratursällskapet i Finland

These support research, studies and related travel in the fields of visual arts, economics and statistics, history, medicine, environmental sciences and technology, music and musicology, legal history, theology,

ship building as well as activities related to publishing in and sustaining the Swedish language.

Closing date: 30 Sep 21 (Forecast)

[Link to *Research Professional](#)

Finnish Steel and Metal Producers' Fund grants

Federation of Finnish Technology Industries | Teknologiateollisuus ry

These support academic research, education and studies that advances the development of technology and business related to any step of the

metal processing chain. The total budget is €300,000.

Closing date: 30 Sep 21 (Forecast)

[Link to *Research Professional](#)

Early-career researcher grants

British Society for Geomorphology

These grants support pump-prime geomorphological research undertaken by an early-career

researcher. Grants are worth up to £5,000.

Closing date: 30 Sep 21

[Link to *Research Professional](#)

Postgraduate grant scheme

International Association of Sedimentologists

This supports PhD students in undertaking fieldwork, data acquisition and analysis, visits to other institutes to use specialised facilities, or participating in field [Link to *Research Professional](#)

excursions directly related to their PhD research subject. Grants are worth up to €1,000 each.

Closing date: 30 Sep 21

Institutional grant

International Association of Sedimentologists

This supports capacity building initiatives in less-developed countries, to allow Earth science departments to acquire sedimentological equipment for teaching and research, or material [Link to *Research Professional](#)

that can be used by all Earth science students. One grant of €10,000 is available.

Closing date: 30 Sep 21

David Jordan teaching grants

Physiological Society

These enable individuals, whose focus is predominantly or exclusively on higher education teaching, to undertake educational research or to develop an [Link to *Research Professional](#)

educational resource that is relevant to physiology. Grants are worth up to £10,000 each over one year.

Closing date: 30 Sep 21 (Forecast)

Grants to promote research on forecasting

International Institute of Forecasters

These support research that aims to improve forecasting methods and business forecasting applications, including organisational aspects of management of the forecasting [Link to *Research Professional](#)

process. Two grants are available worth USD 10,000 each.

Closing date: 30 Sep 21 (Forecast)

Educational resource development grants

Society for Radiological Protection

These support the development of educational resources in the field of

radiological protection. Grants are worth up to £3,000.

Closing date: 30 Sep 21

[Link to *Research Professional](#)

COMING SOON: Student research awards

Unitas Malacologica

These awards support research related to molluscs. Up to three

awards, worth up to €1,500 each, are available.

Closing date: 30 Sep 21 (Forecast)

[Link to *Research Professional](#)

Study scholarships in the field of architecture for graduates from selected countries

German Academic Exchange Service (DAAD) | Deutscher Akademischer Austauschdienst

These enable non-German graduates in the field of architecture to continue their education in Germany with a postgraduate or continuing course of study. Scholarships include

a monthly stipend of €850 over up to 24 months, plus travel and study allowance and insurance.

Closing date: 30 Sep 21

[Link to *Research Professional](#)

Interlinguistic support fund

Esperanto Studies Foundation

These support scholars and graduate students in conducting and publishing research in various language-related fields, including

Esperanto. Grants are worth up to USD 2,000 each.

Closing date: 30 Sep 21

[Link to *Research Professional](#)

Funding for research supplies

International Society for Neurochemistry

This scheme provides funding for young investigators and group

leaders to purchase research supplies for use in the applicants

home laboratory for a specified project. Awards generally range from USD 500 to USD 5,000.

Closing date: 30 Sep 21

[Link to *Research Professional](#)

Career interruption re-entry grant

International Society for Neurochemistry

This supports the return to an active research career in the field of neurochemistry following career interruptions as a result of childbirth, career responsibilities or

major illness. Awards are generally worth up to USD 10,000 for one year.

Closing date: 30 Sep 21

[Link to *Research Professional](#)

Chesney research fund

International Society of Radiographers and Radiological Technologists

This supports the development of improved or newly developed methodology, optimised protocols or procedures that may improve the quality of services in practice in the discipline of medical imaging or

radiation therapy. Grants are worth up to £3,000 each for up to two years.

Closing date: 30 Sep 21 (Forecast)

[Link to *Research Professional](#)

Postdoctoral research grants

International Association of Sedimentologists

These assist early-career postdoctoral researchers in establishing proof of concept, in order to support applications to national research funding bodies or to fund areas of a project that were

not included in the original project scope. Up to four grants, worth up to €2,500 each, are available in each round.

Closing date: 30 Sep 21

[Link to *Research Professional](#)

Research groups

Austrian Science Fund

These enable researchers independent of location to form a research group at Austrian research institutions. The total budget is worth €1.5 million and covers personnel costs, material,

[Link to *Research Professional](#)

equipment, travel, five per cent of general project costs and other expenses.

Closing date: 30 Sep 21 (Forecast)

FIFA research scholarships

International Sports Study Centre | Centre International d'Études du Sport

This supports academic research related to football. In previous years

the scholarship was worth up to USD 30,000 for a maximum of one year.

Closing date: 30 Sep 21 (Forecast)

[Link to *Research Professional](#)

Continuation of solicitation for the Office of Science financial assistance programme

US Department of Energy

This supports research in the following programme areas: advanced scientific computing research; basic energy sciences; biological and environmental research; fusion energy sciences; high-energy physics; nuclear physics; isotope R&D and

[Link to *Research Professional](#)

production; and accelerator R&D and production. Grants are likely to be worth between USD 5,000 and USD 5 million each, for between six months and five years.

Closing date: 30 Sep 21

Research project grants on humanities, social sciences and library science in Namibia and southern Africa

Carl Schlettwein Foundation | Carl Schlettwein Stiftung

These support research projects and events with a focus on Namibia or southern Africa.

Closing date: 30 Sep 21

[Link to *Research Professional](#)

Science by women programme

Women for Africa Foundation | Fundacion Mujeres por Africa

This enables African women researchers to spend six months in one of the participating research centres in Spain. Fellowships cover a return flight and a monthly

allowance of €2,400 towards accommodation, personal expenses and insurance.

Closing date: 30 Sep 21 (Forecast)

[Link to *Research Professional](#)

Global grants for gut health

Nature

These support research projects that advance understanding of the impact of the small intestine microbiome on human health. Up to

three grants are available, each worth up to USD 100,000.

Closing date: 30 Sep 21 (Forecast)

[Link to *Research Professional](#)

Learning and teaching small grant

British International Studies Association

This supports members of the association in undertaking a discrete piece of international studies-related teaching activity or pedagogical research. Two grants are typically

available, each worth up to £3,000 for a maximum period of one year.

Closing date: 30 Sep 21 (Forecast)

[Link to *Research Professional](#)

Postgraduate studies funding – doctoral level

Elizabeth Casson Trust

This funding supports doctoral students in completing their studies in occupational therapy.

Closing date: 30 Sep 21

[Link to *Research Professional](#)

Paediatric and clinical special interest group research grant award

National Society of Genetic Counselors

This supports research projects which focus on topics related to genetics services in the paediatric or general genetics fields, advocacy programmes or projects which help to spread public awareness about specific genetic conditions or genetic

[Link to *Research Professional](#)

counsellors who specialise in working with patients who are affected by these conditions. Awards are worth up to USD 1,000.

Closing date: 30 Sep 21

COMING SOON: Collaborative project grants

Paul Mellon Centre for Studies in British Art

These grants support the development of innovative collaborative research projects between two or more organisations in the field of British art and

[Link to *Research Professional](#)

architecture. Grants are worth up to £40,000 each.

Closing date: 30 Sep 21

General grants

Esperantic Studies Foundation

These support universities and non-profit organisations which have needs that strongly align with the foundation's priorities in the areas of conservation and education, as well as research relevant to Esperantic

[Link to *Research Professional](#)

studies. Small financial requests are preferred, although grants of up to USD 10,000 are occasionally awarded.

Closing date: 30 Sep 21

COMING SOON: Curatorial research grant

Paul Mellon Centre for Studies in British Art

These grants support institutions, galleries and museums in appointing a research curator to undertake research for a specific project in the field of British art or architectural

[Link to *Research Professional](#)

history. The grant is worth up to £40,000 to cover the full length of the research project.

Closing date: 30 Sep 21 (Forecast)

Grants-in-aid of research

Sigma Xi

These support students performing scientific investigations in most areas of the sciences and

engineering. Grants are worth up to USD 5000.

Closing date: 01 Oct 21

[Link to *Research Professional](#)

Interdisciplinary workshop grants

Association for the Study of Animal Behaviour

These support interdisciplinary discussions on current topics at the interface between animal behaviour and other disciplines, for example physics, genetics, engineering or

psychology. Grants are worth up to £5,000 each.

Closing date: 01 Oct 21

[Link to *Research Professional](#)

Jessup and McHenry awards

Academy of Natural Sciences

These support students wishing to conduct studies at the postgraduate, doctoral and postdoctoral level under the supervision or sponsorship of a member of the curatorial staff at the Academy of

Natural Sciences. Awards have a duration of between two and 16 weeks.

Closing date: 01 Oct 21

[Link to *Research Professional](#)

Project support – acute medicine

Laerdal Foundation

This supports practically oriented research within acute medicine.

Grants are worth up to NOK 250,000 each for up to two years.

Closing date: 01 Oct 21

[Link to *Research Professional](#)

Project grants

Nordic Culture Fund | Nordisk Kulturfond

These support projects that contribute to an innovative and dynamic artistic and cultural scene in the Nordic region. Grants are worth up to DKK 500,000, however, projects should as a minimum be co-

[Link to *Research Professional](#)

financed by 50 per cent and the total amount applied for by Nordic schemes may not exceed 85 per cent.

Closing date: 01 Oct 21

Research support fund

Viking Society for Northern Research

This assists in the development of the study of the literature, history, language and archaeology of early and medieval Scandinavia, including

[Link to *Research Professional](#)

its relationship with other areas and cultures.

Closing date: 01 Oct 21

EXTENDED DEADLINE: Wyn Wheeler research grant

Fisheries Society of the British Isles

This grant provides financial support for members to continue their activities in fish biology following retirement from full-time

[Link to *Research Professional](#)

employment. The grant is worth £6,000.

Closing date: 01 Oct 21

Deborah Gerner grant for professional development

International Studies Association

This supports professional development activities for early-career scholars in the field of

[Link to *Research Professional](#)

international relations The grant is worth USD 2,000.

Closing date: 01 Oct 21 (Forecast)

Research grant development awards

Foundation for the Sociology of Health and Illness

These provide pump-priming funds for the development of multidisciplinary research in medical sociology or sociology of

health and illness. Awards are worth up to £6,000 each.

Closing date: 01 Oct 21 (Forecast)

[Link to *Research Professional](#)

Mini grants

International Initiative on Exploitative Child Labor

These support projects that seek to help end exploitative child labour. Grants are worth up to USD 500.

Closing date: 01 Oct 21

[Link to *Research Professional](#)

Inga-Britt Lindström grant

Swedish Association of Occupational Therapists | Sveriges Arbetsterapeuter

This supports the development of occupational therapy in the

applicant's native country. The grant is worth SEK 10,000 per year.

Closing date: 01 Oct 21

[Link to *Research Professional](#)

Graduate scholarships – doctoral and master's

Canadian Occupational Therapy Foundation | Foundation Canadienne d'Ergothérapie

These support individuals enrolled full-time or part-time in a master's or doctoral programme in a discipline related to occupational therapy research. The doctoral

scholarship is worth CAD 3,000, and the master's scholarship is worth CAD 1,500.

Closing date: 01 Oct 21

[Link to *Research Professional](#)

Research group grants

Bielefeld University

These support the establishment of interdisciplinary research groups in the natural sciences, humanities or

social sciences. Grants are worth up to €500,000 over up to 10 months.

Closing date: 01 Oct 21

[Link to *Research Professional](#)

Fellowship grant for alternatives to animal research in human health and sex differences

American Fund for Alternatives to Animal Research

This supports a postdoctoral female scientist interested in developing, validating or using alternatives to animal methods in the investigation of human health or sex differences.

The grant is worth USD 40,000 over one year with a possibility for renewal.

Closing date: 01 Oct 21

[Link to *Research Professional](#)

Postgraduate research funding

Douglas Bomford Trust

This aims to advance knowledge, understanding, practice and competence in the application of engineering and technology to achieve sustainable agricultural,

food and biological systems. Grants are worth at least £5,000.

Closing date: 01 Oct 21

[Link to *Research Professional](#)

Saving lives at birth in low-resource settings grants

Laerdal Foundation

These support practically oriented projects aimed at achieving the UN millennium development goal three, which is to reduce infant and child mortality rates and maternal deaths by two-thirds from 2010 to 2030. Up to 20 projects are available per year,

worth up to USD 50,000 each but higher amounts may be awarded to regional initiatives, or particular educational or collaborative initiatives.

Closing date: 01 Oct 21

[Link to *Research Professional](#)

Re-invitation programme for selected African countries

German Academic Exchange Service (DAAD) | Deutscher Akademischer Austauschdienst

This enables former research grant and scholarship holders to carry out research and working projects in Germany. Grants are worth up to €2,150 per month for a duration of

one to three months, plus a travel allowance.

Closing date: 01 Oct 21 (Forecast)

[Link to *Research Professional](#)

Film grants

Claims Conference

These support the research, development and production of films about the Holocaust. Grants worth up to USD 20,000 are available for the development phase, and grants

[Link to *Research Professional](#)

worth up to USD 60,000 are available for the production or post-production phase.

Closing date: 01 Oct 21

Engagement award – capacity building

Patient-Centered Outcomes Research Institute

This supports projects that help communities increase their facility with and ability to participate across all phases of the patient-centred outcomes research and comparative

[Link to *Research Professional](#)

clinical effectiveness research process. Awards are worth up to USD 250,000 over two years.

Closing date: 01 Oct 21 (Forecast)

Collaborative international research grants

American Historical Association

These support generative research collaborations between and among scholars located in different geographical regions who wish to pursue focused, joint projects in any

[Link to *Research Professional](#)

area of the study of religion. The awards are worth between USD 500 and USD 5,000.

Closing date: 01 Oct 21

Collaborations in mathematics and the physical sciences programme

Simons Foundation

This aims to stimulate progress on fundamental scientific questions of importance in mathematics, theoretical physics and theoretical computer science. One award, worth

[Link to *Research Professional](#)

USD 2 million per year for an initial period of four years, is available.

Closing date: 01 Oct 21 (Forecast)

Project funding

Novo Nordisk Haemophilia Foundation

This supports projects in developing and emerging countries in order to improve access to care for people with haemophilia and similar bleeding disorders. Funding is

[Link to *Research Professional](#)

typically available for one to three years.

Closing date: 01 Oct 21 (Forecast)

Scott and Paul Pearsall grant

American Psychological Association

This supports graduate and early-career work that seeks to increase the public's understanding of the psychological pain and stigma experienced by adults living with

[Link to *Research Professional](#)

visible physical disabilities, such as cerebral palsy. One grant, worth USD 10,000, is available.

Closing date: 01 Oct 21

Collaborative international research grants

American Academy of Religion

These support research collaborations between scholars located in different geographical regions in any area of the study of

[Link to *Research Professional](#)

religion. Grants are worth between USD 500 and USD 5,000.

Closing date: 01 Oct 21

Conservation and research grant

Association of Reptilian and Amphibian Veterinarians

This supports clinically-oriented or conservation research projects involving reptiles or amphibians. Grants are worth between USD

[Link to *Research Professional](#)

2,000 and USD 3,000 each for 12 to 18 months.

Closing date: 01 Oct 21 (Forecast)

COMING SOON: Aubrey Barker fund course development grant

International Federation of Surveyors

This grant supports capacity building for academic institutions to

improve teaching surveying. The grant is worth up to €20,000.

Closing date: 01 Oct 21

[Link to *Research Professional](#)

Shoah research, education and documentation grants

Claims Conference

These support organisations that assist Jewish Nazi victims and projects that promote research, education and documentation of the Shoah. Funding covers up to 40 per

cent of a project's total cost for up to three years.

Closing date: 01 Oct 21 (Forecast)

[Link to *Research Professional](#)

Research grant

Philosophy of Education Society of Australasia

This promotes the advancement of, and research and teaching in, the

philosophy of education. Grants are worth up to AUD 5,000 each.

Closing date: 01 Oct 21

[Link to *Research Professional](#)

POSTPONED: ERS/ERN-lung joint fellowship

European Respiratory Society

This fellowship enables members in the early stages of their careers in respiratory medicine to visit a host institution in a European country other than their own to learn a skill or procedure not available at their home institution. Funding covers

living costs of up to €4,300 per month for up to six months and an additional €490 monthly child allowance, calculated depending on the host country.

Closing date: Not known

[Link to *Research Professional](#)

Novel synthetic nucleic acid technology development (R01 clinical trial not allowed)

NIH: National Human Genome Research Institute

This supports the development of novel technologies that will enable substantive improvement in synthetic nucleic acids. Grants are

[Link to *Research Professional](#)

worth up to USD 700,000 each for year for up to three years.

Closing date: 01 Oct 21

Novel synthetic nucleic acid technology development (R21 clinical trial not allowed)

NIH: National Human Genome Research Institute

This supports the development of novel technologies that will enable substantive improvement in synthetic nucleic acids. Grants are

[Link to *Research Professional](#)

worth up to USD 400,000 each for up to three years.

Closing date: 01 Oct 21

Lead agency process with Sao Paulo

Swiss National Science Foundation

This supports research collaborations between researchers in Switzerland and the state of Sao

Paulo, Brazil. The maximum project duration is four years.

Closing date: 01 Oct 21 (Forecast)

[Link to *Research Professional](#)

International Ocean Discovery Programme call for proposals – JOIDES resolution, Chikyu and mission-specific platforms

ECORD – European Consortium for Ocean Research Drilling

This facilitates international and interdisciplinary research on transformative and societally relevant topics using the ocean drilling, coring and down-hole

[Link to *Research Professional](#)

measurement facilities JOIDES Resolution, Chikyu and mission-specific platforms.

Closing date: 01 Oct 21

AE Bennett research awards – basic

Society of Biological Psychiatry

These recognise research in basic science by young investigators in the

field of biological psychiatry. Awards are worth USD 5,000 each.

Closing date: 02 Oct 21 (Forecast)

[Link to *Research Professional](#)

Senior scholar research programme

Association for Education in Journalism and Mass Communication

This supports innovative and timely research in journalism and mass communication by senior scholars.

Up to two grants are available, worth USD 5,000 each.

Closing date: 02 Oct 21 (Forecast)

[Link to *Research Professional](#)

AE Bennett clinical and translational research award

Society of Biological Psychiatry

This supports research in clinical or translational biological psychiatry by

young investigators. The award is worth USD 5,000.

Closing date: 02 Oct 21 (Forecast)

[Link to *Research Professional](#)

International development fund

Microbiology Society

This aims to assist microbiologists in countries with low-income or lower-

middle-income economies. Awards are worth up to £5,000 each.

Closing date: 03 Oct 21

[Link to *Research Professional](#)

Call for proposals for polio eradication

World Health Organization

This supports research projects contributing to the Polio Endgame Strategy 2019-2023. The total

budget is €15,000 for grants typically in the region of €1,500 to €2,500.

Closing date: 04 Oct 21 (Forecast)

[Link to *Research Professional](#)

Limited competition – modular budget research project grant for NIH nurse scientist scholars (R01 clinical trial optional)

NIH: National Institute of Nursing Research

This supports research projects conducted by NIH-supported nurse scientists in order to help accelerate their transition to independent investigator status. Application

budgets are worth up to USD 250,000 in direct costs per year for up to five years.

Closing date: 04 Oct 21

[Link to *Research Professional](#)

Clinical studies of orphan products addressing unmet needs of rare diseases (R01 clinical trials required)

Food and Drug Administration

This supports innovative clinical studies that evaluate safety and efficacy of medical products for rare diseases with an unmet medical in order to recommend a new indication or change in labelling.

Awards are for one year, with future recommended support for an additional three years.

Closing date: 05 Oct 21

[Link to *Research Professional](#)

Pradel research award

National Academies

This recognises mid-career neuroscientists whose work is making major contributions to the understanding of the nervous system. The winner receives USD

50,000 to present to an institution of their choice in order to support neuroscience research.

Closing date: 05 Oct 21 (Forecast)

[Link to *Research Professional](#)

Pioneer spinocerebellar ataxias type 3 translational research awards

National Ataxia Foundation

These support research on the development of treatments for spinocerebellar ataxias type 3. One

grant, worth USD 100,000 for one year, is available.

Closing date: 05 Oct 21 (Forecast)

[Link to *Research Professional](#)

Emerging scholars programme

Association for Education in Journalism and Mass Communication

This supports research and teaching on journalism and mass communication and related

disciplines. Up to four grants, worth USD 3,500 each, are available.

Closing date: 05 Oct 21 (Forecast)

[Link to *Research Professional](#)

COMING SOON: Phased large awards for comparative effectiveness research

Patient-Centered Outcomes Research Institute

This programme supports comparative effectiveness research projects that will examine a critical patient-centred research question that is also relevant to decision

makers and other stakeholders. Grants are worth up to USD 22 million for up to six and a half years.

Closing date: 05 Oct 21

[Link to *Research Professional](#)

Identification of positive valence system related targets for novel suicide prevention approaches (R01 clinical trial optional)

NIH: National Institute of Mental Health

This supports research projects that will advance translational research to better understand risk and resilience for suicide in the context of the institute's research domain criteria framework, specifically the positive valence systems domain, and lead to novel interventions.

Application budgets are not limited but need to reflect the actual needs of the proposed project. The maximum project period is five years.

Closing date: 05 Oct 21

[Link to *Research Professional](#)

Discovery research preK-12

National Science Foundation

This supports projects enhancing the learning and teaching of science, technology, engineering and mathematics by preK-12 students

[Link to *Research Professional](#)

and teachers. Awards are worth up to USD 5 million for up to five years.

Closing date: 06 Oct 21

LIFE – traditional projects on climate change mitigation

Directorate-General for the Environment

This call supports best-practice, pilot and demonstration projects that contribute to climate change

[Link to *Research Professional](#)

mitigation. Each project may request up to 55 per cent of eligible costs.

Closing date: 06 Oct 21 (Forecast)

Innovational research incentives scheme Vidi

Dutch Research Council | Nederlandse Organisatie voor Wetenschappelijk Onderzoek

These allow researchers to develop their own innovative lines of research, and to appoint one or more researchers towards this goal.

[Link to *Research Professional](#)

Grants are worth up to €800,000 each for five years.

Closing date: 06 Oct 21 (Forecast)

Beamline B24 commissioning call

Diamond Light Source

This supports research using B24, which is a full-field transmission microscope designed for tomographic imaging of biological specimens under near physiological

[Link to *Research Professional](#)

conditions. The beamtime will take place over six months with access times depending on the round.

Closing date: 06 Oct 21

EXTENDED DEADLINE: Horizon prize for fuel from the sun – artificial photosynthesis

Horizon Europe: European Innovation Council

This prize supports proposals to build a fully functional, bench-scale prototype of an artificial photosynthesis based system which is able to produce useable synthetic

fuel. The total indicative budget is worth €5 million.

Closing date: 06 Oct 21

[Link to *Research Professional](#)

Public-private partnerships allowance – match call

Health~Holland

This supports consortia consisting of research organisations, knowledge institutes, companies and health foundations in realising innovative ideas within the life sciences and

health sector. Projects may last up to four years.

Closing date: 06 Oct 21

[Link to *Research Professional](#)

Ethical issues in translational science research (R01 clinical trial optional)

NIH: National Center for Advancing Translational Sciences

This supports research on ethical issues in translational science research. Grants are worth up to USD 300,000 each in direct costs per

year for a maximum period of four years.

Closing date: 06 Oct 21

[Link to *Research Professional](#)

International collaboration and research experience

Walter and Andrée de Nottbeck Foundation

This supports researchers or research groups that wish to capitalise on, and obtain added value from collaborations with large-scale international projects related to marine ecosystem structure and

functioning. Funding is primarily intended to support travel expenses, but it may also include salary expenses for preparatory work.

Closing date: 07 Oct 21 (Forecast)

[Link to *Research Professional](#)

Joint global health trials scheme – global health trial research grants

Medical Research Council

These support research that addresses the health problems affecting LMICs by funding definitive trials that are likely to produce implementable and generalisable

[Link to *Research Professional](#)

results to change policy and practice. A total of £20 million is available for projects lasting up to five years.

Closing date: 08 Oct 21 (Forecast)

Sustainable research, technology development and innovation

Innovation Fund Denmark | Innovationsfonden

This supports projects that create new solutions, technologies and new knowledge within the sustainable transition. Grants are worth

[Link to *Research Professional](#)

between DKK 5 million and DKK 30m over two to five years.

Closing date: 08 Oct 21 (Forecast)

BRAIN initiative – development and validation of novel tools to probe cell-specific and circuit-specific processes in the brain (R01 clinical trial not allowed)

NIH: National Institute of Mental Health

This supports the development and validation of novel tools to facilitate the detailed analysis of complex circuits and provide insights into cellular interactions that underlie

[Link to *Research Professional](#)

brain function. Funding is for up to three years.

Closing date: 08 Oct 21

Secondary analyses of existing datasets of tobacco use and health (R21 clinical trial not allowed)

NIH: National Cancer Institute

This supports the innovative analysis of existing and publicly available datasets that may inform tobacco regulatory actions in the US. Awards are worth up to USD

[Link to *Research Professional](#)

275,000 each for a maximum period of two years.

Closing date: 08 Oct 21

Maximising the scientific value of existing biospecimen collections (R21 clinical trial not allowed)

NIH: National Cancer Institute

This supports exploratory research relevant to the mission of the Food and Drug Administration's Center for Tobacco Products using existing biospecimens currently stored in

[Link to *Research Professional](#)

repositories in the US. Grants are worth up to USD 275,000 each over a maximum of two years.

Closing date: 08 Oct 21

COMING SOON: Secondary analyses of existing datasets of tobacco use and health (R21 clinical trial not allowed)

NIH: Office of the Director

This opportunity supports innovative analysis of existing US cross-sectional and longitudinal data, to investigate novel scientific ideas or to generate new models, systems, tools, methods or technologies that have the potential

[Link to *Research Professional](#)

for significant impact on biomedical or biobehavioural research in tobacco. Grants are worth up to USD 275,000 for up to two years.

Closing date: 08 Oct 21 (Forecast)

Colgate-Palmolive grants for alternative research

Society of Toxicology

These support efforts that promote, develop, refine or validate scientifically acceptable animal alternative methods to facilitate the safety assessment of new chemicals

[Link to *Research Professional](#)

and formulations. Grants are worth up to USD 40,000.

Closing date: 09 Oct 21

International ToxScholar outreach grants

Society of Toxicology

These enable members of the society to expand the awareness of toxicology and to promote toxicology careers by travelling to developing nations to interact with

[Link to *Research Professional](#)

graduate and undergraduate students. Grants are worth up to USD 1,250 each.

Closing date: 09 Oct 21 (Forecast)

Innovating education in Africa expo

African Union

This supports young entrepreneurs in implementing innovations focused on the education delivery system in Africa. Grants worth up to

[Link to *Research Professional](#)

USD 100,000 each are available, along with training opportunities.

Closing date: 09 Oct 21 (Forecast)

Child development – Rolandic epilepsy and ADHD

Waterloo Foundation

These support projects that address ADHD and Rolandic epilepsy and the factors that influence them in the context of the psychological and behavioural development of

[Link to *Research Professional](#)

children. Grants are usually worth between £40,000 and £60,000 each, covering the direct research costs.

Closing date: 11 Oct 21 (Forecast)

Climate change innovation grants

Yale University

These support entrepreneurs and innovators in helping to slow down, and maybe even reverse, the effects of climate change. Up to five grants

[Link to *Research Professional](#)

are available worth between USD 500 and USD 3,000 each.

Closing date: 11 Oct 21 (Forecast)

COMING SOON: Celtic-Next call for proposals

EUREKA

This call supports bottom-up projects concerning the societal trends and needs, commercial opportunities and technological challenges in our global society.

[Link to *Research Professional](#)

Projects may last between two and three years.

Closing date: 12 Oct 21 (Forecast)

Alois Sonnleitner grants

Austrian Academy of Sciences

These support research in the field of biomedicine, especially

carcinogenesis. Grants are worth up to €3,000 each.

Closing date: 12 Oct 21 (Forecast)

[Link to *Research Professional](#)

International student grants

Acoustical Society of America

These support students enrolled in acoustic research programmes at universities or technical institutes in

developing countries. Grants are worth USD 1,000 each.

Closing date: 12 Oct 21 (Forecast)

[Link to *Research Professional](#)

Extracellular RNA carrier subclasses in processes relevant to substance use disorders or HIV infection (R01 clinical trial not allowed)

NIH: National Institute on Drug Abuse

This supports research investigating the roles of extracellular RNA carrier subclasses in biological processes relevant to substance use disorders or HIV infection, latency or

pathogenesis in the central nervous system. The maximum project period is five years.

Closing date: 13 Oct 21

[Link to *Research Professional](#)

Extracellular RNA carrier subclasses in processes relevant to substance use disorders or HIV infection (R21 clinical trial not allowed)

NIH: National Institute on Drug Abuse

This supports research that investigates the roles of extracellular ribonucleic acid carrier subclasses in biological processes relevant to substance use disorders or HIV

[Link to *Research Professional](#)

infection. Awards are worth up to USD 275,000 each for up to two years.

Closing date: 13 Oct 21

Exploratory clinical neuroscience research on substance use disorders (R61/R33 clinical trial optional)

NIH: National Institute on Drug Abuse

This supports exploratory and developmental clinical research that focuses on understanding the neurobiological mechanisms underlying substance use disorders, including fundamental brain

[Link to *Research Professional](#)

function relevant to substance use. The maximum funding period is five years.

Closing date: 13 Oct 21

COMING SOON: Kidney cancer research programme – clinical research nurse development award

US Department of Defense

This award supports research that allows the preparation of nurses for the kidney cancer clinical research nurse specialisation through a mentored research training

[Link to *Research Professional](#)

approach. Grants are worth up to USD 300,000 each for two years.

Closing date: 13 Oct 21 (Forecast)

Low emission vehicles contestable fund

Energy Efficiency and Conservation Authority

This supports projects that encourage the uptake of electric and other low emission vehicles that make use of New Zealand's

renewable electricity advantage, on roads used by the public. Grants are worth up to NZD 500,000 each.

Closing date: 14 Oct 21 (Forecast)

[Link to *Research Professional](#)

Lizette Peterson-Homer injury prevention grant

American Psychological Association

This supports research into psychological and behavioural aspects of the prevention of injuries in children and adolescents through

[Link to *Research Professional](#)

accidents, violence, abuse or suicide. The grant is worth up to USD 5,000.

Closing date: 15 Oct 21

SPSSI grants-in-aid programme

American Psychological Association

This supports scientific research in social problem areas related to the basic interests and goals of the society, and particularly those that are not likely to receive support

[Link to *Research Professional](#)

from traditional sources. Grants are worth up to USD 2,000.

Closing date: 15 Oct 21

New Zealand history research trust fund

New Zealand Ministry for Culture and Heritage

These support projects that enhance the understanding of New Zealand's

past. Ten to twelve grants worth up to NZD 12,000 each are available.

Closing date: 15 Oct 21

[Link to *Research Professional](#)

Research award

Transcultural Nursing Society

This supports research on phenomena related to transcultural nursing by providing start-up

[Link to *Research Professional](#)

support for trajectory of research. The award is worth USD 3,000.

Closing date: 15 Oct 21 (Forecast)

Angelman syndrome grants

Angelman Syndrome Foundation

These support research on Angelman syndrome. Grants are

worth up to USD 100,000 each per year for one or two years.

Closing date: 15 Oct 21

[Link to *Research Professional](#)

McCorkle scholarship

Agricultural and Applied Economics Association

This supports a graduate student with applied research on economic issues related to agriculture. The

scholarship is worth up to USD 2,000.

Closing date: 15 Oct 21 (Forecast)

[Link to *Research Professional](#)

COMING SOON: Research for health in humanitarian crises

Wellcome

This call supports research that has the potential to create transformative change to health response within the humanitarian sector. Grants are worth between £1

million and £3m each for up to three years.

Closing date: 15 Oct 21 (Forecast)

[Link to *Research Professional](#)

Uma Lele mentor fellowship award

Agricultural and Applied Economics Association

This supports a mentorship relationship between early career scholars and distinguished mentors with a view to promote high quality research of a policy or problem solving nature in countries with food

insecurity and environmental pressures. The award is worth up to USD 5,000.

Closing date: 15 Oct 21 (Forecast)

[Link to *Research Professional](#)

Grants

DF Plett Historical Research Foundation

These support research related to Dutch-Russian Mennonites who came to Manitoba in the 1870s. Funding may be used to cover travel, accommodation, publication,
[Link to *Research Professional](#)

archival and other research-related costs.

Closing date: 15 Oct 21 (Forecast)

Administrative supplements for research on dietary supplements (admin supp clinical trial not allowed)

NIH: National Institutes of Health

This supports research in which the supplemental funding investigates the role of dietary supplements or their ingredients in health maintenance and disease

[Link to *Research Professional](#)

prevention. Grants are worth up to USD 100,000 in direct costs for one year.

Closing date: 15 Oct 21

Research grants

Society of Architectural Historians of Great Britain

These support the cost of travel, building surveys, photography and conference attendance. Bursaries do not normally exceed £500, but in

[Link to *Research Professional](#)

exceptional circumstances a grant of up to £1,000 may be awarded.

Closing date: 15 Oct 21

Scholarships for women

Fredrika Bremer Association | Fredrika Bremer-Förbundet

These support young women who are undertaking full-time university studies. Scholarships are worth approximately SEK 20,000 each.

[Link to *Research Professional](#)

Applications must be submitted in Swedish.

Closing date: 15 Oct 21

Research grants – bi-nationally supervised doctoral degrees – cotutelle programme selected African countries

German Academic Exchange Service (DAAD) | Deutscher Akademischer Austauschdienst

These provide foreign doctoral candidates, young academics and scientists from selected African countries with an opportunity to carry out bi-national doctoral projects at their home university

[Link to *Research Professional](#)

and at a university in Germany. Grants are worth up to €1,200 per month for up to two years.

Closing date: 15 Oct 21 (Forecast)

Clinical research collaborations programme

European Respiratory Society

This supports projects within respiratory medicine, to build and maintain European multi-centre networks of researchers. Grants are

[Link to *Research Professional](#)

worth up to €15,000 per year for up to three years.

Closing date: 15 Oct 21

BRAIN initiative – integration and analysis of BRAIN initiative data (R01 clinical trial not allowed)

NIH: National Institute of Neurological Disorders and Stroke

This aims to develop informatics tools for analysing, visualising and integrating data related to the BRAIN initiative or to enhance understanding of the brain.

Application budgets are not limited

[Link to *Research Professional](#)

but need to reflect the actual needs of the proposed project. The maximum project period is three years.

Closing date: 15 Oct 21

Women in STEM2D scholars award

Johnson & Johnson

This supports the development of female leaders in science, technology, engineering, mathematics, manufacturing and

[Link to *Research Professional](#)

design. The award is worth up to USD 150,000 over three years.

Closing date: 15 Oct 21 (Forecast)

Study scholarships for graduates in the field of music for graduates from selected countries

German Academic Exchange Service (DAAD) | Deutscher Akademischer Austauschdienst

These enable non-German graduates in the fields of music to continue their education in Germany with a postgraduate or continuing course of study. Scholarships include a [Link to *Research Professional](#)

monthly stipend of €850 for between 10 and 24 months.

Closing date: 15 Oct 21

Drotar-Crawford postdoctoral fellowship research grant in paediatric psychology

American Psychological Association

This supports research in paediatric psychology by a trainee. Up to two

awards, worth USD 10,000 each, are available for up to two years.

Closing date: 15 Oct 21 (Forecast)

[Link to *Research Professional](#)

Mary Jo Kupst trainee grant for research in resilience

American Psychological Association

This supports trainee research examining resilience or family functioning with a paediatric

psychology population. The grant is worth USD 1,000.

Closing date: 15 Oct 21 (Forecast)

[Link to *Research Professional](#)

Research grants for hereditary spastic paraplegia and primary lateral sclerosis studies

Spastic Paraplegia Foundation

These support research into the causes, therapies and cures for hereditary spastic paraplegia and primary lateral sclerosis. Grants are [Link to *Research Professional](#)

worth up to USD 75,000 per year for one or two years.

Closing date: 15 Oct 21 (Forecast)

Vera Roberts endowment

Canadian Association for the History of Nursing | Association Canadienne pour l'Histoire du Nursing

This supports research and publication on the history of outpost nursing in Canada, especially in the

circumpolar regions. Grants are worth up to CAD 7,500 each.

Closing date: 15 Oct 21

[Link to *Research Professional](#)

Job syndrome research grants

Job Research Foundation

These support research into the causes of, and treatments for, Job syndrome. Two grants worth up to

USD 200,000 each over two years are available.

Closing date: 15 Oct 21 (Forecast)

[Link to *Research Professional](#)

Priority programme

German Research Foundation (DFG) | Deutsche Forschungsgemeinschaft

This supports nationwide research collaborations that give clear impetus to the advancement of their field. Grants are tenable for an initial period of three years, with the

possibility of extension for an additional three years.

Closing date: 15 Oct 21

[Link to *Research Professional](#)

Understanding and reducing cardiovascular disease in type 1 diabetes mellitus (R01 – clinical trial optional)

NIH: National Heart, Lung and Blood Institute

This supports research that enhances the understanding of the pathophysiology, risk factors, early detection and treatment of cardiovascular disease among individuals with type 1 diabetes

mellitus. Awards are worth up to USD 500,000 per year for a maximum of five years.

Closing date: 15 Oct 21

[Link to *Research Professional](#)

Research grants in biological sciences and humanities

Fyssen Foundation

These support French or foreign postdoctoral researchers in establishing research teams at host laboratories in France in the biological or human sciences. Grants

[Link to *Research Professional](#)

are worth between €15,000 to €35,000 each for a period of one year.

Closing date: 16 Oct 21 (Forecast)

Ludo Frevel crystallography scholarship

International Centre for Diffraction Data

This supports the education and research programmes of graduate students in crystallography-related fields. The term of the scholarship is one year with the possibility of renewal. Scholarships have been

[Link to *Research Professional](#)

worth USD 2,500 in recent years, for one year with the possibility of renewal.

Closing date: 16 Oct 21 (Forecast)

Scholarships

University Association for Contemporary European Studies

These enable postgraduate students to undertake research in another

country. Four scholarships, worth £1,500 each, are available.

Closing date: 16 Oct 21 (Forecast)

[Link to *Research Professional](#)

International research grant

Obstetric Anaesthetists' Association

This enables association members to undertake projects of a relatively modest size relevant to obstetric anaesthesia outside of the UK. One

[Link to *Research Professional](#)

grant, worth up to £5,000, is available.

Closing date: 16 Oct 21 (Forecast)

Academic scholarship fund – return to research scholarship

Society for Reproduction and Fertility

This enables members to develop and maintain their research

programmes. Awards are worth up to £12,500.

Closing date: 16 Oct 21 (Forecast)

[Link to *Research Professional](#)

COMING SOON: Graduate student award

Association for Professionals in Infection Control and Epidemiology Research Foundation

This award supports students in completing a master's thesis or doctoral dissertation related to infection prevention and evidence-based implementation science. The

award is worth USD 5,000 for one year.

Closing date: 16 Oct 21 (Forecast)

[Link to *Research Professional](#)

Financial support for cooperation projects in Finnish language and culture

Finnish National Agency for Education | Opetushallitus

This enables universities to work together on projects in the field of Finnish language and culture. Grants

are worth up to €20,000 per year for up to two years.

Closing date: 16 Oct 21 (Forecast)

[Link to *Research Professional](#)

COMING SOON: NHS innovation accelerator

Department of Health and Social Care including NIHR

This call supports individuals representing high impact, evidence-based innovations, sourced nationally and internationally, which address one or more of this year's

themes. The bursary is worth up to £20,000.

Closing date: 16 Oct 21 (Forecast)

[Link to *Research Professional](#)

Identification of positive valence system related targets for novel suicide prevention approaches (R21 clinical trial optional)

NIH: National Institute of Mental Health

This supports research projects that will advance translational research to better understand risk and resilience for suicide in the context of the institute's research domain criteria framework, specifically the

[Link to *Research Professional](#)

positive valence systems domain, and lead to novel interventions. Awards are worth up to USD 275,000 each over two years.

Closing date: 16 Oct 21

Academic scholarship fund – academic scholarship

Society for Reproduction and Fertility

This enables members to develop and maintain their research

programmes. Awards are worth up to £12,500.

Closing date: 18 Oct 21 (Forecast)

[Link to *Research Professional](#)

Academic scholarship fund – early-career researcher scholarship

Society for Reproduction and Fertility

This enables members to develop and maintain their research

programmes. Awards are worth up to £12,500.

Closing date: 18 Oct 21 (Forecast)

[Link to *Research Professional](#)

Research on emerging technologies for teaching and learning

National Science Foundation

This supports exploratory and synergistic research in emerging technologies for teaching and learning in the future. Grants are

[Link to *Research Professional](#)

worth up to USD 850,000 each for three years.

Closing date: 18 Oct 21

Research grant awards

International Association for Medical Education

This supports research projects in the field of medical education.

Grants are worth up to £10,000.

[Link to *Research Professional](#)

Closing date: 18 Oct 21 (Forecast)

COMING SOON: Research grants

Cystinosis Research Foundation

These grants support research to improve the immediate care of children and adults with cystinosis and to develop a new understanding and treatment of cystinosis to help

[Link to *Research Professional](#)

these patients in the future. Grants are tenable for one to two years.

Closing date: 19 Oct 21 (Forecast)

Canada research chairs

Government of Canada | Gouvernement du Canada

This enables Canadian degree-granting institutions to nominate researchers for full-time professorships in areas that will further the institution's overall research priorities and enable them to maximise their contributions as

[Link to *Research Professional](#)

centres of research and research training. Funding for each chair is worth up to CAD 200,000 per year for seven years with a possibility for renewals.

Closing date: 19 Oct 21

Innovator awards – inflammatory bowel disease

Kenneth Rainin Foundation

These support innovative, basic, translational or clinical science research aimed at predicting and preventing inflammatory bowel

[Link to *Research Professional](#)

disease. Awards are worth up to USD 150,000 each for a one-year period.

Closing date: 19 Oct 21 (Forecast)

BRAIN initiative – pilot resources for brain cell type-specific access and manipulation across vertebrate species (U01 clinical trial not allowed)

NIH: National Institute of Neurological Disorders and Stroke

This supports the evaluation of molecular or genetic technologies and the creation of pilot production and distribution resources for cell type-specific access and

manipulation reagents for several vertebrate species. The maximum project period is three years.

Closing date: 19 Oct 21

[Link to *Research Professional](#)

Development of new technologies and bioengineering solutions for the advancement of cell replacement therapies for type 1 diabetes (R01 clinical trial optional)

NIH: National Institute of Diabetes and Digestive and Kidney Diseases

This supports research addressing barriers that limit progress toward effective cell replacement therapies for type 1 diabetes. Application budgets are limited to USD 500,000

direct costs per year for a maximum duration of five years.

Closing date: 20 Oct 21

[Link to *Research Professional](#)

Young investigator awards

Melanoma Research Alliance

These support early-career faculty in conducting innovative, translational, pre-clinical or early-clinical research projects in the field of melanoma.

Awards are worth up to USD 75,000 each per year for three years.

Closing date: 21 Oct 21 (Forecast)

[Link to *Research Professional](#)

Early-career grant

National Geographic Society

This enables less experienced individuals to lead research, conservation, education, storytelling or technology projects. Grants are typically worth between USD 5,000

and USD 10,000 each for a period maximum of one year.

Closing date: 21 Oct 21 (Forecast)

[Link to *Research Professional](#)

Exploration grant – big cats conservation

National Geographic Society

This supports field-based, action-oriented, direct and quantifiable strategic programmes that will help to halt the decline of African big cats in the wild. Grants are worth up to

[Link to *Research Professional](#)

USD 100,000 each over one or two years.

Closing date: 21 Oct 21 (Forecast)

Polar continental shelf programme – Arctic logistics requests

Natural Resources Canada | Ressources Naturelles Canada

This provides logistics planning, coordination, advice and in-kind

support for scientific field work throughout the Canadian Arctic.

Closing date: 21 Oct 21 (Forecast)

[Link to *Research Professional](#)

Perspective call

Dutch Research Council | Nederlandse Organisatie voor Wetenschappelijk Onderzoek

This supports projects targeted at solving innovation bottlenecks by applying innovative knowledge and stimulating technological advancement that has a societal and economic impact on the

[Link to *Research Professional](#)

Netherlands. Programme grants are worth between €1.5 million and €4m each for up to six years.

Closing date: 22 Oct 21 (Forecast)

Target advancement programme

Michael J Fox Foundation for Parkinson's Research

This supports researchers and industry expert in building conclusive evidence to rationalise biological targets and pathways for Parkinson's disease therapeutic

[Link to *Research Professional](#)

development. Awards are worth up to USD 150,000 each for up to 18 months.

Closing date: 22 Oct 21 (Forecast)

Therapeutic pipeline programme

Michael J Fox Foundation for Parkinson's Research

This supports the development of Parkinson's disease (PD) therapeutics with potential for fundamentally altering disease course or significantly improving treatment or management of symptoms beyond current standards

[Link to *Research Professional](#)

of care. Grants for preclinical research are worth up to USD 500,000, grants for clinical research are worth up to USD 2 million each.

Closing date: 22 Oct 21 (Forecast)

Analysis of patient-reported outcomes from Fox Insight

Michael J Fox Foundation for Parkinson's Research

This aims to understand how patient-reported outcomes and other volunteer contributed data in the Fox Insight dataset can contribute to a better understanding of Parkinson's and inform

[Link to *Research Professional](#)

therapeutic development, clinical care and public policy. Grants are worth up to USD 100,000 for one year.

Closing date: 22 Oct 21 (Forecast)

Conservation leadership award

Conservation Leadership Programme

These enable previously supported conservation leadership programme projects to consolidate their previous project successes by creating something longer term, which is more practical and

[Link to *Research Professional](#)

conservation-oriented than research oriented. Grants are worth up to USD 50,000 for up to three years.

Closing date: 23 Oct 21 (Forecast)

Toi tipu Toi rea – emerging Māori artist grant

Creative New Zealand – Arts Council of New Zealand | Toi Aotearoa

This supports Māori artists or practitioners, at an early stage of their career, in undertaking an arts

project. Up to four grants are available, each worth between NZD

5,000 and NZD 10,000 for 12 months, are available.

Closing date: 23 Oct 21 (Forecast)

[Link to *Research Professional](#)

COMING SOON: Dorothy Temple Cross tuberculosis international collaboration grants

Medical Research Foundation

These grants support mid-career researchers in the UK and Africa who are making the transition to

independence. Grants are worth up to £30,000 over one year.

Closing date: 23 Oct 21 (Forecast)

[Link to *Research Professional](#)

Historical, artistic and cultural heritage grants

Foundation for Southern Italy | Fondazione con il Sud

These support effective long-term solutions to promote historical, artistic and cultural heritage which involve the local community. Grants are worth up to 80 per cent of

eligible expenses up to a maximum of €500,000 for between two and four years.

Closing date: 25 Oct 21 (Forecast)

[Link to *Research Professional](#)

Advancing technologies to improve delivery of pharmacological, gene editing and other cargoes for HIV and substance use disorders mechanistic or therapeutic research (R01 clinical trial optional)

NIH: National Institute on Drug Abuse

This supports the development of technologies to improve the delivery of pharmacological, gene editing or other cargoes for HIV and substance use disorders mechanistic research.

The maximum project period is five years.

Closing date: 25 Oct 21

[Link to *Research Professional](#)

Diversity in science grants

Biochemical Society

These support and address issues relating to diversity in science. Grants are worth up to £500 each.

[Link to *Research Professional](#)

Closing date: 26 Oct 21 (Forecast)

COMING SOON: Research for patient and public benefit scheme

Health and Care Research Wales

This scheme supports capacity and capability building in NHS Wales, including Public Health Wales, by funding research related to the day-

[Link to *Research Professional](#)

to-day practice of the health service. Projects may last up to two years.

Closing date: 27 Oct 21 (Forecast)

Annual funding call

Enhancing Learning and Research for Humanitarian Assistance

This supports research that will strengthen the evidence base around public health interventions, and thereby lead to more effective public health interventions in humanitarian response. The budget is

[Link to *Research Professional](#)

approximately £4.5 million. The maximum project period is 36 months.

Closing date: 27 Oct 21 (Forecast)

Medical research call for proposals in neuromuscular disorders

French Muscular Dystrophy Association | Association Française Contre les Myopathies

This supports medical research projects that aim is to improve the care and management of patients, the knowledge of neuromuscular disorders and their progression, as well as the quality of life of patients

[Link to *Research Professional](#)

affected by neuromuscular disorders. Grants are available for one year with the possibility of renewal for two more years.

Closing date: 27 Oct 21 (Forecast)

EIC pathfinder – challenge driven call

Horizon Europe: Innovative Europe

This supports new, cutting-edge directions in science and technology to disrupt a field and a market or create new opportunities by realising innovative technological solutions to selected challenges. The

[Link to *Research Professional](#)

indicative budget is €132 million and grants are worth up to €4 million each.

Closing date: 27 Oct 21

Secondary analysis of existing datasets in heart, lung and blood diseases and sleep disorders (R21 clinical trial not allowed)

NIH: National Heart, Lung and Blood Institute

This enables the use of existing human datasets for well-focused secondary analyses to investigate novel scientific ideas or new models, systems, tools, methods or technologies that have the potential for significant impact on biomedical

[Link to *Research Professional](#)

or biobehavioural research in areas relevant to the institute's mission. Grants are worth up to USD 150,000 each for a two year period.

Closing date: 28 Oct 21

Challenge programme – mathematical modelling of health and disease

Novo Nordisk Foundation | Novo Nordisk Fonden

This supports research aiming at enabling interference with disease conversion or spreading by developing quantitative mathematical models with predictive power that can significantly progress the

[Link to *Research Professional](#)

understanding of the fundamental processes governing health and disease. Grants are worth up to DKK 10 million per year for up to six years.

Closing date: 29 Oct 21 (Forecast)

BRAIN initiative – new concepts and early-stage research for large-scale recording and modulation in the nervous system (R21 clinical trial not allowed)

NIH: National Eye Institute

This seeks applications for unique and innovative recording or modulation technologies that are in the earliest stage of development, including new and untested ideas that are in the initial stages of

[Link to *Research Professional](#)

conceptualisation. Application budgets may not exceed USD 400,000 in direct costs over a maximum three-year funding period.

Closing date: 29 Oct 21

CIPHER programme – paediatric research grants

International AIDS Society

These support projects that address critical research questions that remain unanswered in the global response in order to inform policy change and ensure better outcomes in infants and children living with

[Link to *Research Professional](#)

and affected by HIV in resource-limited settings. Grants are each worth up to USD 75,000 per year for up to two years.

Closing date: 30 Oct 21 (Forecast)

Collaborative research network funding

University Association for Contemporary European Studies

This enables researchers to develop networks across a range of institutions, which may lead to bigger projects and funding from other sources in the future. Grants

[Link to *Research Professional](#)

are worth up to £5,000 per network over a three-year period.

Closing date: 30 Oct 21 (Forecast)

Study scholarships for graduates in performing arts

German Academic Exchange Service (DAAD) | Deutscher Akademischer Austauschdienst

These enable non-German graduates in the field of performing arts to continue their education in Germany. Scholarships include a

monthly stipend for between 10 and 24 months.

Closing date: 30 Oct 21

Link to *Research Professional

Albi Rosenthal visiting fellowships in music

University of Oxford

These enable researchers to spend a period of residence in Oxford and research in the special collections of music of the Bodleian Libraries, leading to a composition based on the chosen materials, which may be

[Link to *Research Professional](#)

from any collection, including digitised collections. Fellowships are worth up to £5,000 each.

Closing date: 30 Oct 21 (Forecast)

Targeting aid better

University of California

This supports collaborations aimed at developing and testing innovative approaches to better target emergency aid and social protection programmes in low- and middle-

[Link to *Research Professional](#)

income countries. Grants are worth between USD 25,000 and USD 100,000 each.

Closing date: 30 Oct 21 (Forecast)

Construction innovation scholarship

Chartered Institute of Building

This provides a professional development opportunity for members of the institute who are working towards a career in construction management. The

[Link to *Research Professional](#)

scholarship is worth £10,000 for up to 18 months.

Closing date: 30 Oct 21 (Forecast)

COMING SOON: Murray Black award

British Society of Animal Science

This award supports all branches of animal science and particularly welcomes proposals that cover the role of domestic and wild animals and their science in the

enhancement and maintenance of the rural environment. Grants normally range from £500 to £1,500.

Closing date: 31 Oct 21 (Forecast)

[Link to *Research Professional](#)

COMING SOON: Research grants

International Foundation for Research in Paraplegia

These grants promote basic and clinical research related to spinal

cord injury. Grants are worth up to CHF 150,000 each for two years.

Closing date: 31 Oct 21 (Forecast)

[Link to *Research Professional](#)

Small research grants

British Ornithologists' Union

These support small projects and part-fund medium-sized research programmes on any aspect of

ornithology. Grants are worth up to £2,000 each.

Closing date: 31 Oct 21 (Forecast)

[Link to *Research Professional](#)

Research grants scheme

Socio-Legal Studies Association

This supports work for which other funding sources are not available, and encourage socio-legal research

initiatives in a practical way. Grants are worth up to £7,500 each.

Closing date: 31 Oct 21

[Link to *Research Professional](#)

COMING SOON: Whitley awards

Whitley Fund for Nature

These awards support wildlife conservation projects that involve local communities in developing

countries. Awards are worth £40,000 each over one year.

Closing date: 31 Oct 21 (Forecast)

[Link to *Research Professional](#)

COMING SOON: PhD scholarship programme

Minerals Research Institute of Western Australia

This programme supports mineral research in Western Australia at the PhD level. Two scholarships are

available, both worth at least AUD 30,000 per year.

Closing date: 31 Oct 21 (Forecast)

[Link to *Research Professional](#)

Graduate student research awards

Society of Systematic Biologists

These support graduate students conducting research in systematics.

Awards are worth between USD 1,000 and USD 3,000 each.

Closing date: 31 Oct 21 (Forecast)

[Link to *Research Professional](#)

Small projects fund

Castle Studies Group

This supports castle-related research and excavation. Grants

totalling £1,000 are available each year.

Closing date: 31 Oct 21

[Link to *Research Professional](#)

CFF/NIH-unfunded award

Cystic Fibrosis Foundation

This supports cystic fibrosis-related research projects that have been submitted to and approved by the National Institutes of Health, but cannot be supported by available

NIH funds. Awards are worth up to USD 125,000 per year for up to two years.

Closing date: 31 Oct 21

[Link to *Research Professional](#)

Student research grants

International Society for Equitation Science

These enable students to undertake supervised research projects in the

field of equitation science. Two grants, worth £750 each, are available.

Closing date: 31 Oct 21 (Forecast)

[Link to *Research Professional](#)

Japan world exposition commemorative fund grants

Commemorative Organization for the Japan World Exposition

These fund projects that commemorate the success of the Japan world exposition 1970. Available grants range between JPY 500,000 and JPY 10m, and will cover

less than three quarters of the total grant-eligible project costs.

Closing date: 31 Oct 21 (Forecast)

[Link to *Research Professional](#)

PhD fieldwork grants

Socio-Legal Studies Association

These supports work for which other funding sources are not available, and encourage socio-legal research initiatives in a practical

way. Grants are worth up to £7,500 each.

Closing date: 31 Oct 21

[Link to *Research Professional](#)

Roger Jacobi bursary

Lithic Studies Society

This supports research related to museum collections and archives in

the field of lithic studies. The bursary is worth up to £250.

Closing date: 31 Oct 21 (Forecast)

[Link to *Research Professional](#)

Development incubator

AO Foundation

This supports the development of ideas in the field of trauma and musculoskeletal disorders in order to achieve proof-of-concept and make it clinically available. Funding

is worth up to USD 3 million over five years.

Closing date: 31 Oct 21

[Link to *Research Professional](#)

Equal opportunities initiative fund

European Society for Evolutionary Biology

This supports activities that raise awareness and knowledge of unequal opportunities or improve equal opportunities within the society or in the field of evolutionary

[Link to *Research Professional](#)

biology. Grants are usually worth up to €1,000.

Closing date: 31 Oct 21

Faculty awards

IBM Corporation

These aim to foster collaboration between researchers at leading universities worldwide and those in IBM research, development and services organisations, and to promote curriculum innovation to

[Link to *Research Professional](#)

stimulate growth in disciplines that are strategic to IBM. Awards are worth up to USD 40,000 each per year.

Closing date: 31 Oct 21

Seed grants

Wildlife Disease Association

These support smaller student chapters in hosting small educational events. Grants are worth

USD 500 each, and must be spent within one year of reception.

Closing date: 31 Oct 21

[Link to *Research Professional](#)

Grant for Japan-related research projects

Sumitomo Foundation

This supports research projects in the fields of social sciences or humanities that are related to Japan.

Grants are worth up to JPY 2 million each for one year.

Closing date: 31 Oct 21 (Forecast)

[Link to *Research Professional](#)

Dentistry Journal young investigator award

Multidisciplinary Digital Publishing Institute

This recognises contributions to dentistry research. The award includes CHF 800.

Closing date: 31 Oct 21

[Link to *Research Professional](#)

Challenge to improve sub-seasonal to seasonal predictions using artificial intelligence

United Nations Environment Programme

The aim is to improve current forecasts of precipitation and temperature from today's best computational fluid dynamical models three to six weeks into the future using artificial intelligence or

machine learning technique. Three prizes are available, worth CHF 5,000, CHF 10,000 and CHF 15,000.

Closing date: 31 Oct 21

[Link to *Research Professional](#)

Scholarships

German Youth Institute (DJI) | Deutsches Jugendinstitut

These support researchers in conducting work at the German Youth Institute (DJI) in Germany.

Grants cover a monthly stipend worth €1,350 over six months.

Closing date: 31 Oct 21

[Link to *Research Professional](#)

Research internships

German Youth Institute (DJI) | Deutsches Jugendinstitut

These support individuals who have graduated from their first degree in undertaking research in the social sciences at the German Youth Institute (DJI) in Germany. Grants

cover a monthly stipend worth €900 over six months.

Closing date: 31 Oct 21
